Proceedings of the Board of Revenue (Land Revenue), dated 19th August 1895, Mis. No. 4156.

From G. STOKES, Esq., Collector and District Magistrate of Salem, to the Secretary to the Commissioners of Land Revenue, dated 24th July 1895, Ref. on No. 999 P.G.

I have the honour to enclose a copy of the Krishnagiri Tahsildar's report No. 573, dated 30th May 1895, and an estimate for Rs. 865, in duplicate for the extension of the record-room in the Tahsildar's office, and to request that the Board will be pleased to allot a sum of Rs. 765 from the reserve at its disposal; the remaining Rs. 100 will be met from the provision of Rs. 3,000 under "Petty construction and Repairs" sanctioned for this district for the current year, in the orders of Government communicated in Board's Proceedings, No. 166, dated 28th May 1895.

2. The allotment sanctioned for this work in the Board's order, Mis. No. 2810, dated 28th May 1894, was not availed of as it was under correspondence with the Public Works Department as to whether that department or the Revenue Department should undertake the execution of the work. The Executive Engineer wrote to say that he would require the sanction of Government for the preparation of an estimate for, and the execution of the work by his department in accordance with the G.O., No. 1994 W., dated 13th August 1894. This Government Order does not appear to have been communicated to me.

3. Having before me the Proceedings of the Board, No. 256, dated 13th June 1894,* and considering the fact that the Krishnagiri Taluk office is not a standard building constructed according to type design, I directed the Tahsildar to arrange for the execution of the work in the Revenue Department. But the Tahsildar in the enclosed copy of his report submits that the portion of the building, which is proposed to be extended, is a terraced building recently constructed by the Public Works Department; that for the purpose of the extension, a portion of the cut-stone wall of the existing building has to be necessarily removed; and that such a removal is very likely to affect the stability of the building, unless it is carefully done under professional supervision. In these circumstances I concur with the Tahsildar as regards the desirability of the extension being executed by the Public Works Department. I solicit orders in the matter.

Resolution—dated 19th August 1895, Mis. No. 4156.

Submitted to Government.

2. The Board agrees with the Collector that the proposed extension of the record-room of the Krishnagiri Taluk office should be executed by the Public Works Department.

3. Government Order, No. 1994 W., dated 13th August 1894, quoted by the Collector in paragraph 2 of his letter, has not been communicated to the Board.

To, The Collector of Salem.

Thro' the Sub-Collector.

Report of the Tahsildar of Krishnagiri —

Respected Sir,

With reference to your Endorsement

Ref. No. $\frac{1690}{24.4.95}$, I respectfully beg to submit
herewith an estimate for Rs 865 for Extending
the record-room on the Southern Side as directed.

As there was an omission in the Estimate for
Rs 800, sent up last year, there is now an
increase of Rs 65 in the total amount.

2. In spite of the orders already received,
I again venture to bring to your kind Consi-
deration that the portion of the building
which is proposed to be extended, is a
new terraced building recently constructed

by the D.P.W. authorities and that for the purpose of the present extension, a portion of the cut stone wall, that supports the existing building has necessarily to be removed. Such a removal is very likely to affect the stability of the existing building and it is carefully done under professional supervision. I therefore request that the matter may again be taken to the notice of the Executive Engineer, with a view to the work being executed either in his Department or at least under the supervision of the Local D.P.W. overseer. Although the building is not according to the standard design, it nevertheless, comes under the category of important buildings, which according to the recent G.O. have to be executed by the D.P.W. only. If this is not practicable, I request

request that one Mayaji Row who was hitherto the Minor Irrigation Master of this Taluk and who, formerly had experience of building works as a Sub-Overseer in the D.P.W., may be allowed a Commission of 5 per cent for getting the work executed under his personal supervision—
