All communications to
be addressed to the
Director General of
Military Works in
India.

No. 2576 B.

Military Works Department,
Simla, the 30th August 1895.

From

The Director General of Military Works in India,

To

The

Secretary to the Government of
Public Works Department
Madras

Sir,

I have the honor to inform you
with a view of ascertaining their suitability
for the storage of Cordite Ammunition which
deteriorates if kept in a temperature of over
100° F the Government of India have directed
that the maximum temperature of all Small
Arms magazines for British and Native Troops
in which ammunition is stored should be
registered during the ensuing hot season of 1895.
2. I have the honor to request that you
will inform me of the number of
Magazines within your province to
which the above instructions will apply
so that arrangements may be made for
