

Public Works (1896) Department.

G.O., No.

176
18

DATED

7-1-96

[Despatch Abstract.]

Road: Pros. Rev. Dept. directing the abandonment of the project for restoring the cross — connecting the Chinnampet-Madurantakam road with the merkanam — Tindivanam road, Comd. to Supdy. Engineer, Circle, with remark, and the Govt. of India requested to eliminate the work from the schedule of requirements for Imperial civil works during 1896-97.

The Govt. of India addressed.

(40-4,000-2-11-95.)

PROCEEDINGS OF THE BOARD OF REVENUE.

(Sparate Revenue)

Dated 18th November 1895.

No. 4895 Mis.

Read letter from the Superintending Engineer V Circle, dated 24th October 1895, ^{re} 277M, resubmitting plan and estimate for Rs. 12,060 for reconstructing the cross road connecting the Chunampet- Madurantakam road with the Markanam-Tindivanam road and stating that no appreciable reduction can be made in the Estimate.

Resolution.

The Government in its Order No. 5099 Revenue, dated 3rd August 1895, observed that it was prepared to contribute only a moderate amount towards the re-construction of the Alathur Road, and the Board thereupon addressed the Superintending Engineer V Circle with a view to ascertain whether the amount of the Estimate first submitted by him could be reduced and whether for a moderate sum the road could be put in a fairly - passable state. The Superintending Engineer in his letter read above states that no appreciable reduction can be made but that by slightly altering the design of the road dam or causeway at the 20th mile 5th furlong a saving of about Rs. 520 can be effected. He states further that the item "gravelling" in the estimate costing Rs.2497 may be omitted entirely but that he does not recommend it as the road, if not gravelled, would be cut up in the rains and ~~the~~ be almost impassable. According to the revised estimate the road cannot be put into an efficient state of repair for less than Rs.12,060. Of this amount Rs.1660 would, as already reported, be contributed by the District Board of South Arcot. The Board solicits the favour of orders as to whether Government is prepared to sanction the remainder, viz, Rs. 10,400. If not, there is no - alternative but to abandon the work.

(True Extract)
(Signed)

Edmund Millet.
Assistant Secretary

3157 W. dated 9th December 1895, I am directed to state that the proposal to restore the road connecting the Chunampet-Madurantakam road with the Merkanam-Tindivanam road has since been abandoned, as being too costly, and to request that the provision of Rs.2,000 made for ~~the work~~ in the Imperial Civil Works schedule for 1896-97 be expunged.

I have &c.

Read Proceedings of the Board

of Revenue (Separate Revenue) dated 18th November 1895
No. 4895 Mis.

Order thereon, dated 7th December 1895, No. 4949 Mis.

The Government is not prepared to sanction such a large contribution as is applied for by the Board. The project in question should therefore be abandoned.

2. The Public Works Department will be informed with reference to para 5 of G.O.No. 861 W - dated 6th April 1895 that the salt work therein referred to should be struck out as the estimate therefor has not been sanctioned by Government.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following paper:—

From the Registrar of the High Court, Appellate Side dated 4th December 1895 No 3475.

General Records

The District Munsiff's Court at Krishnagiri in the Salem District has for sometime been located in a private building for which rent at the rate of Rs.15 has been paid under the sanction conveyed in G.O.No 3257Mis.JudicialDepartment d/ 10th December ¹⁸⁸³ ~~1895~~. The District Judge now reports that this building has recently been sold for Rs.2500 to a Lutheran Missionary who has given notice to the District Munsiff to vacate it by the 1st proximo. From the enquiries made by the District Judge it appears that there is at Krishnagiri no other suitable building available for a Courthouse and he is strongly of opinion that the only possible course is to acquire the present Court-house and its site under the Land Acquisition Act together with such additional space adjoining thereto as may be necessary for the construction of a new Court-house which can be built when funds permit without interruption to the Munsiff's current work. Though the Executive Engineer condemns the present building the District Judge considers that the execution of certain repairs will keep it in sufficiently good order till a new Court-house can be built. I enclose herein for the information of Government a copy of the District Judge's letter stating his opinion on the subject, the extent of the additional space that will have to be acquired under the Land Acquisition Act and also a plan of the site.

2. In the circumstances stated the High Court concurs with the District Judge and considers that the only course open

is to acquire the building and site 5.41 acres in extent under the Land Acquisition Act. The present building can then be repaired and used till a new building can be constructed.

3. As the Missionary who has purchased the building has given notice to quit on the 1st proximo I am directed to request that His Excellency the Governor in Council will be pleased to issue orders at an early date for the purchase of the building and site under the Land Acquisition Act and for the execution of the necessary repairs to the building by the Public Works Department.

Order dated 12th December 1895 No 2560.

The High Court's recommendation is approved and the Collector of Salem will be requested to submit immediately the necessary draft declaration for the acquisition of the building and the site referred to.

2. The orders necessary for the execution of the repairs to the building will be issued in the Public Works Department.

Letter from the Gentleman Engineer
Buckingham Canal Division, to the
Superintending Engineer, Circle, No. 88.
dated 10th November, 1895.

In forwarding herewith an extract from the Examiner's List of Disallowances from the Travelling Allowance Bill of this Division for September, 1895, disallowing from my claims for that month a sum of Rs 6-8- being the actual expenses incurred by me during my halt at Madras from 5th to 8th September, 1895, immediately after taking over charge of the Division, I have the honour to bring to your notice that I continued to hold charge of the Sub-Division as well, and that I maintained my boat and crew during that period. Thus, though I may not be entitled to actual expenses as officiating Executive Engineer, halting at his headquarters, I may be entitled to something as a Sub-Division officer to, at least what I actually paid for that period.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

*From the Commissioner of Police,
Madras, dated 6th November 1895, No. 100.*

*There is a piece of ground now
for sale immediately behind the Police
Station on the Trivettore High Road,
Washermanpett, as marked in the plan
which accompanies this letter, and as it
appears to me very desirable to secure it,
I have the honour to request sanction
to purchase the same for Rs 600/-*

2. *This Police Station is also the
Inspector's Office where there are a Sub-
Inspector, Station House Officer, three
Head Constables and thirty Constables.
It has no yard and the back door of it,
leading to the latrine outside, which is
also marked in the plan, opens on to a
piece of ground which belongs to a widow
named Ammanamma Ammal, who ob-*

to the Police Officers trespassing on it and wishes to have removed two steps built on her property. The door of the Station convenience also unfortunately opens on to her land and there is no other way to it save by this strip of land. This has been a bone of contention for years past but the land in question was not available and as it is being sold now I would recommend its acquisition.

3. The plot of ground marked by me is conveniently situated and would make a profitable addition to this Station which has no yard or ground attached to it.

Order - 13th December 1895, No. 2580.

Approved. The land should however be acquired under the Land Acquisition Act.
