Order—No. 1733 W., dated 10th June 1896.

With the papers recorded above, Superintending Engineers submit statements of demands under Imperial Military and Civil Works, for incomplete works of 1895-96 and for new works not yet commenced.

2. The following are the demands under Imperial Military :—

Incomplete Major Works.

	RS.
(*a*) Drains for the sewage of the South Infantry lines at Trichinopoly.	5,363
(*b*) Sergeant Instructor's quarters with out-houses at Trichinopoly ...	4,700
Total ...	10,063

New Major Works.

(*c*) Constructing a new block of married quarters with out-houses to accommodate four families of the British Infantry detachment at West Hill, Calicut	11,800

In regard to (*a*), the Government of India has been requested to provide the requisite allotment (*vide* G.O. No. 1582 W., dated 23rd May 1896), and its reply is awaited.

As regards item (*b*), the matter is still under correspondence with the Government of India. The latter has called for the plan and estimate sanctioned for this work, and pending reply from that Government no expenditure should be incurred on it.

As no reserve has been provided in the budget for Major Original works under Imperial Military, no allotment can be sanctioned for item (*c*), nor can an application be made to the Government of India unless the work is proved to be of an urgent character.

3. The following are the demands under Imperial Civil Works :—

	RS.
Minor Works (Postal).	
(*a*) Bellary division	399
Repairs (Postal).	
(*b*) Tanjore division	200

No allotment is necessary for item (*a*) under paragraph 102, chapter III, Vol. II of the Public Works Code. Attention is also invited to G.O. No. 2206 W., dated 5th September 1894. As no funds are available, the allotment required for item (*b*) cannot be provided. This demand should have been included in the budget programme when provision would have been made for it. It will be held in view, however, and if funds become available later in the year, an allotment will be made.

4. The excess provision of Rs. 1,141 surrendered by the Superintending Engineer, I Circle, from the budget grant for the Post office at Jeypore has already been withdrawn and replaced at the disposal of the Government of India.

Read—the following papers :—

From the Hon'ble Colonel D. McNEIL CAMPBELL, R.E., Joint Secretary to the Government of Madras, Public Works Department, to the Secretary to the Government of India, Public Works Department, dated 15th January 1896, No. 155 W.

In forwarding a copy of the Proceedings of this Government, No. 3292 W., dated 22nd December 1894, I am directed to state that in July last an Assistant Engineer was placed in charge of a party to carry out the investigations for the completion works of the Cauvery delta system, but towards the end of the year it was found that the arrangement was not satisfactory, and that for the thorough investigation of the project and the preparation of the requisite estimates, it was necessary to depute to the duty an officer of high standing and experience, who would work independently of the Executive Engineer of the division, and be directly under the orders of the Chief Engineer for Irrigation. For this duty His Excellency the Governor in Council selected Lieutenant-Colonel A. W. Smart, R.E., Superintending Engineer, Second class, temporary rank, who is intimately acquainted with the Cauvery irrigation and its requirements, and who had already devoted considerable attention to the very investigations now required. The arrangement has however resulted in one of the ordinary administrative circles being left in charge of an Executive Engineer without any charge allowance, and to obviate this difficulty I am directed to request the sanction of the Government of India to Lieutenant-Colonel Smart being regarded as on deputation under article 94, Civil Service Regulations, and to an Executive Engineer being appointed substantively *pro tempore* to the Superintending Engineer class, with effect from the 14th December 1895, the date on which Lieutenant-Colonel Smart assumed charge of his special duty.

2. I am to add that the duty in which Lieutenant-Colonel Smart is employed is likely to be completed in about six months.

G.O., No. 921 W., dated 14th March 1896.

Read—the following papers :—

From G. H. D. WALKER, Esq., Under Secretary to the Government of India, Public Works Department (General), to the Joint Secretary to the Government of Madras, Public Works Depertment, dated Calcutta, the 14th February 1896, No. 400 G.

I am directed to acknowledge the receipt of your letter No. 155 W., dated 15th January last, requesting sanction to Lieutenant-Colonel A. W. Smart, R.E., Superintending Engineer, being regarded as on deputation under article 94 of the Civil Service Regulations, while in charge of the investigations for the completion works of the Cauvery delta system, and to an Executive Engineer being appointed sub. *pro tem.* to the Superintending Engineer class.

2. In reply, I am to say that, provided the period of deputation does not exceed six months, the Government of Madras may, under article 98 of the Civil Service Regulations, depute Lieutenant-Colonel Smart on the special duty referred to, and appoint an officer to *officiate* as Superintending Engineer during the period of that officer's deputation. Sub. *pro tem.* promotion as proposed by the Local Government is not permissible, as article 110 is not applicable to the case.

Office-note to the Chief Engineer for Irrigation, dated 26th February 1896, No. 1108 C.

In reply to your letter No. 400 G., dated 14th February 1896, I am directed to state that it is now found that the investigations entrusted to Lieutenant-Colonel Smart, R.E., will be of a more extended nature than at first supposed, and that it will be at least two years before his special duties can be completed. I am therefore to request that under article 98 (*b*), Civil Service Regulations, the Government of India will be good enough to sanction his deputation for that period.

My dear Burton,

I understand from Ranson that the Govt. of India have refused to sanction an acting S.E. in my place on special duty for more than the six months already sanctioned. I hope this does not mean that I am to be removed at the end of six months as I should wish to finish what I have begun here.

If the G. of I. sanction the proposal in the draft letter, Mr Garrett will presumably draw the allce from 16.12.95, as he was actually in charge of a circle, while Mr de Winton was still at Coimbatore.

Yes

If the Govt. considers that Mr de Winton's claims to the rank of S.E. are superior to those of Mr Garrett, it will be open to it to revert Mr Garrett from 22.12.95 & to promote Mr de Winton from that date. Mr Garrett can then be repromoted from 11.1.96. This is always supposing that the G. of I. sanction an extra S.E.

One of the two officers must be without the extra allce from 22.12.95 to 10.1.96, as Col. Campbell was on joining time which was accidentally prolonged by the holidays, & Col. Pennycuick was on Sub. pro [illegible] leave from 6.1.96 vacating [illegible]

The period named in para 2 of the accy. draft letter requires consideration.

To
The Secretary to the
Government of India, P.W.D.

Sir,

In reply to your letter No. 400 G. dated 14th February 1896, I am directed to state that it is now found that the investigations entrusted to Lt. Col. Smart, R.E., will be of a more extended nature than at first supposed, and that it will be at least two years before his special duties can be completed. I am therefore to request that under Art. 98 (b) C.S. Regulations the Government of India will be good enough to sanction his deputation for that period.

2. A copy of these Proceedings of this
