DATED 11-1-96

[Despatch Abstract.]

Acqueduct at Pallavaram: Revised estimate of Rs 2,910 for improvements and extensions to the Protestant — in Chingleput & C., sanctioned with remark.

Govt. of {1836} Madras.
PUBLIC WORKS.

Encl

JANUARY.

Revised estimate of Rs. 2,910 for improvements and extensions to the Protestant — in Chingleput district, sanctioned with remark.

No. 116 W., 11th JANUARY 1896.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers:—

From the Venerable W. WESTON ELWES, M.A., Archdeacon of Madras, to the Chief Secretary to Government, dated Madras, 19th October 1895, No. 2316.

I have the honour at the request of the Superintending Engineer, V Circle, under date October 10th, 1895, and with reference to item 67, Part I, class B of the Provincial Civil Works budget for 1895-96, to submit for the sanction of Government revised plan and estimate of Rs. 2,810 for extending the Protestant cemetery at Pallavaram.

2. The original estimate, amounting to Rs. 2,410, has had to be revised owing to certain omissions noticed in paragraph 2 of G.O. No. 1304 W., dated 24th May 1894, and to the substitution of a better design for the porch.

No. 2611, Ecclesiastical.

Approved and transferred to the Public Works Department.

(Signed) J. F. PRICE,
Chief Secretary.

1st November 1895.

From Lieutenant-Colonel C. C. RAWSON, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Tanjore, 17th December 1895, No. 469 W.

With reference to your Memorandum No. 3605 C., dated 22nd November 1895, I have the honour to submit the following further particulars respecting the Pallavaram cemetery. The cemetery is just at the foot of Pallavaram hill. There is a shallow surface soil of sand, *detritus* from the hill washed down. Below this, the so-called gravel is really clay containing stones, small and large, the size gradually increasing to boulders with the depth. The Executive Engineer considers that it must be quite impermeable down to the rock, as the water in a well in the cemetery is up to, if not above, ground level. There are no buildings near, and the average number of interments is only seven per annum.

2. This estimate is for extending the existing cemetery in which interments have taken place for many years, the soil of the extension is exactly similar to that of the existing cemetery, and I see no reason why there should be any difficulty about the hardness of the soil.

3. The concrete foundations to the porch and compound wall have been increased, as suggested in paragraph 2 of your memorandum.

4. The enclosures received with the above are returned herewith.

No 116 W/211th January 1896
 PROCEEDINGS OF THE MADRAS GOVERNMENT.

2

No. 116 W., 11TH JANUARY 1896.

ORDER—No. 116 W., dated 11th January 1896.

The revised estimate, amounting to Rs. 2,910, for improvements and extensions to the Protestant cemetery at Pallavaram in the Chingleput district, is sanctioned.

2. The Superintending Engineer, V Circle, will report the amount that can be spent on the work during the current official year.

3. This sanction has been registered as Provincial No. 98 W. of 1895-96, and classified as Civil Buildings, Original Works.

SIR,

With reference to your Memo.

Enclosures. 7 - Randum No 3605 C dated 22 November 1895.

I have the honour to submit the follow-
ing further particulars respecting the
Pallanuram Cemetery. The Cemetery
is just at the foot of Pallanuram
Hill - There is a shallow surface
soil of sand, detritus from the hill
washed down. Below this, the so
called gravel is really clay containing
stones, small and large, the size
gradually increasing to boulders with
the depth. The Executive Engineer

Considers

consider that it must be quite
impermeable down to the rock, as
the water in a well in the Cemetery
is up to, if not above, ground level -

There are no buildings near, and the
average number of interments is
only 7 per annum -

2. This estimate is for extending
the existing Cemetery in which
interments have taken place for
many years, the soil of the extension
is exactly similar to that of the
existing Cemetery & I see no reason
why there should be any difficulty
about the hardness of the soil.

3. The concrete foundations
to the Porch and compound wall
have been increased as suggested
in para 2 of your Memo.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—the following paper:—

Memorandum from the Under Secretary to Government, Public Works Department, dated 5th December 1895, No. 3842-C.

With reference to G.O., No. 525 W., dated 28th February 1893, Presidents of District Boards and Superintending Engineers have submitted their budget estimates of works to be carried out by the Public Works Department during 1896-97 from Incorporated Local Funds. The attached statements *A* and *B* show the amounts budgeted for under Original works and Repairs. Statement *C* shows the estimated credit to Provincial Public Works establishment on account of scrutiny of Local Fund estimates, and statement *D* gives an abstract of the total amount to be placed at the disposal of the Public Works Department. It is requested that the necessary provision may be made in the district budgets concerned. Meanwhile, the Public Works budget which has to reach the Government of India by the 15th February 1896, will be prepared for the amount shown.

2. In G.O., No. 495 L., dated 14th March 1895, Presidents of District Boards were requested to include in their budget estimates submitted to the Public Works Department, the necessary contribution for the scrutiny of Local Fund estimates. This order has not been complied with by any of the District Boards and the amount adopted in statement *C* has therefore been based on the actuals of previous years.
