With reference to your No: 2820W, I have the
honour to state that I believe the site selected
at Colavaram for the Bungalow and office of the
Special Assistant Agent is, taking all things together
the best and most suitable within the agency
tract of Yernagudem.

2. The agency tracts of Yernagudem are naturally
the most favoured by nature of any part of the
District and I conclude that there is every probability
of its being settled and removed from the
Agency within a few years.

3. Again it is intended to work a daily
Steamer from Rajahmundry to Colavaram.

4. It might therefore be worth consideration
whether Rajahmundry would not be a more
suitable place for the office and residence of the
Assistant Agent.

5. I may state that when I was previously
in charge of this Dⁿ, I built a catchery at Pedda
Colavaram, in or in the borders of what is now
the agency tract of Yernagudem, for a Deputy
Tahsildar and if it was never used for a
single day by the Deputy Tahsildar, as the Station
was abolished before the building was completed.

The residence built for the Special Agent at
Kunavaram has also been abandoned.
