In reply to para 2 of your N.º
5594 W. d. 15th June 1896, I have the
honour to inform you that the remark
in the letter from the Registrar High
Court is not quite correct.

2. The work done by this Depart-
ment is perfectly good and satisfactory
but good tile earth is not available
at or anywhere near Bapatla
and consequently the tiles are inferior.

3. I have made careful en-
quiries in connection with the leaking
of the roof and I find that the
roofs of all the best native houses
in Bapatla such as those inhabited
by the District Munsiff and the
Sahildar leak badly during heavy
rain.

4. I used the best tiles available
and the tiles were put in in a
satisfactory way but the tiles being
inferior the roof leaks during heavy
rain.

5. I now propose to put on Mangalore
tiles and will have the necessary

necessary estimate prepared but
I do not think the work can be
done before the next rains and it
will probably be advisable to
postpone the work to the next
secess of the Court.

6. I will address the District Judge
on this point.

It is not possible to make good
tiles anywhere in the Krishna Dist
and Mangalore tiles are therefore
more largely used for important
Government buildings; the cost
of Carriage is however a draw
back.

Sir
I beg to forward copies
of correspondence that
has taken place between
myself and the Executive
Engineer, D.P.W. on the
subject of the repairs
to the Bandals of the
Bungalow I occupy
and at the amount,
Rs 110, which I am

called upon to pay is quite beyond my means. I beg you will represent the matter to Government in order that I may be exempted from the terms of the Government order. I may mention that when I sent in the requisition to repair the Andals I as well as the D.P.W. authorities here were quite ignorant of the Government ruling and it was only when the bill reached the Examiners office that attention was called to it and under these circumstances I think it hard that I should now be called upon to pay.

Sir

In reply to your letter No. 480 dated 4th instant I beg to inform you that when I made the requisition for the repairs of the Bungalow attached to the Bungalow I occupy, I was in ignorance of the Government order, which you forwarded to me, and was under the impression that the building being Government property, the repairs and maintenance of Bungalow would be borne by Government. I am drawing a very small salary and, as the advance (Rs 110) which I am now called upon to pay will bear very heavily on my means. I beg you will again refer the matter to Government, so that under the circumstances explained I may be exempted from the payment.

you will kindly exempt him from the pay-
ment of the sum of Rs 110/- demanded. His
emoluments are as stated by him only Rs 35/-
and he appears not to have been aware of
G. O. No: 1866 dated 22nd July, 1873 which
appears excusable, as it is stated not to
have been uniformly enforced. If he had

therefor, if possible.

Letter from Captain R. F. R. Formby,
Superintendent of Pensions, to the Recruiting
Regiment, Trichinopoly Division, No. 941,
dated 18th May 1896

With reference to your No. 115 of 14th
instant, I have the honor to inform
you that I have this day addressed
the Secretary of Government, D. P. M.,
on the subject thereof, and on receipt
of his reply, I shall duly communicate
the same to you.

No. 151 S. E. dated 4th June 1896.

Submitted to the Superintending Registrar
6th Circle for orders.

2. The Correspondence within is a reply
to a reference made to the Paymaster of
Pensions, Madras, regarding the recovery
of Rs 110, being the cost of repairs to the
pandals round the quarters occupied
by Subconductor Perikias, Pension pay
master ordered in G. O. No. 994 W dated 20th March
1896 as the latter did not refund the amount
on demand and stated that he had
referred the matter to the Paymaster
of Pensions, Madras. It will be seen
that

that Mr Dentico has only preferred an
 appeal to Government but it should
 not in any way interfere with the recovery
 of the amount as already ordered. It
 therefore appears necessary that the
 Government should be moved with a
 view to address the military department
 on the subject as the audit objections
 of the Examiner cannot be removed
 except by an order of Government.
