Letter from the Executive Engineer
Hrista Norther D., to the Supply Engineer
2nd Class of 24.7.1893, N. 236 S. E.

I have the honour to inform that the Asst. Engineers' Quarters at Buck-inghampatt was vacated by Mr. A.H. Morin with effect from 17th June 1895 and to request that you will be good enough to obtain the sanction of Government for the entertainment of a watchman on Rs 6 per month to watch the building and to water the plants in the compound with effect from 28th June 1895. The Charges will be debited to the estimate amounting to Rs 104 for the repairs of the building up to 31st July 1895, after which date the gardeners from estimate for fruit-trees will look after the building.

Letter from the Executive Engineer,
Kistna Western Division, to the
Superintending Engineer, 2nd Circle,
No 202 S. dated 9th August 1895.

I have the honour to request
permission to be allowed to visit
the Godavari Irrigation works on duty.
I would propose to make a trip
of about 3 weeks starting about the
middle of September.

2. As it is difficult to fix a
programme before hand, I would
ask for some license as to the period
of the trip. I might be able to see
everything I thought necessary in 2
weeks and on the other hand, a
month might be usefully employed.

3. I chiefly wish to enquire into
points connected with, distribution
of water, Alignment and Hydraulic details
of channels, Treatment of River sets,
and the alignment, working, and
maintenance of drains.

4. These are, I think the most
important points in the present
state of development of the portion
of the Kistna delta in my charge.
