Memorandum

Print/4

The plan and estimate for constructing an additional room to the District Surgeon's quarters at Anantapur forwarded by the Suptg. Engr., III Circle, with his letter No. 1785 dated 23rd October 1894 are returned with a request that the alterations proposed by Surgeon Major Hakim in the accompanying letter may be carried into effect and a revised plan and estimate submitted at an early date. A store room and door to the coachhouse should be provided for, but the alteration to the stables proposed by Dr. Hakim is not required, and need not be carried out. The height of the dressing room roof should not be reduced as shown in red in elevation, but be built to

to one level with the main terraced roof as shown in pencil.

2. The Suptg. Engr. is also requested to report the effect of the proposed additions on the rental of the building, and the name of the officer who designed the doors of the bathrooms in the main building as well as in the proposed addition to open into the verandahs instead of to the back of the house.

Letter No 748
Dated 8th June 1895
From the Supg. Engineer IIIrd Circle.

NOTE BY TECHNICAL SECTION.

Name of work District Surgeons resid:
:ence at Anantapur.

Amount of Estimate Rs 4530

Adverting to this office Memo No. 907 C dated 8th March 1895, the S.E. IIIrd Circle submits, a revised plan & estimate a:
:mounting to Rs 4530, for Con:
:structing additional rooms to the Dist. Surgeons residence at Anantapur, duly revised as per instructions conveyed in the memo. under refer:
:ence except that provision has been made for a screen wall 24.6" long and 6 feet in front of the two stalls, vide plan of outhouses attached to the estimate.

The scantlings for roof timbers are correct except for the joists which appear to be weak & may be altered to the following sections

joists to Dressing room from 3"x4½" to 3"x5½"
- do - Office ——— 3"x6" to 3"x6½"

The rates are fair except for Mangalore tile roofing which is slightly in excess of the schedule rate, viz. Rs 24.-.- against Rs 23-4.-; if schedule rate be adopted, the saving will be only Rs 6.

The extra rent due to the additional capital outlay of Rs 4530, now proposed is reported to be Rs 30 per mensem which is correct; this amount added to the present normal rent of Rs 79 will be Rs 109 per mensem much in excess of the limit allowed by the rules, viz. 8% on the salary of the occupant, the additional works now proposed will require the sanction of the Govt. of India under para 17, rule 3, Chap X of the P. W. Code.

The revised plans & estimates have not been countersigned by the Surgeon General nor approved by Govt. in the Public Dept.

16.VI.95.

If the screen wall at the stables be not approved a saving of Rs 100 will be effected.

From

SURGEON MAJOR-GENERAL C. SIBTHORPE, F.R.C.P.I.,
SURGEON-GENERAL WITH THE
GOVERNMENT OF MADRAS,
~~Madras~~,

To

THE Hon'ble the Chief Secretary to Government
Public Department

SIR,

Returned with the plans countersigned.

2. The District Medical and Sanitary Officer
Anantapore requests that the work may be co
menced at an early date as he has already had
sixteen months of discomfort.

3. He also requests that the question of the
proposed alterations to the stables may be
reconsidered, he writes:— "Although the con-
struction of a wall will keep off the wind, it
will not keep off rain; the average rainfall o
the District although small we have either
sharp showers giving 2½ or 3 inches of rain
when the water coming down from the height
of nine feet must splash into the stall an
make it uncomfortable, or a continuou
drizzle for two or three days which is carrie
by the wind into the stall - Although the
wall may be less expensive it will be of les
utility as the alternative proposed by me

will give more room, efficiently keep off rain and not interfere with ventilation." I consider he has brought forward good reasons for the recommendation reconsideration? of this part of the question and recommend that his suggestion be adopted.

4. He also writes "a door opening from the dressing room of the old quarters into the additional consulting room which was shown in the old plan seems to have been omitted perhaps by accident." The Public Works Department might be directed to put in this door.

I have the honor to be
Sir,
Your Most Obdt. Servant.

To
The Secretary to the
Government of India
P. W. Department.

Sir,

With reference to rule (3) para 17, chapter X, Volume I P. W. Code, I am directed to forward copies of the Proceedings of this Government marginally quoted, and to request the sanction of the Government of India to the expenditure from Provincial funds of a sum of Rs 4,570 on improvements to the quarters of the District Medical and Sanitary officer at Anantapur.

2. The cost of the existing building, inclusive of site, but exclusive of charges for establishment and tools and plant is Rs 12,353, and this sum is already in excess of the limit allowed by rule (1) of the Code para above quoted, but it will be seen from the Proceedings that the accommodation is quite inadequate to the wants of an officer in the position of a District Surgeon, and this Government considers that the additions now proposed are necessary and should be allowed.

1 Statement

Sir,

In returning herewith the statement received with your No. 329/n.a. dated 8th August 1895, I have the honor to point out with reference to Sub Condr. J. Cherry's amended reply to questions I (5) that the question of Domicile is I believe still under controversy and is of a quasi legal character. It is therefore impossible for Mr. Cherry to give an authoratative answer to this questions and too much importance should not be attached to his reply. The domicile of his father should be decided by competent authority from the evidence afforded by him in his replies to the other questions.

I have the honor to be,
Sir,

7th September 1895, No. 2229 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers:—

From Lieut.-Col. C. C. RAWSON, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Anantapur, 23rd October 1894, No. 1785.

With reference to G.O. No. 1645 W., dated 3rd July 1894, I have the honour to submit for sanction a plan and an estimate, amounting to Rs. 4,530, for constructing an additional room to the residence of the District Surgeon at Anantapur.

Memorandum.

No. 3737 C.

Forwarded to the Public Department with reference to G.O. No. 1645 W., dated 3rd July 1894.

2. In paragraph 2 of the Government Order above quoted, the Superintending Engineer was directed to report the effect of the proposed additions on the rental of the District Surgeon's quarters at Anantapur. He has not done this, but the additional rent, as calculated in this office, will be about Rs. 30 per mensem. The normal rent of the existing building is Rs. 79 per mensem, and if the extra work be carried out this figure will become Rs. 109 per mensem. Assuming that the average pay of the officers who will occupy the building is Rs. 800 per mensem, a rental of Rs. 109 per mensem will be considerably in excess of the limit allowed by Public Works Code rules, and the present estimate will therefore require the sanction of the Government of India under rule (3), paragraph 17, chapter XI, Volume I, Public Works Code.

3. The plan and estimate require the countersignature of the Surgeon-General and the approval of Government in the Public Department.

(Signed) C. H. B. BURLTON,
Under Secy. to Govt., P.W.D.

22nd November 1894.

No. 2362, Public.

Forwarded to the Surgeon-General for remarks and countersignature of the plan and estimate if approved.

(Signed) J. F. PRICE,
Chief Secretary.

29th November 1894.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Madras, 15th January 1895, No. 24.

With reference to your endorsement No. 2362, dated the 29th November 1894, herewith returned with its annexures, I have the honour to forward the enclosed letter from the District Medical and Sanitary officer, Anantapur, suggesting certain alterations which I approve.

2. As the medical officer is the only superior officer provided with a house without an upper storey, which I consider necessary for both health and comfort when the house is occupied by a European officer in such a station as Anantapur, I consider that the rent should be fixed at the minimum authorized according to paragraph 148, page 340, Public Works Department Code, 1894.

3. The plan and estimate are countersigned by me as amended by the District Medical and Sanitary officer's recommendations.

ENCLOSURE.

From Surgeon-Major H. M. HAKIM, Acting District Medical and Sanitary Officer, Anantapur, to the Secretary to Surgeon-General with the Government of Madras, dated 6th January 1895, No. 7.

In reply to your (minute No. II) No. 8176, dated the 11th ultimo, I have to submit the following for the information and recommendation of the Surgeon-General with the Government of Madras.

2. I suggest the following alterations:

(1) To the consulting room, a bath room has been adjoined. With the addition of only one wall it would have a dressing room and a bath room without much addition to the expense as a window in the consulting room marked thus * will not be wanted and will almost pay for the extra expenditure at the same time give a private retiring room for examination of cases requiring privacy or make the suite of rooms complete to be used as bed room, dressing room and bath room as kindly suggested by Government—*vide* plan attached (A).

(2) I also suggest that the door in the bath room made to open on to the back verandah of the consulting room may be made to open outwards on hygienic grounds and have an additional window to the bath room for proper ventilation.

(3) In the existing building there is no door between dressing room and bath room which I request may be recommended on hygienic grounds. The door of the bath room opens on the back verandah of the present building which is proposed now to be made to open on the back verandah of the consulting room. I suggest that it may be recommended to be made to open outwards.

(4) In the addition to be made to the stables, a wall 9 feet high is proposed, but I am of opinion that, as the stables face the east, it will not be sufficient to keep the sun and rain out of the stables, and besides interfere with ventilation. I propose an alteration as shown in the new plan annexed (B). There is no door to the coach-house and I request that it may be recommended as there is no protection from rain and dust during the prevalence of high winds.

(5) As the plan will show, there is only one store room provided, 8′ 6″ × 8′ 6″, and in the absence of pantry and lamp room, is used as such. I request that another store room may be added by the side of the coachman's room as shown in the new plan (C).

3. As for the extra expenditure to be incurred and the way it will affect the house-rent, I have to submit to the Surgeon-General that when Government kindly provided quarters for the officials, they must have thought more of the comfort to be afforded than the realization of percentage on the investment as the buildings cost a good deal being built very substantially to last and the percentage reckoned on the value of the ground taken up, &c. The present quarters occupied by the Superintendent of Police were formerly built for the Collector and the estimated rental is far above that realized, viz., Rs. 60. The present Collector's quarters, the estimated rental of which is Rs. 230, only realized, Rs. 110 when occupied by a Statutory Civilian while acting as Collector. I therefore request that the Surgeon-General may be pleased to recommend to Government to extend the same privilege as conceded to other departments and sanction the proposed extension. Officers of other departments have upper-storied houses; medical officer's quarters are the only ones not so provided. Upper stories being essential in a place where the hot weather is so trying, the addition affording extra room will ameliorate the discomfort to some extent. The other additions are consonant with my suggestions and absolutely essential. Early action is solicited.

No. 108, Public.

Referred to the Public Works Department for favour of remarks on the proposals of the District Medical officer.

(Signed) E. GIBSON,
Ag. Chief Secretary.

19th January 1895.

MEMORANDUM.

No. 375 C.

Returned to the Public Department with the remark that the alterations proposed by the District Medical officer will cost about Rs. 340, and add Rs. 3 per mensem to the rental of Rs. 109 per mensem mentioned in this office No. 3737 C., dated 22nd November 1894.

2. If the additional work be approved, the sanction of the Government of India to the estimate will be applied for.

(Signed) J. PENNYCUICK, Colonel, R.E.,
Secretary to Govt., P.W.D.

1st February 1895.

No. 388, Public.

The papers are retransferred to the Public Works Department with the intimation that Surgeon-Major Hakim's proposals as to the house are approved. A store-room and door to the coach-house might be allowed with advantage, but the proposed alteration to the stables is not called for.

OOTACAMUND,
25th February 1895.

(Signed) J. F. PRICE,
Chief Secretary.

MEMORANDUM.

No. 907 C.

The plan and estimate for constructing an additional room to the District Surgeon's quarters at Anantapur forwarded by the Superintending Engineer, III Circle, with his letter No. 1785, dated 23rd October 1894, are returned with a request that the alterations proposed by Surgeon-Major Hakim in the accompanying letter may be carried into effect and a revised plan and estimate submitted at an early date. A store-room and door to the coach-house should be provided for, but the alteration to the stables proposed by Dr. Hakim is not required and need not be carried out. The height of the dressing-room roof should not be reduced as shown in red in elevation, but be built to one level with the main terraced roof as shown in pencil.

2. The Superintending Engineer is also requested to report the effect of the proposed additions on the rental of the building.

(Signed) J. PENNYCUICK, Colonel, R.E.,
Secretary to Govt., P.W.D.

8th March 1895.

From C. H. T. NORFOR, Esq., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 8th June 1895, No. 748.

Total amount of rental ..	363·75
	RS.
Monthly $\frac{364}{12}$	30
Rent already sanctioned in G.O. No. 2219, dated 30th May 1893	79
Total ..	109

I have the honour to forward herewith, for favour of sanction of Government, a revised plan and estimate amounting to Rs. 4,530 for constructing additional rooms to the residence of the District Surgeon's quarters at Anantapur, prepared in accordance with instructions given in your memo. No. 907 C., dated 8th March 1895.

2. The rent of the building will be increased by Rs. 30, if the revised estimate is sanctioned, *i.e.*, the rent would be Rs. 109 * per mensem.

No. 479 D.

The revised plan and estimate are referred to the Public Department for the approval of Government with advertence to memo. No. 388, Public, dated 25th February 1895.

(Signed) J. PENNYCUICK, Colonel, R.E.,
Secretary to Govt., P.W.D.

2nd July 1895.

No. 1584, Public.

Forwarded to the Surgeon-General for countersignature if approved.

(By order.)

(Signed) C. G. TODHUNTER,
Ag. Asst. Secretary.

OOTACAMUND,
9th July 1895.

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Ootacamund, 1st August 1895, No. 521-Tour.

Returned with the plans countersigned.

2. The District Medical and Sanitary officer, Anantapur, requests that the work may be commenced at an early date as he has already had sixteen months of discomfort.

3. He also requests that the question of the proposed alterations to the stables may be reconsidered, he writes: "Although the construction of a wall will keep off the wind, it will not keep off rain; the average rainfall of the district, although small, we have either sharp showers giving $2\frac{1}{2}$ or 3 inches of rain when the water coming down from the height of 9 feet must splash into the stall and make it uncomfortable, or a continuous drizzle for two or three days which is carried by the wind into the stall. Although the wall may be less expensive, it will be of less utility as the alternative proposed by me will give more room, efficiently keep off rain and not interfere with ventilation." I consider he has brought forward good reasons for the reconsideration of this part of the question and recommend that his suggestion be adopted.

4. He also writes: "A door opening from the dressing room of the old quarters into the additional consulting room which was shown in the old plan seems to have been omitted, perhaps by accident." The Public Works Department might be directed to put in this door.

No. 1974, Public.

Transferred to the Public Works Department.

2. The estimate should be revised so as to provide for the door referred to in paragraph 4 of the Surgeon-General's letter. Nothing can be done for the stables.

(Signed) J. F. PRICE,
Chief Secretary.

OOTACAMUND,
24th August 1895.

ORDER—dated 7th September 1895, No. 2229 W., Public Works.

Provision has been made in the plan and estimate for the door referred to in paragraph 4 of the Surgeon-General's letter of the 1st August 1895, and the estimate as thus revised amounts to Rs. 4,570. The sanction of the Government of India to the expenditure of this sum on improvements to the building will now be applied for.

Letter—from

Colonel J. PENNYCUICK, R.E.,
Secretary to the Government of Madras,
Public Works Department,

To

The SECRETARY to the GOVERNMENT of INDIA,
Public Works Department.

Sir,

With reference to rule (3), paragraph 17, chapter X, Volume I, Public Works Code, I am directed to forward copies of the Proceedings of this Government marginally quoted, and to request the sanction of the Government of India to the expenditure from Provincial funds of a sum of Rs. 4,570 on improvements to the quarters of the District Medical and Sanitary officer at Anantapur.

No. 1645 W., dated 3rd July 1894.
„ 2229 W. „ 7th September 1895.

2. The cost of the existing building inclusive of site, but exclusive of charges for establishment and tools and plant, is Rs. 12,353, and this sum is already in excess of the limit allowed by rule (1) of the Code paragraph above quoted; but it will be seen from the Proceedings that the accommodation is quite inadequate to the wants of an officer in the position of a District Surgeon, and this Government considers that the additions now proposed are necessary and should be allowed.

I have the honour to be,
Sir,
Your most obedient servant,

Colonel, R.E.,
Secretary to Govt., P.W.D.

Copy of note by the Honorable Mr. Bliss, C.I.E.,
dd 9th February 1895.

"I am not prepared to sanction more than I said at first, namely an additional room with a bath room attached.

But of course the bath room doors should be made to open to the back of the house instead of into the verandah. It seems to me that the officer responsible for this stupid and disgusting arrangement should be ~~easily~~ severely reprimanded by the C.E.

Copy of note by His Excellency the Governor,
dd 13th February 1895.

I must say I think Dr. Hakim's proposals as to the house would result in a very great improvement - and should not cost much more - but I am not sure; as the additional room and bath room are to cost 4,500 rupees. I do not know what building rates are in Anantapur - but for this money I can build an excellent two storied cottage with 3 bed rooms in England; I think these might be allowed - and if a **slight** wall or protection be made between his proposed dressing room and bath room - the expense will be lessened. I do not agree with him about the stable - but his store room and door to coach house might I think be given with much advantage. It is altogether a poor place as it is.

Copy of note by the Honorable Mr. Grose, I.C.S., d/ 14th February 1895.

I concur with H.E. The alterations are necessary to make a ~~notable~~ suitable residence of the place.

CHIEF SECRETARY
16 JAN 1895
GOVERNMENT OF MADRAS

Sir,

With reference to your Endorsement no: 2362 dated the 29th November 1894, herewith returned with its annexures, I have the honor to forward the enclosed letter from the District Medical and Sanitary Officer Anantapur, suggesting certain alterations which I approve.

2. As the Medical Officer is the only superior Officer provided with a house without an upper storey, which I consider necessary for both health and comfort when the house is occupied by a European Officer in such a station as Anantapur, I consider the the rent should be fixed at the minimum

---

for the Extra Expenditure at the same time give a private retiring room for Examination of Cases requiring privacy or make the Suite of rooms Complete to be used as bed room, dressing room and bath room as kindly suggested by Government. Vide plan attached (a)

(2) I also suggest that the door in the bath room made to open on to the back verandah of the Consulting room may be made to open outwards on Hygienic grounds and have an additional window to the bath room for proper ventilation.

(3) In the existing building there is no door between dressing room and bath room which I request may be recommended on Hygienic grounds. The door of the bath room opens on the back verandah of the present building which is proposed now to be made to open on the back verandah of the Consulting room. I suggest that it may be recommended to be made to open outwards.

III

OFFICE OF SURGEON-GENERAL
7 JAN. 95
WITH GOVT. OF MADRAS

Print as amended

No. 7

Office of the District Medical
and Sanitary Officer Anantapur
Dated 6th January 1895.

To,

The Secretary to Surgeon-General
with the Government of
Madras.

In reply to your (Minute No. II) No. 8176 dated the 11th ultimo, I have to submit the following for the information and recommendation of the Surgeon-General with the Government of Madras.

2. I suggest the following alterations.

(1) To the Consulting room, a bath room has been adjoined. With the addition of only one wall it would have a dressing room, and a bath room without much addition to the expense as a window in the Consulting room marked thus X will not be wanted and will almost pay

that when Government kindly provided quarters for the officials, they must have thought more of the comfort to be afforded than the realization of percentage on the investment as the buildings cost a good deal being built very substantially to last and the percentage reckoned on the value of the ground taken up &c. The present quarters occupied by the Superintendent of Police were formerly built for the Collector and the estimated (~~rental of which is~~ that) rental is far above that realized viz Rs 60. The present Collector's quarters, the estimated rental of which is Rs 230, only realized Rs 110 when occupied by a Statutory Civilian while acting as Collector. I therefore request that the Surgeon-General may be pleased to recommend to Government to extend the same privilege as conceded to other departments and sanction the proposed extension. Officers of other departments have upper-storied houses, Medical officers

(4) In the addition to be made to the Stables, a wall 9 feet high is proposed but I am of opinion that as the Stables face the east, it will not be sufficient to keep the sun and rain out of the Stables and besides interfere with ventilation. I propose an alteration as shown in the new plan annexed (C). There is no door to the Coach house and I request that it may be recommended as there is no protection from rain and dust during the prevalence of high winds.

(5) As the plan will show, there is only one store room provided 8'-6" × 8'-6" and in the absence of pantry and lamp room is used as such, I request that another store room may be added by the side of the Coachman's room as shown in the new plan (C).

3. As for the extra expenditure to be incurred and the way it will affect the house rent, I have to submit to the Surgeon-General

quarters are the only ones not so provided. Upper stories being essential in a place where the hot weather is so trying, ~~and~~ the addition affording extra room will ameliorate the discomfort to some extent. The other additions are consonant with my suggestions and absolutely essential. Early action is solicited.
