READ—again the following papers:—

G.O., No. 767, Public, dated 12th September 1895.

ABSTRACT.—Passing orders in regard to the requisition of land and the preparation of plans and estimates by the Public Works Department for constructing residences for European officials at Madura.

G.O., No. 446, Public, dated 6th April 1896.

ABSTRACT.—Accepting the prices asked by the municipality for a certain portion of the Madura race-course required for constructing residences for European officials.

Proceedings of the Board of Revenue (Land Revenue), Mis. No. 1487, dated 30th March 1896.

Read—the following letter from J. TWIGG, Esq., Collector of Madura, to the Secretary to the Commissioners of Land Revenue, dated 23rd March 1896, R.C. No. 1341-GL:—

In continuation of my letter, R.C. No. 2200-Genl., dated 6th July 1895, I have the honour to represent that it is advisable to acquire some more land in the vicinity of the race-course, in order to prevent the springing up of bazaars and native houses too close to European residences. The manner in which native buildings have grown up in the present European quarter on the other side of the river proves the necessity for adopting such measures in time. A plan is submitted. The land within the race-course was ordered to be acquired in G.O., Mis. No. 1570, dated 22nd April 1895, and the part washed with yellow shows the extent subsequently ordered to be taken up in G.O., No. 615 (Public Works Department), dated 20th July 1895. It will, I think, be sufficient now to acquire control over the land marked with blue pencil south of the race-course and the field No. 607 which is opposite to the site of the Collector's bungalow which will stand in No. 389. The letters D and W stand for dry and wet land.

2. The enclosed statement shows the extent and description of lands lying between the race-course and blue pencil line and of land comprised in Survey No. 607, from which it will be seen that the patta land to be acquired is 17 acres and 49 cents assessed at Rs. 17-6-0. The cost of the land is estimated at Rupees 1,402-12-0.

3. Survey Nos. 568 C (1 cents), 568 D (3 cents), and 426 B (37 cents), being affected by the Periyar Project, were assigned to certain individuals on temporary pattas, and I am calling for information from the Tahsildar of Madura as to the exact terms of the condition under which the assignments were made, to enable me to determine whether any compensation should be paid to those men if the said lands are taken up by Government in connection with the building of European residences.

4. Survey No. 568 B (2 cents) is patta land on which there is a stone-built temple. It may stand as it is and need not be acquired.

Resolution—Mis. No. 1487, dated 30th March 1896.
