

7TH SEPTEMBER 1895, No. 2225 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers:—

From J. W. H. ELLIS, Esq., General Superintendent, Public Works Stores, to the Examiner, Public Works Accounts, dated Madras, 21st August 1895, No. 26 S.

I have the honour to forward, for submission to Government, an indent in triplicate for rolled steel girders urgently required from England for the Bandsmen's quarters at Madras.

ENCLOSURE.

REPORT to accompany special indent for rolled steel girders for the barrack for the Governor's Band, Madras.

The estimate for this work is sanctioned and the amount provided in the estimate covers the cost of the girders. Girders of this description cannot be locally manufactured.

(Signed) C. C. RAWSON, Lieut.-Col., R.E.,
18th August 1895. In Charge, Consulting Architect's Division.

From the Examiner, Public Works Accounts, dated 30th August 1895, No. 3055 D/B.

ORDER—dated 7th September 1895, No. 2225 W., Public Works.

The indent will be forwarded to the Home Government for early compliance.

[Here enter No. 2226 W., dated 7th September 1895.]

as an almost invariable rule, to be obtained by indent of State. The Store Department at the India Office constitutes an agency, which is maintained for the express purpose of purchasing in England on account of the Government of India, and, save in the cases mentioned below, stores of European manufacture must not be obtained direct from Europe independently of the India Office.

The special cases in which, with the previous sanction of the Government or of the Local Government, as the case may be, stores of European manufacture may be obtained in India, are:—

When for any special reason it may be more economical to do so;

When stores indented for from England have not arrived, and inconvenience to the public service is anticipated from the delay in the supply;

When the stores are perishable.

Indents for public works stores, other than railway stores, so long as within the grant assigned for the purpose, should be sent direct by the Public Works Department of the several Local Governments to the India Office; three copies of printed and manuscript indents should be sent, and a copy be submitted to the India Office.

Copies of indents chargeable to Provincial and Local Funds are not required to be sent to the India Office.

This form of indent should invariably be adhered to, other modes of being entirely discarded, and requisitions in the body of letters, be overlooked or misunderstood, being specially avoided.

Columns (which sufficiently explain their own meaning) must be without alteration, and others are not to be substituted, any remarks considered necessary being confined to the column for that purpose. Should contain every explanation that may guide in the supply of the articles required.

Where an established proportion for general stores has not yet been found, it should consist of three years' ordinary expenditure: the quantities in date of requisition being added to the quantities due upon former requisitions. The difference between the aggregate of these two columns and the proportion is the proper quantity to be asked for. This procedure, if adhered to, will always keep up an ample supply for general service; in exceptional circumstances, it is found desirable to exceed the proportion, the reason for so doing must be inserted in the remarks. The calculation of the established proportion on the basis of three years' ordinary expenditure is not applicable in the case of

Columns printed in red ink are to be left blank for completion.

The column of remarks, the port to which stores are to be consigned, stated, and also the names of the last two or three vessels whose names have been included in the quantity in store as shown in column.

An indent must be accompanied by a certificate of the necessity for the stores indented for, and that they cannot be advantageously procured in India or from surplus stores of other departments, railways, or arsenals.

In the case of stores for imperial purposes (including all state railways) not yet begun, the sanction of the Government of India must be obtained before the proposed allotment before the Examiner can give his sanction for stores for provincial services (except provincial state railways) the sanction of the Local Government or Administration will suffice.

It is expected that the outlay will be provided partly in one year and partly in another, the following addition should be made to the certificate—"and that the balance of the estimated outlay in the year 189-90 will be provided by the Government of India in the year 189-90." Vide Government of India letter No.

Comparing indents attention should be paid to the rules on the subject O. (P. W. Code, vol. I.)
