PUBLIC WORKS DEPARTMENT.

N^o 1616W. dated 28 May 1896

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following

From the Superintending Engineer, III Circle, No. 207, dated 20th April '96.

The employment of the watchmen required for the III Circle, during 1896-97, as detailed in the statement submitted by the Superintending Engineer, is sanctioned subject to the following remarks:-

(a). The Superintending Engineer has shown under "present scale" 9 lascars on Rs. 6 each per mensem for demarcating land in the Kurnool-Cuddapah canal and has quoted against it G.O. No. 2948 W., dated 19th November 1895, while no such establishment was sanctioned in that order. Agreeably to G.O. No. 1328 W., dated 17th March 1893, proposals for watchmen for buildings and stores only should come before Government for sanction, prior to their entertainment. It is not understood why the demarcation lascars have been included in the statement. Pending further information as to the nature of the work performed by these men, the provision made for them has been expunged.

(b). The following incorrect

quotations

quotations of authority have been noticed in the statement and have caused much inconvenience. Greater care should be exercised in future:-

G.O.No.488 W., for 480 W.

,, 234 W., for 2341 W.

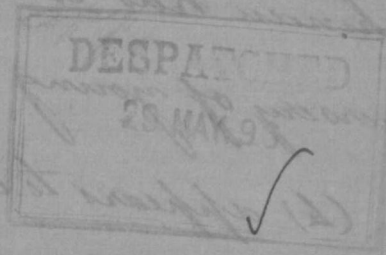

,, 909 W., for 939 W.

NOTES.

Reference to P. W. D. Code.

Chapter I, Para. 30.

1. All proposals for changes in the scales of permanent establishments must be accompanied by a statement in Part I of this form when the changes relate to the engineer or upper subordinate establishments and in other cases by a statement in Part II of this form.

2. The column headed "present scale" should invariably show the existing sanctioned scale (not the strength of the establishment as it actually stands at the time), and should be verified by the Examiner before the statements are forwarded to the sanctioning authority.

Note

The total cost on account
of watchmen proposed for the III
Circle for 1896-97 amounts to
Rs 299 per mensem against
Rs 239 during 1895-96. The difference
viz Rs 60 is made up as follows:-

- (a) Increase allowed to the
watchman at the
Hindupur Rest house. Rs. 2
- (b) 9 lascars on Rs 6 each per
mensem for demarcating
land in the Kurnool
Cuddapah Canal. 54
- (c) 1 watchman on Rs 4 per
mensem for the lungalou
at Perumamilla. 4

Total Rs 60

Item (a) is proposed as the
watchman has to look after
a nursery of young trees.

Item (b) appears to be survey
establishment and does not
come under G.O. No 1328 Wd 4

17th May 1893 according to which
the statement under disposal

has been submitted. Pending
further information as to
the nature of work expected
from the lascars, the provision
has been expunged. Further, these
men were not sanctioned in G.O. No. 2948 D of 19.11.95.

By the incorrect quotations
of authority the current has
been delayed ^{over a fortnight} in its disposal.
It was only yesterday the
file was completed. Kindly see
my pencil corrections on the statement.
As regards item (c) the watch-
man proposed is apparently
required for the building sanctioned
in G.O. No. 147 D of 16 February
1895.

The list of watchmen sanctioned
in G.O. No. 480 D of 7 February
1896 is not to be found in the
file. The entries as concerns
this G.O. have been verified
with the copy furnished to C's
office.
