Imp. of Per. No.

Sir, In reply to your N^o 5 P.R dated 28th February 1896, I have the honor to recommend very strongly that both Superintendent and Driver should, if the rules by any means permit of it, be allowed to occupy their quarters rent free. In civilized places, where there is a demand for houses and where consequently houses belonging to private owners are only inhabited on payment of rent, no one can complain that Government should similarly exact rent for Government houses also. Even in the Periyar camp when work was in full swing there was so large a demand for house room that notwithstanding some fear heart burnings
