PROCEEDINGS OF THE BOARD OF REVENUE
(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—Programme of famine relief works for 1896–97 from the Collector of Vizagapatam, Dis. No. 132, dated 31st March 1896.

RESOLUTION—dated 23rd April 1896, No. 71.

The abstract of the programme of famine relief works for 1896–97 received from the Collector of Vizagapatam will be submitted for the information of Government. In preparing these abstracts, it is always desirable to arrange the taluks, &c., in geographical order. This should be done in future.

2. The programme contains provision for the construction of thirteen new irrigation works at an estimated cost of 1·57 lakhs and for repairs to existing irrigation works at a cost of 1·84 lakhs; for the construction of 1,046 miles of new roads to cost 14·32 lakhs and repairs of existing roads 3·65 lakhs; for works for the improvement of drinking-water supply to cost 6·60 lakhs and other miscellaneous works 9·25 lakhs. The last item includes a provision of Rs. 20,000 likely to be advanced under the Land Improvement Loans Act in the Government taluks. The total provision amounts to Rs. 37,23,416 and the works are intended to provide employment for a period of three months for about 25 per cent. of the population of the district. It is observed that the Collector has made an additional provision of Rs. 3,64,720 for ten road works in the Agency Tracts of the district.

3. The Board observes that, though the total provision for the district exceeds the prescribed limit, yet it is considerably below the prescribed minimum in the Government taluk of Palkonda and in the zemindari divisions of Viravilli and Chípurupalle, the provision being sufficient for only 13, 8 and 10 per cent. of the population of these respectively. The Collector is requested to amplify, as far as practicable, the existing provision in these tracts.

4. Out of a total number of 314 irrigation works in Golgonda, as many as 190 are shown to be out of repair; and yet provision is made in the programme for the repair of only 42 of these. The Collector is requested to explain.

5. Detailed estimates are reported to be ready for about one-third of the total provision exclusive of the land improvement works. But the bulk of these estimates (7¼ lakhs) relates to large "unsanctioned" works. Early steps should be taken to bring a greater number of the large works under sanction.

6. The provision under miscellaneous works includes the following items :—

Taluk.	Work.	Cost, Rs.
Vizagapatam.	1. Earthwork in the Vizagapatam swamp connected with the harbour project	1,93,200
	2. Water-supply project outside the municipal limit.	1,00,000
	Municipal.	
	3. Reclamation of the swamp between the railway and Vizagapatam town	1,60,210
	4. Earthwork in connection with the Hanumanthavaka water project	50,000
Vizianagram.	5. Earthwork of a drinking-water project	1,50,000
	6. Drainage scheme of the town	68,000
	Total ...	7,21,410

The detailed estimates for item No. 1 are ready and stated to be with the Government of India and those for No. 4 under preparation by the Sanitary Engineer. No estimates appear to be ready for any of the other works mentioned above. The Collector is requested to state what progress has been made in regard to their preparation.

7. The total number of irrigation works in and out of repair in the three Government taluks of the district are shown in statement B now submitted to be 566 and 646 respectively, whilst they are entered as 923 and 649 in the jamabandi irrigation statement No. 15 for fasli 1304. This variation should be explained.

REVENUE DEPARTMENT.

1896.

Board of Revenue

(Revenue Settlement, Land Records and Agriculture),

MADRAS.

Printed May 9th.

Proceedings, 23*rd April* 1896, *No.* 71.

Famine-relief works.—Reviewing the programme of — for 1896–97 submitted by the Collector of Vizagapatam.

PROCEEDINGS OF THE BOARD OF REVENUE

(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—Programme of famine relief works for 1896–97 from the Collector of Vizagapatam, Dis. No. 132, dated 31st March 1896.

RESOLUTION—dated 23rd April 1896, No. 71.

The abstract of the programme of famine relief works for 1896–97 received from the Collector of Vizagapatam will be submitted for the information of Government. In preparing these abstracts, it is always desirable to arrange the taluks, &c., in geographical order. This should be done in future.

2. The programme contains provision for the construction of thirteen new irrigation works at an estimated cost of 1·57 lakhs and for repairs to existing irrigation works at a cost of 1·84 lakhs; for the construction of 1,046 miles of new roads to cost 14·32 lakhs and repairs of existing roads 3·65 lakhs; for works for the improvement of drinking-water supply to cost 6·60 lakhs and other miscellaneous works 9·25 lakhs. The last item includes a provision of Rs. 20,000 likely to be advanced under the Land Improvement Loans Act in the Government taluks. The total provision amounts to Rs. 37,23,416 and the works are intended to provide employment for a period of three months for about 25 per cent. of the population of the district. It is observed that the Collector has made an additional provision of Rs. 3,64,720 for ten road works in the Agency Tracts of the district.

3. The Board observes that, though the total provision for the district exceeds the prescribed limit, yet it is considerably below the prescribed minimum in the Government taluk of Palkonda and in the zemindari divisions of Viravilli and Chípurupalle, the provision being sufficient for only 13, 8 and 10 per cent. of the population of these respectively. The Collector is requested to amplify, as far as practicable, the existing provision in these tracts.

4. Out of a total number of 314 irrigation works in Golgonda, as many as 190 are shown to be out of repair; and yet provision is made in the programme for the repair of only 42 of these. The Collector is requested to explain.

5. Detailed estimates are reported to be ready for about one-third of the total provision exclusive of the land improvement works. But the bulk of these estimates ($7\frac{1}{4}$ lakhs) relates to large "unsanctioned" works. Early steps should be taken to bring a greater number of the large works under sanction.

6. The provision under miscellaneous works includes the following items :—

Taluk.	Work.	Cost, Rs.
Vizagapatam.	1. Earthwork in the Vizagapatam swamp connected with the harbour project	1,93,200
	2. Water-supply project outside the municipal limit.	1,00,000
	Municipal.	
	3. Reclamation of the swamp between the railway and Vizagapatam town	1,60,210
	4. Earthwork in connection with the Hanumanthavaka water project	50,000
Vizianagram.	5. Earthwork of a drinking-water project	1,50,000
	6. Drainage scheme of the town	68,000
	Total ...	7,21,410

The detailed estimates for item No. 1 are ready and stated to be with the Government of India and those for No. 4 under preparation by the Sanitary Engineer. No estimates appear to be ready for any of the other works mentioned above. The Collector is requested to state what progress has been made in regard to their preparation.

7. The total number of irrigation works in and out of repair in the three Government taluks of the district are shown in statement B now submitted to be 566 and 646 respectively, whilst they are entered as 923 and 649 in the jamabandi irrigation statement No. 15 for fasli 1304. This variation should be explained.

(True Extract.)

(Signed) P. RAJARATNA MUDALIAR,
Secretary.

To the Secretary to Government, Revenue Department.
" Collector of Vizagapatam.

Exd. P. Seetharam.
