GOVERNMENT OF MADRAS.

Civil Works.

READ—the following papers:—

From Lieutenant-Colonel C. C. RAWSON, R.E., in charge Consulting Architect Division, to the Chief Engineer, Public Works Department, dated 3rd March 1896, No. 4761.

With reference to your Memo. No. 1511 C., dated the 9th April 1895, I have the honour to state that the roof timbers of the building are exposed to the sun, and, unless early orders are given to complete the work or dismantle it, the timbers would have to be painted. The cost of this painting will be Rs. 150 (about). I request permission to do this work.

From W. AUSTIN, Esq., I.C.S., Chairman, Harbour Trust Board, Madras, to the Chief Engineer, Public Works Department, dated 10th March 1896, No. 4752.

I have the honour to acknowledge the receipt of your letter No. 1335 C., dated 9th instant, and to inform you in reply that I see no objection to proceeding to completion with the construction of the building, immediately to the south of the Harbour Master's office, intended for a public bonded warehouse.

2. The plan submitted to Government with Mr. LeFanu's letter No. 3258, dated 20th November 1895, shows a new road, for cart traffic, to the east of the present north beach road, which will, to a great extent, relieve that thoroughfare of the greatly congested state of the traffic at present continuous upon it; which will, I understand, be shortly relieved, even before any road is constructed on harbour trust property, by metalling the existing road to its full width; such being, I am informed, the intention of the Municipal Commissioners.

3. Under these circumstances there would not appear to be any urgent necessity for widening the beach road, though to do so would undoubtedly be an advantage.

ORDER—No. 1171 W., dated 2nd April 1896.

The Consulting Architect is authorised to complete the building intended for a public warehouse at Madras, an estimate for which was sanctioned in G.O. No. 1178 W., dated 28th April 1893.

2. The requisite funds should be applied for in due course.
