Sir,

With reference to your No. 557 dated 10th December 1895, Communicating G.O. No. 3093 Z dated 2nd December 1895, which lays down that the building partly occupied by the Malabar Volunteer Rifles as an armoury at Calicut should be treated as a Provincial one and the rent is being credited to Imperial funds. I have the honor to enquire whether this building should not also be considered a Provincial one and rent credited to Provincial funds.

As far as I can gather, the original cost of the building was found from Provincial Funds

I have & &

EXECUTIVE ENGINEER'S OFFICE,

COIMBATORE DIVISION,

COIMBATORE 14th December 1895.

FROM

W. B. de Winton Esq

EXECUTIVE ENGINEER,

COIMBATORE DIVISION.

TO

THE SUPERINTENDING ENGINEER,

FOURTH CIRCLE, COIMBATORE.

SIR,

Enclosures.

With reference to your endorsement no. 698 dated 3rd instant, I have the honor to state that Mr. Heame had nothing to do with the appointment of Surveyor C. N. Ramasami Iyer.

2. The facts of the case are as follows:-

(1) The surveyor applied on 5th August in a letter, copy of which is attached, for a post of Surveyor or sub-overseer.

(2) It did not occur to me that he was still in the employ of the Ootacamund Municipality. So, I

directed

directed him to submit plans and testimonials.

(3) This he did on 22nd August and I offered him the post of temporary surveyor for 6 months intending to employ him on the Bhavani Reservoir Project.

(4) He accepted the appointment and reported himself at Coimbatore on 19th September, but as I had in the meanwhile, received orders to submit an estimate for filling in Ootacamund Lake, I sent him back to Ootacamund to help Mr. Hearn to take surveys and levels.

(5) When this work was completed, he went to the Bhavani Reservoir Project, where he is now at work.

3 On receipt of the Proceedings of the Chairman, Ooty Municipality, dated October 10th, I sent them on to the surveyor with the following endorsement:-

"To

" To Surveyor C. N. Ramadani Esq.
for information"

"2 The Surveyor appears to have
"behaved in a very deceitful
"manner, and deserves dismissal
"also from this office. The under-
"signed only retains his services
"because the work on which he
"is engaged is urgent"

4 On receipt of G. O. No.
1721 M. of 22nd October 1895 seeing
that Government had merely
"recorded" the matter, I did not
think it necessary to take any
further action, and the surveyor
is still in employ.

I have the honor to be,
Sir,

Your most obed^t servant.

L. B. White
Executive Engineer.
