My friend is very sorry to hear of your
trouble that has arisen from the
to the point for which you are
but as he only acts as a
there is no need for
own unreadiness to
to avoid interest in the
officers now in charge.

(Cancelled) and I was
certain they would be
great delay, and consequent
loss of interest to them,
and that they would
be paid at once for
all the materials that
had been collected,
but they were unfortunately
still willing to hang on
to the 2. The delay after the
law had once been
served upon was due
to their difficulty in
procuring labor, as they
would not pay them
properly.

3 There was some
delay in preparing the
final bill owing to
the numerous claims
of petitioners, some of
which were admitted
and paid for, but
some were not
given them as they asked
for inspection of work
done, and it was only
after the accountant,
Cashier, 3 Clerks, the
Central Cellar Pick and

Officer, his 2 Clerks, the
Overseer, and his Clerk
and myself had spent
16 whole days in going
thoroughly into the accounts
that the final bill
was prepared, and
the Contractor's Attorney
signed them both as
a complete settlement
of all their claims.

I don't think there was
that it is necessary
to go into the matter
again. If the work
had been done depart-
mentally it would have
been done much better,
much quicker & much
cheaper and not half
so much trouble.

Refund Petition from
M. S. Sahel & Co. Complaining
of loss sustained in
Completing Bungalows
District Munsiff's Court
House owing to serious
delay in handing over land -
Returning the - explaining
the circumstances -

Reference is made to the letter dated
the 12th February 1893, from the
District Munsiff, Sahel & Co. Complaining
of loss sustained in Completing Bungalows
District Munsiff's Court House owing to
serious delay in handing over land -
Returning the - explaining the circumstances -
The District Munsiff has been directed to
investigate the matter and report to the
District Engineer. The District Engineer
has been directed to take steps to expedite
the completion of the Bungalows and to
return the land to the District Munsiff as
soon as possible. The District Engineer
has been directed to keep the District
Munsiff informed of the progress of the
work and to report to the District Engineer
as soon as the work is completed.

3 The late Mr. Young, Executive Engineer of the Bodawson Irrigation District has reported in his letter No. 6 of the 22nd April 1893 herewith forwarded in original to be returned that each time he saw Mr. Young during the interval before the land was handed over he advised them to get the Contract Cancelled, and that they would be paid at once for all the materials that had been collected, but they stated that they were willing to wait. They never put in an application offering to give up the Contract on any terms. It is thus evident that it was their fault not to accept the offer of the Executive Engineer and they therefore exposed themselves to the consequences.

4 Further it will be seen from the Executive Engineer's letter quoted above that the Contractors' attorney signed for final bills as complete settlement of all their claims and that nothing was therefore due to them. I may mention that the attorney who received the payment was a man of more than 30 years of age and

and was a partner in the Contract and not a son as stated by the Contractors in their petition.

5 Mr. Young is dead, and as it does not appear from the records that he had issued any orders in writing that the Contractors should have their Contract Cancelled and take payment for the materials they put in this petition with the hope of obtaining some remuneration for the loss which they say they had sustained on account of interest and deterioration of materials.

PUBLIC WORKS DEPARTMENT

To The Secretary to the
Govt: of India, P.W. Dept.

Sir,
I am directed to forward, for the orders of the Govt. of India, a petition from Messrs. Jamia Saheli & Co., Contractors, for compensation for losses & alleged to have been sustained by them in the construction of a District Court house at Chanderpur in the District of Ghazipur.

2. Previous petitions on the same subject have been rejected by this Govt. on a report from the Supty. Engineer & Circle No. 488 G.O. dated 2 June 1884 (copy enclosed) which shows that the petitioners refused the option of having their contract cancelled when it was found likely that delay would occur in obtaining a site for the building and that after completion of the work their attorney received a payment and signed the final bill as a settlement in full of all demands.

3. This Government has now no recommendation to make on behalf of the petitioners.

Yours etc
