From J. C. LARMINIE, Esq., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated 20th April 1896, No. 171 W.

I have the honour to submit, for favour of obtaining sanction of Government, an estimate, amounting to Rs. 10,000, for remetalling portions of the Gúdalúr Sultan's Battery road in the Nilgiri district.

The estimate was passed by the District Board at its meeting held on the 31st October 1895 (*vide* copy of resolution attached).

ORDER—No. 1539 W., dated 18th May 1896.

The estimate, amounting to Rs. 10,000, for remetalling portions of the Gúdalúr Sultan's Battery road in the Nilgiri district, is sanctioned.

2. This sanction has been registered as Local No. 4 W. of 1896–97.

(True Extract.)

No. 1839 W dt. 18th May 96

Public Works Department.

Current No. 3858

Letter No. 171 W

Dated 20th April 1896.

From the Supdg Engineer IV Circle.

NOTE BY TECHNICAL SECTION.

Name of work Reinstalling portions of the Sultans Battery road, Nilgiri District

Amount of Estimate Rs 10,000.

The SE IV Circle, submits for Govt sanction an estimate amounting to Rs 10,000 for reinstalling portions of the Gudalur Sultans Battery road in the Nilgiri District.

In the report accompanying the estimate, it is stated that this road was simply cut in the natural soil of the country which is of a very clayey loam and unable to bear the strain of any traffic. In 1887 it is reported that metal 4 inches in depth was first laid for a length of 5 miles. This has stood fairly well for the past 8 years but the maintenance allowance being insufficient to admit of extensive repairs & adequate renewals the road had consequently fallen into

80—200—18-12-95.

inli discrepancy, especially after the last monsoon. The estimate now submitted therefore provides for remetalling 34½ furlongs of the road at certain places as per estimate, for a width of 10 feet with 4 inches of stone metal, i.e. 28 furlongs with metal collected on the estimate & the balance 6½ furlongs from metal collected before 1895-96.

The rates are fair. —

The estimate has been countersigned by the President Dist. Board & approved in Dist. Boards proceedings dated 31st Oct. 1895.

The S.E. has remarked on the abstract estimate of the rate of Rs 1-4-- per 100 cft. as metal spreading being very high. This rate has been submitted is not for spreading metal but it includes blinding with soil previously stacked & watering & rolling, vide specification.
