With the papers recorded above, Superintending Engineers and the Consulting Architect submit statements of demands under Provincial for incomplete works for 1895–96 and for new works proposed to be undertaken in the current official year.

2. In the budget for 1896–97, a sum of Rs. 4,31,021 was reserved for incomplete works, and this was subsequently reduced to Rs. 3,79,450 by appropriations made to works since sanctioned. A sum of Rs. 3,013 becomes available from the undermentioned works, the budget grants for which are in excess of the unspent balance of estimate. The amount is credited to the reserve.

3. The amount available for appropriation thus comes to Rs. 3,82,463, from which the following grants are now sanctioned, the details of which are given in the statement annexed to these Proceedings:—

Incomplete works	2,16,096
New works	26,975
Lump sum allotments under Minor works	4,130
Do. do. Repairs	5,588
Total ...	2,52,789

4. After making the grants shown above, a balance of Rs. 1,29,674 will still remain at the credit of the Provincial reserve to meet demands that may arise later in the year.

5. The Superintending Engineer, VI Circle, has applied for a grant of Rs. 800 for improving the Police Assistant Superintendent's residence at Palamcottah, which is in excess of the sanctioned estimate. The question of providing this amount will be considered on receipt of the revised estimate which is reported to be now under preparation.

6. The Consulting Architect has asked for an allotment of Rs. 8,600 for the Public Warehouse at Madras, but as the work is in abeyance (*vide* G.O. No. 1585 W., dated 23rd May 1896), the grant applied for has not been made.
