DESPATCHED

Copy of letter from the Secretary, Royal Institute of British Architects, London dated 11th January 1896.

I have the honor to send as usual through the Agency of Messrs. Grindlay & Co. four copies of the Journal of the Royal Institute of British Architects Vol.3 (Third Series) and four copies of the Kalendar 1895-96-the fourth copy of each being included as was the case last year for the College of Engineering at Madras. I have included in the parcel three copies of the 1st quarterly part of Vol.3 (Third Series) just issued, my object being to alter the mode of issuing our publications to India for the purpose of saving both time and expense.

I have further sent by book post a copy of the 1st quarterly part of Vol.3 and a copy of the Kalendar direct to the College of Engineering at Madras with a letter of advice addressed to the Librarian.

If you will permit, I propose henceforth to use the book post instead of the Agents. If you will favor me with the respective addresses of the several institutions for which your three copies of ~~the~~ our journal, are destined, they shall in future be sent direct and a receipt no doubt can b ~~sent~~ returned without the necessity of passing through the offic at head quarters. Thus the Kalendar can be forwarded direct on it first issue in October, the quarterly ~~parts~~ part of the journal in January, March, June and October as each is published.
