Enclosures.

In continuation of this office letter
No. 4698 dated 2 March 1896, I have the
honour to report that the Superintendent of
the Government Maternity Hospital states -
"I do not think it will be necessary to relay
the floor of the East wards & Gynecological
wards during next official year, and would
ask that merely a repair estimate for the
existing floor may be made." The item
No. 136 under class A works of the Budget Estimate
for 1896-97 may therefore be omitted.

I have the honor to be,

Sir,

Your most obedient Servant,

C. Iwin
