Office-note from the Examiner, Public Works Accounts, dated Madras, 6th  
October 1893, No. 1281 C.

In forwarding, for your information, copy of circular No. 14 of 1893 from the Accountant-General, Public Works Department, together with its enclosure, containing a memorandum of rulings on claims for exchange compensation allowance, I would request that the orders may be communicated to the department generally for guidance.

ENCLOSURES.

Circular from R. G. MACDONALD, Esq., Accountant-General, Public Works Department (Establishment), to the Examiner of Public Works Accounts, Madras and Coorg, &c., dated Simla, 27th September 1893, No. 14.

[Orders and opinions passed on questions regarding the exchange compensation allowance.]

I have the honour to forward, for your information and guidance, the accompanying memorandum containing authoritative orders and opinions passed up to date on questions connected with claims to the exchange compensation allowance sanctioned in Government of India, Finance Department, Resolution No. 3624 A., dated 18th August 1893, so far as they relate to officers and subordinates in the Public Works Department.

*Memorandum of rulings on claims for exchange compensation allowance.*

All officers to whom the rules in chapter XIII of the Civil Service Regulations apply may be assumed, without further proof, to be entitled to the allowance. In cases of doubtful domicile, the orders of the Local Government should be taken.

2. Persons born and educated in India who entered Government service without having been out of the country should, *prima facie*, be considered as domiciled in India. Before passing exchange compensation allowance to any such officer the sanction of the Local Government should be required.

3. Exchange compensation allowance is not admissible to temporary men without the orders of the Government of India, nor to engineers sent to England for practical training under the provisions of Public Works Department Code, volume I, chapter IV, paragraph 110, nor to engineers appointed from Indian colleges since 1884, as they appear to be statutory natives.

4. Both permanent pensionable and non-pensionable officers and subordinates, including traffic candidates, are eligible for the allowance.

5. The allowance is drawn with pay and on the same bill on which pay is drawn, being shown by a separate entry as follows:—

"Add for exchange compensation allowance at \_\_\_\_\_ per cent."

It should be charged to the same head as pay, but in all entries in accounts it should be shown separately from pay.

6. The allowance is calculated on the whole gross salary of the month before deduction of income-tax and fund deductions, &c. For the purpose of calculation, the amount of salary should be taken to the nearest rupee, fractions of a rupee under eight annas being discarded. The allowance is chargeable with income-tax; but for purposes of exemption on one-sixth of salary under Civil Account Code, articles 33 and 34, it may be treated as part of gross salary.
