ENGINEER'S No. 445 N.A 13 JUL 97

NOTES.

Reference to P. W. D. Code. /

Vol. II, Chapter IV, para. 135 (h).

1. This form should be used by the Executive Engineer in any of the following cases:—

(a).—When he requires a grant, or an addition to an existing grant, is required for carrying on a sanctioned major work.

(b).—When he is unable to utilize the grant at his disposal for any work and wishes to resign it either wholly or in part.

(c).—When he wishes to utilize the grant for one work upon some other.

2. Either of the columns for "Proposed new grant" or for "Proposed reduction," or both, may be used as required.

3. If it happens that the grant already allowed has been reduced, the entry in the column "Existing grant for the current year" would of course be the amount less such reduction.

4. In the case of Irrigation works, the entries in the column "Departmental and service head" should show distinctly whether the proposed re-appropriation is debitable to Capital or Revenue, and the entries in the column "Works" should be so arranged as to show the project to the Capital or Revenue account of which the charge is debitable, and the class of service to which the charge is debitable, thus:—

__________ PROJECT.

(1).—Head works—

(B). Land.

(K). Buildings.

In cases of Productive public works, the fact of their being so should be noted against the entries.

5. It being of the utmost importance that early intimation of possible lapses, or of excesses, in outlay on works should be communicated to the Government, a close watch should be maintained on the progress of all works by executive officers, and this form employed the moment the facts are sufficiently known.

6. Applications for re-appropriations which require the sanction of the Government of India should be submitted by the local Government in duplicate; applications by Executive Engineers should be submitted through the Superintending Engineers of their Circles.

EXPLANATION OF NECESSITY FOR RE-APPROPRIATION.

Grant of R1754 was asked for in this office no. 247 S.E., d/ 18.5.97, whereas R2374 was allowed in G.O. no. 538 I., d/10.6.97, namely R620 in excess of the amt: applied for apparently without taking into consideration the amt: contributed by the villagers wh: was shown in the Remarks Col. of this office statt: — Hence surrender proposed for items 1, 3 & 7 — As regard 2 & 5, R166 is the amt: actualy spent & hence the demand for R 304 which was asked for in this No. 247 S.E dated 18-5-97.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—again the following papers :—

G.O., No. 363, Financial, dated 6th June 1896.

ABSTRACT.—Exempting the Special Assistant Agent, Gódávari, from payment of charges for the use of Public Works Department steamers on the occasion of his journeys to Bhadráchalam, and directing that his travelling allowances in such cases should be regulated by clause (1) of article 1092, Civil Service Regulations, and that the extra cost of towage should be debited to the Civil department.

G.O., No. 492, Financial, dated 19th August 1896.

READ—also the following paper :—

From R. A. GAMBLE, Esq., Under Secretary to the Government of India, Finance and Commerce Department, to the Chief Secretary to the Government of Madras, dated Simla, the 30th April 1897, No. 1989-A.

I am directed to acknowledge the receipt of the papers forwarded with your endorsement, No. 493, dated the 19th August 1896, in which it is requested that the Government of India may confirm the proceedings of the Government of Madras directing the debit by the Irrigation department to the Civil department of expenditure incurred by the former in respect of travelling charges of the Special Assistant Agent, Gódávari.

2. I am to explain that there are objections to allowing one Government department to pass on to another, in account, expenditure which in ordinary course would have to be met out of an officer's private resources (whether subject to subsequent recovery from Government or not). I am to refer you to article 1131 (*a*) of the Civil Service Regulations and to say that it will be preferable that the Government of Madras should pass the necessary orders under that article either generally or for particular occasions, and should direct the Irrigation department to recover its charges, as defined and limited by the Government of Madras, from the officer concerned, leaving him to make the necessary recovery from Government by a travelling charges bill.

3. I am to say that this order may be passed in the present case, notwithstanding that the officer concerned is a "first-class" officer.

4. The Accountant-General will be directed to adjust past charges debited to him under the orders of the Government of Madras above quoted.

ORDER—No. 484, Financial, dated 19th June 1897.

In supersession of G.O., No. 363, dated 6th June 1896, His Excellency the Governor in Council is pleased to direct that the Special Assistant Agent, Gódávari, although an officer of the first class, shall, when using the steamers of the Public Works Department on the occasion of his journeys to Bhadráchalam, draw, under clause (*a*) of article 1131 of the Civil Service Regulations, the actual expenses incurred by him, the certificate required by clause (*b*) being furnished by the Government Agent, Gódávari. The rates debitable for each of these journeys will be determined by the Public Works Department, who will recover the charges direct from the Special Assistant Agent.
