READ—the following paper :—

Proceedings of the Board of Revenue (Land Revenue), Mis. No. 1774, dated 16th April 1896.

Read—the following letter from A. C. TATE, Esq., Acting Collector of Cuddapah, to the Secretary to the Commissioners of Land Revenue, dated 29th March 1896, Ref. on C. No. 5520 Acc. of 1895.

The Executive Engineer sent me an estimate for Rs. 330 for repairing the old Municipal office (situated in my office compound) which is now used by the Treasury Deputy Collector for storing packing cases, remittance boxes and such like and asked me to carry out the repairs under G.O. No. 1994 W., dated 13th August 1894.

2. On being asked to state on what requisition he sent the estimate, he said that he received no requisition but prepared the estimate, as the building was in a dilapidated condition and should be demolished if not required for use.

3. I then made to him an alternative proposal, viz., to add an additional room to the regular office store-room and asked him to prepare an estimate. He says it will cost over Rs. 500 and asks me to obtain the sanction of Government to the preparation of the estimate. I have the honour to request therefore that the sanction of Government may be obtained as required by G.O. No. 2806 W., dated 7th October 1892.

4. My office building is a very fine one recently constructed at great expense and the old Municipal office is an eyesore in the compound and should be demolished as the Executive Engineer suggests. Even if it were repaired, it would continue to be an eyesore, being quite close to my office and not at all in harmony with its surroundings. It is a very inferior brick in mud structure consisting of a single room. When it is demolished, the remaining storing accommodation will be insufficient. Hence the necessity for my request.

Resolution—Mis. No. 1774, dated 16th April 1896.

Submitted to Government, with the request that orders may be issued in the Public Works Department for the preparation of the necessary estimate.
