READ—the following papers :—

From Lieutenant-Colonel C. C. RAWSON, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Tiruvannámalai, 13th March 1896, No. 12 W./C.

With reference to G.O. No. 2345 W., dated 21st September 1895, I have the honour to report that I have just visited Tanjore and I find that the construction of the new Collector's office has not been begun.

2. The reason for the delay is that the price asked by the owner for No. 2 site—the one approved by Government in the above-mentioned Government order—is Rs. 15,000, instead of Rs. 4,000 which were the figures given to me by the Tahsildar and Deputy Collector on the 29th August 1895.

3. If Rs. 15,000 has to be paid for No. 2 site, the extra expense consequent on using this site instead of No. 1 will be Rs. 18,000, instead of Rs. 7,000 as reported in my letter No. 330 W., dated 5th September 1895.

4. I inspected No. 1 (the original site) with Lieutenant-Colonel Smart on the 8th instant, and he agrees with me in thinking that the office should be built on this site. I enclose site plan; by making the approach to the building as shown in blue, and throwing back the main building a little, the open space used for cricket, &c, and for a drill ground for the police will not be interfered with at all, and there will be only very little harm done to the golf ground: the buildings might be separated from the open space by light iron railings.

I request that orders may be passed as soon as possible.

No. 1536 C.

Referred to the Revenue Department for the Collector's opinion whether site No. 2 is likely to cost as much as anticipated by the Superintending Engineer, also as to whether, if the offices be constructed on site No. 1 in the manner suggested by the Superintending Engineer, there will be any objection on the part of the public.

Endorsement of the Acting Under Secretary to Government, Revenue Department, dated 23rd March 1896, No. 660 R.

Endorsement by the Secretary, Board of Revenue (Land Revenue), dated 25th March 1896.

Forwarded.

From G. STOKES, Esq., Collector and District Magistrate, Tanjore, to the Secretary to the Commissioners of Land Revenue, dated Vallam, 1st April 1896, No. 503/Ver.

In reply to the Board's reference on Government Register No. 676 of 1896, dated 25th March 1896, I have the honour to state that the Tahsildar of Tanjore estimates the price of site No. 2 at Rs. 2,858, and though lands in the neighbourhood were acquired in the year 1894 at 8 to 9 annas per guli, the Divisional officer in consideration of the proximity of the land to the town, estimated the value thereof at double the rate, viz., one rupee per guli or Rs. 3 per cent. The demand of Rs. 15 per cent. by the owner is, doubtless, excessive (*vide* my letter No. 149-Comp., dated 11th December 1895), and it may be expected that a Judicial Court will not award a larger sum than Rs. 4,000, including 15 per cent. allowance,—the price estimated by the Superintending Engineer and entered in the schedule published in the *Fort St. George Gazette*.

2. As regards site No. 1, I beg to submit that the location of the offices as suggested by the Superintending Engineer at about the southern end of the plain will bring the offices too close to the South Indian Railway line at one of its busiest junctions, so that the constant shunting and whistling of the trains will be very disturbing.

3. The reasons which led Government to pass G.O. No. 2345 W., dated 21st September 1895, seem to me the same and as strong now as they were when Government passed the order. The enclosures received with the reference under reply are returned.
