Proceedings of the Board of Revenue (Land Revenue), Mis. No. 1545, dated 7th April 1896.

Read—the following letter from H. TREMENHEERE, Esq., Collector of Bellary, to the Secretary to the Commissioners of Land Revenue, dated 28th March 1896, Dis. No. 1109:—

I have the honour to request that the Board will move Government to address the Director-General of Telegraphs to afford additional telegraphic facilities for this district.

2. *Western taluks.*—Both trade and administration are much hampered by the absence of any telegraph office west of Narayanadevarakeri (8 miles south-west of Hospet). The jurisdiction of the District Munsif's Court at that place extends over 50 miles south-west and includes such important trading centres as Harpanahalli and Kóttúru; yet there is no speedy means of communication—most of the produce of this large territory going to market at such distant places as Hospet and Harihar; the merchants, too, feel keenly the want of a telegraph. Finally, for Revenue, Magisterial or Police purposes, the want of such connection with Bellary, the District head-quarters, and with Hospet, the Divisional head-quarters, is greatly felt by the people and very greatly by officials.

3. Speaking generally, I have no doubt that that the telegraph would be very much used at Harpanahalli and Kóttúru and fairly used at Hadagalli. I very strongly recommend an extension from Narayanadevarakeri to Harpanahalli (36 miles), with branches (perhaps at Higi) to Hadagalli (12 miles) and Kóttúru (12 miles). The information usually required by the Telegraph Department is appended.

4. *Siruguppa line* (North-east corner of Bellary taluk).—This line is recommended by the Divisional officer and I believe would pay its way, Siruguppa being a large centre of trade, both of cotton and jaggery. For administrative purposes a line is badly needed.
