Endorsement of the Public Works Department, of 28 April 1896, No 2076 C.

(Order. — No 335, of 5 June 1896)

The Superintending Engineer's suggestion amounts to a proposal that the examination rules should cease to apply to any temporary appointments. The Government is not prepared to make such a wide concession. If, however, in future cases it is shown that every effort to obtain passed men has been made and in vain, the Government will be ready to take into consideration the desirability of granting exemptions in temporary appointments for longer periods, or until a passed candidate is available.
