9TH SEPTEMBER 1895, No. 2239 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

From Major W. L. C. BADDELEY, R.E., Superintending Engineer, II Circle, to the Chief Engineer, Public Works Department, dated Bezwada, 20th August 1895, No. 347 N.L.

I have the honour to forward herewith, for your approval and sanction of Government, estimate amounting to Rs. 2,400 for converting Public Works Department Workshops buildings at Nellore into Sub-divisional offices, store-room, &c.

2. The report which accompanies the estimate explains the necessity for the work.
3. No other Government department in Nellore requires the buildings.

Note by the Chief Engineer, Public Works Department.

No provision has been made in the estimate for foundations for walls marked A, B and C and for flooring the rooms marked D and E on the plan. Such, if similar to those shown on section A B, would cost Rs. 85, but which, if made of concrete to ground level as would be preferable, would entail an expenditure of Rs. 100.

2. The dimensions of doors and windows, as provided in the estimate, are from outside to outside of frames, and not in accordance with Appendix G to the standard specifications. If the dimensions be taken within frames, there will be a saving of Rs. 200 as the rates allowed include apparently the value of the frames on measurements thus taken.

3. The foundations should be laid of concrete throughout to ground level instead of partly concrete and partly brick-in-chunam, and made two feet broader than the masonry above. This, including foundations for walls A, B and C, will involve an increase of Rs. 100 to the estimate.

3rd September 1895.

(Signed) J. PENNYCUICK, Colonel, R.E.,
Chief Engineer, P.W.D.

ORDER—dated 9th September 1895, No. 2239 W., Public Works.

The estimate, amounting to Rs. 2,300, as altered by the Chief Engineer, Public Works Department, for converting Public Works Workshops buildings at Nellore into a Sub-divisional office, store-rooms, &c., is sanctioned for execution from the Minor Works grant to the Nellore division under Provincial, Civil Buildings, which will be augmented if necessary.

2. Attention is drawn to the Chief Engineer's note recorded above.

3. This sanction has been registered as Provincial No. 53 W. of 1895-96, and classified as Civil Buildings, Original works.

(True Extract.)

Under Secy. to Govt., P.W.D.

To the Superintending Engineer, II Circle, with five enclosures.

SUBJECT.

Subject.

P.W.D. Workshop building
at Nellore —

Forwards for sanction
an estimate of Rs 2400 for
converting — into
Sub Divn Office Store
rooms &c

N^o 2239 W of 9th September 1895

Note by the Chief Engineer P.W.D

No provision has been
made in the estimate for
foundations for walls marked
A, B and C and for flooring
the rooms marked D and E in
the plan. These can be pro-

vided at a cost of Rs 85 and
should be done.
Such, if similar to those
shown in Section A.B. would
cost Rs 85, but which if
made of concrete & poured
level, as would be preferable,
would entail an expenditure
of Rs 100/-

2. The dimensions of doors
and windows as provided
in the estimate, are from
outside to outside of frames,
and not in accordance
with the appendix to the Standard
Specifications. If the dimensions
be taken within frames, there
will be a saving of Rs 200 as the
rates allowed include apparently
the value of the frames on
measurements thus taken.

monthly rental of \$1.40

The Sub Officer complains that

...

0.2.5 347 R^o9/9

The building is incommensurate & ill ventilated & quite unsuited to the requirements of an office. It is therefore proposed to convert the workshops, which have been abolished, into offices for the Engineer Sub Division, Delhi Supl. Delhi mason & stone work for the storage of cement &c., as per plan submitted.

The rates are fair & the estimate is in order except that no provision has been made in the estimate for foundations for walls marked A, B, C & for flooring the rooms marked D & E. If these be provided as per spec. shown on plan, the amount of the estimate will be increased by Rs 85.

The dimensions of doors & windows as provided for in the estimate are found out. It is to be outside of frames & not in accordance with Appendix C to the Standard Specifications. If the dimensions be taken within frames, there will be a saving of Rs 200 as the rates allowed include apparently the value of the frames on measurement. This is taken.

The foundations are provided to the land party of concrete & part of brick in

in chum. If concrete be provided throughout to ground level the amount of the estimate will be increased by Rs 100 with width of concrete 2 feet wider than the masonry above.

It is noted that he provides a per section shown on plan. but he provides to ground level.

SIR,

ENCLOSURES. 1

with

Observatory &
a residence for
the Subdt. at
Kodaikanal
There is an allotment
of Rs 35,000 for these
works in the
current year.

I have the honor to submit
for sanction an estimate of Rs 34 for
warm clothing for four peons of the
Madura Division office. As there will
shortly be several buildings in progress
at Kodaikanal and the Assistant Engineer
will have to go there pretty frequently
and at all seasons it is very necessary
that clothing should be provided for
the peons as they cannot afford to
provide any at their own cost.

I have the honor to be
Sir
Your most obedient servant

W. Hughes.
