SUPERINTENDING ENGINEER, V CIRCLE,

To THE Chief Engineer P.W. Department

SIR,

Enclosures. /

On the 27th September 1895, Sergeant Murphy who had to attend the Deputy Magistrate's Court at Tirukoilur in the South Arcot District, had to use a raft on which to cross the Ponnaiy River, and two days after (29th September), on returning from Tirukoilur to Cuddalore he had to adopt the same means for recrossing the river. The total cost on both occasions was Rs 7-12-0. This amount the Supervisor claimed in his Travelling Allowance bill for the month, but the Examiner P.W. Accounts, having disallowed the item, Sergeant Murphy explained the necessity for the employment by him of the special

From,

Serjeant J.E. Murphy
Supervisor P.W.D.

To The Executive Engineer
South West Division

Sir,

I beg to return herewith the list of disallowances from
the travelling allowance bill for September 1895, also a copy
of my Journal for September 1895.

I beg to inform you that I claimed daily allowance as
my horse and bandies were in Cuddalore while I went to
attend the Court at Tirukoilur by rail and return.

For the journey across the river, the concluding
part of the para in the Column of disallowances says "mileage
may be claimed in the next bill". The distance across the
river is less than a mile, so that if mileage was claimed the
charge would not be more than 8 annas for the crossing and
returning, while Rs 7.12.0 was the amount actually paid and as I
had to have a raft constructed, the river being in flood, I could
not cross for a less amount. It was compulsory for me to cross
the river as I had to attend Court the following day (28th). For the
portion of my journey from the river to the bungalow no claim
was made in the actual expenses though I had to engage a
bandy as well as one to attend to Court & to return to the railway
station.

I request you will kindly recommend the amount disallowed
may be passed.

Signed. J.E. Murphy
Supervisor.
