**THE CHIEF ENGINEER,**
P. W. Deptt.

*SIR,*

ENCLOSURES.

1963-4C
2.4.96.

with reference to Mr. J. W. S. Smyth's appointment to the Madura Division notified in Gazette of the 21st ult, I have the honor to request instructions as to his position in regard to the Executive Engineer. I would suggest that the precedent of the Vaigai Bridge works be followed and that the two Sub-Divisions which comprise the Periyar works should be made into a separate charge for Mr. Smyth who would then work under me directly but his accounts would be compiled in the Madura Division office.

I

FROM

W. Skeughes Esqr
~~THE~~ SUPERINTENDING ENGINEER,
6th CIRCLE.

TO

THE CHIEF ENGINEER,
P. W. D.

SIR,

ENCLOSURES.

I have the honor to request your instructions regarding the position and employment of Mr. I. W. S. Smyth, who joined the Madura Division this month. Considering Mr. Smyth's rank and experience, the delays which would occur if papers have to pass through the Madura Division office and the impossibility of having separate establishment for the execution of works in hand and the investigation which has to be done, I am of opinion that it would be well to form the two sub-Divisions, Madura & Periyar, which comprise the Periyar Works, into a charge for Mr. Smyth, who would then work directly under me, but, following the precedent of the Vaigai Bridge works, render his accounts to the Madura Division office. I do not know

whether in such case Mr Smyth's charge would be technically a temporary Division since in all that regards accounts he would be in the position of a Sub-Division officer.

2. There are only a few Provincial works in the two sub-Divisions referred to, and these are chiefly in Madura town. But little additional establishment would be required as there is some already sanctioned on account of the Periyar Works.

I have the honor to be
Sir
Your most obedient Servant.

W. Hughes
Supt Engineer Works.

S.S.H 18.5.96

The proposals of the Supt.g: Engineer are approved, and the Madura and Lower Periyar Sub-divisions will be formed into a separate special charge under Mr. Smyth. For account purposes it will be treated as a sub division of the Madura division, but as regards all matters relating to construction & administration, Mr. Smyth will be in direct communication with the Supt.g: Engr. VI. circle.

2. The Supt.g: Engineer will

will submit a statement
showing the establishment
required for the special
sub-division.
