GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following paper:—

From His Excellency Lieutenant-General C. M. CLARKE, Commanding the Forces, Madras, to the Chief Secretary to Government, dated Ootacamund, 28th April 1896, No. A.—N.T.-1267.

I have the honour to forward herewith a report by the Superintendent of Pensions on the employment in civil capacities of pensioners of the Madras Army for the half-year ending 30th September 1895, which, though not in all respects so satisfactory as might be, shows one or two signs of improvement.

2. With reference to paragraph 4 of the report, I have the honour to request that you will kindly obtain the authority of the Government of Madras to direct heads of departments to apply to the Superintendent of Pensions in the first instance in *all* cases in which appointments such as peons, gate-keepers, &c., become vacant. A formal notice on the subject such as has been so often issued in the past is of little use, and a positive order seems to be required if any good is to be effected in this direction.

3. The Commissioner of Police, Madras, might also be addressed with a view to more largely employing military pensioners in the Reserve Police.

4. I am given to understand that the proportion of military pensioners employed as warders in the jails of the presidency is limited to one-third of the establishment. I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

ENCLOSURES.

REPORT by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.	289
Thrown out on reduction	265
Dismissed for misbehaviour, &c.	40
Died	29
Total ..	623

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

Fort St. George,
7th February 1896.

Order—No. 593, Public, dated 8th June 1896.

The report of the Superintendent of Pensions and the letter from the Lieutenant-General Commanding the Forces will be communicated to all heads of departments, with the remark that it is the desire of Government that whenever a vacancy occurs in menial establishments, the question as to whether a military pensioner should be appointed should invariably be considered before the post is otherwise filled up.

2. The attention of the Inspector-General of Police will be invited to paragraph 3 of the Lieutenant-General's letter and that of the Inspector-General of Prisons to paragraph 4.

Superintendent of Pensions.

Order—No. 593, Public, dated 8th June 1896.

The report of the Superintendent of Pensions and the letter from the Lieutenant-General Commanding the Forces will be communicated to all heads of departments, with the remark that it is the desire of Government that whenever a vacancy occurs in menial establishments, the question as to whether a military pensioner should be appointed should invariably be considered before the post is otherwise filled up.

2. The attention of the Inspector-General of Police will be invited to paragraph 3 of the Lieutenant-General's letter and that of the Inspector-General of Prisons to paragraph 4.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

READ—the following paper :—

G.O., No. 593, Public, dated 8th June 1896.

Read—the following paper :—

From His Excellency Lieutenant-General C. M. CLARKE, Commanding the Forces, Madras, to the Chief Secretary to Government, dated Ootacamund, 28th April 1896, No. A.—N.T.-1267.

I have the honour to forward herewith a report by the Superintendent of Pensions on the employment in civil capacities of pensioners of the Madras Army for the half-year ending 30th September 1895, which, though not in all respects so satisfactory as might be, shows one or two signs of improvement.

2. With reference to paragraph 4 of the report, I have the honour to request that you will kindly obtain the authority of the Government of Madras to direct heads of departments to apply to the Superintendent of Pensions in the first instance in *all* cases in which appointments such as peons, gate-keepers, &c., become vacant. A formal notice on the subject such as has been so often issued in the past is of little use, and a positive order seems to be required if any good is to be effected in this direction.

3. The Commissioner of Police, Madras, might also be addressed with a view to more largely employing military pensioners in the Reserve Police.

4. I am given to understand that the proportion of military pensioners employed as warders in the jails of the Presidency is limited to one-third of the establishment. I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

ENCLOSURES.

REPORT by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.	289
Thrown out on reduction	265
Dismissed for misbehaviour, &c.	40
Died	29
Total ...	623

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

Fort St. George,
7th February 1896.

(Signed) R. F. R. FORMBY, Captain,
Superintendent of Pensions.

Native Military Pensioners

Proceedings, Public Department, communicating, with remark, letter from the Lieutenant-General Commanding the Forces forwarding report of the Superintendent of Pensions on the employment in civil capacities of — for the half-year ending 30th September 1895, communicated to officers of the Public Works Department.

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

G.O., No. 2087 W., 17th July 1896.

JULY.

Native Military Pensioners

Proceedings, Public Department, communicating, with remark, letter from the Lieutenant-General Commanding the Forces forwarding report of the Superintendent of Pensions on the employment in civil capacities of — for the half-year ending 30th September 1895, communicated to officers of the Public Works Department.

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201-0-8 as against Rs. 27,306-1-5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105-0-9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

READ—the following paper :—

G.O., No. 593, Public, dated 8th June 1896.

Read—the following paper :—

From His Excellency Lieutenant-General C. M. CLARKE, Commanding the Forces, Madras, to the Chief Secretary to Government, dated Ootacamund, 28th April 1896, No. A.—N.T.-1267.

I have the honour to forward herewith a report by the Superintendent of Pensions on the employment in civil capacities of pensioners of the Madras Army for the half-year ending 30th September 1895, which, though not in all respects so satisfactory as might be, shows one or two signs of improvement.

2. With reference to paragraph 4 of the report, I have the honour to request that you will kindly obtain the authority of the Government of Madras to direct heads of departments to apply to the Superintendent of Pensions in the first instance in *all* cases in which appointments such as peons, gate-keepers, &c., become vacant. A formal notice on the subject such as has been so often issued in the past is of little use, and a positive order seems to be required if any good is to be effected in this direction.

3. The Commissioner of Police, Madras, might also be addressed with a view to more largely employing military pensioners in the Reserve Police.

4. I am given to understand that the proportion of military pensioners employed as warders in the jails of the Presidency is limited to one-third of the establishment. I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

ENCLOSURES.

REPORT by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.	289
Thrown out on reduction	265
Dismissed for misbehaviour, &c.	40
Died	29
Total ...	623

Native Military Pensioners

Proceedings, Public Department, communicating, with remark, letter from the Lieutenant-General Commanding the Forces forwarding report of the Superintendent of Pensions on the employment in civil capacities of — for the half-year ending 30th September 1895, communicated to officers of the Public Works Department.

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Read—the following paper :—

G.O., No. 593, Public, dated 8th June 1896.

Read—the following paper :—

From His Excellency Lieutenant-General C. M. CLARKE, Commanding the Forces, Madras, to the Chief Secretary to Government, dated Ootacamund, 28th April 1896, No. A.—N.T.-1267.

I have the honour to forward herewith a report by the Superintendent of Pensions on the employment in civil capacities of pensioners of the Madras Army for the half-year ending 30th September 1895, which, though not in all respects so satisfactory as might be, shows one or two signs of improvement.

2. With reference to paragraph 4 of the report, I have the honour to request that you will kindly obtain the authority of the Government of Madras to direct heads of departments to apply to the Superintendent of Pensions in the first instance in *all* cases in which appointments such as peons, gate-keepers, &c., become vacant. A formal notice on the subject such as has been so often issued in the past is of little use, and a positive order seems to be required if any good is to be effected in this direction.

3. The Commissioner of Police, Madras, might also be addressed with a view to more largely employing military pensioners in the Reserve Police.

4. I am given to understand that the proportion of military pensioners employed as warders in the jails of the Presidency is limited to one-third of the establishment. I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

Enclosures.

Report by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.	289
Thrown out on reduction	265
Dismissed for misbehaviour, &c.	40
Died	29
Total ...	623

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Read—the following paper :—

G.O., No. 593, Public, dated 8th June 1896.

Read—the following paper :—

From His Excellency Lieutenant-General C. M. CLARKE, Commanding the Forces, Madras, to the Chief Secretary to Government, dated Ootacamund, 28th April 1896, No. A.—N.T.-1267.

I have the honour to forward herewith a report by the Superintendent of Pensions on the employment in civil capacities of pensioners of the Madras Army for the half-year ending 30th September 1895, which, though not in all respects so satisfactory as might be, shows one or two signs of improvement.

2. With reference to paragraph 4 of the report, I have the honour to request that you will kindly obtain the authority of the Government of Madras to direct heads of departments to apply to the Superintendent of Pensions in the first instance in *all* cases in which appointments such as peons, gate-keepers, &c., become vacant. A formal notice on the subject such as has been so often issued in the past is of little use, and a positive order seems to be required if any good is to be effected in this direction.

3. The Commissioner of Police, Madras, might also be addressed with a view to more largely employing military pensioners in the Reserve Police.

4. I am given to understand that the proportion of military pensioners employed as warders in the jails of the Presidency is limited to one-third of the establishment. I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

Enclosures.

Report by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.	289
Thrown out on reduction	265
Dismissed for misbehaviour, &c.	40
Died	29
Total ...	623

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

READ—the following paper :—

G.O., No. 593, Public, dated 8th June 1896.

Read—the following paper :—

From His Excellency Lieutenant-General C. M. CLARKE, Commanding the Forces, Madras, to the Chief Secretary to Government, dated Ootacamund, 28th April 1896, No. A.—N.T.-1267.

I have the honour to forward herewith a report by the Superintendent of Pensions on the employment in civil capacities of pensioners of the Madras Army for the half-year ending 30th September 1895, which, though not in all respects so satisfactory as might be, shows one or two signs of improvement.

2. With reference to paragraph 4 of the report, I have the honour to request that you will kindly obtain the authority of the Government of Madras to direct heads of departments to apply to the Superintendent of Pensions in the first instance in *all* cases in which appointments such as peons, gate-keepers, &c., become vacant. A formal notice on the subject such as has been so often issued in the past is of little use, and a positive order seems to be required if any good is to be effected in this direction.

3. The Commissioner of Police, Madras, might also be addressed with a view to more largely employing military pensioners in the Reserve Police.

4. I am given to understand that the proportion of military pensioners employed as warders in the jails of the Presidency is limited to one-third of the establishment. I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

ENCLOSURES.

REPORT by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.	289
Thrown out on reduction	265
Dismissed for misbehaviour, &c.	40
Died	29
Total ...	623

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

Order—No. 593, Public, dated 8th June 1896.

The report of the Superintendent of Pensions and the letter from the Lieutenant-General Commanding the Forces will be communicated to all heads of departments, with the remark that it is the desire of Government that whenever a vacancy occurs in menial establishments, the question as to whether a military pensioner should be appointed should invariably be considered before the post is otherwise filled up.

2. The attention of the Inspector-General of Police will be invited to paragraph 3 of the Lieutenant-General's letter and that of the Inspector-General of Prisons to paragraph 4.

Superintendent of Pensions.

Order—No. 593, Public, dated 8th June 1896.

The report of the Superintendent of Pensions and the letter from the Lieutenant-General Commanding the Forces will be communicated to all heads of departments, with the remark that it is the desire of Government that whenever a vacancy occurs in menial establishments, the question as to whether a military pensioner should be appointed should invariably be considered before the post is otherwise filled up.

2. The attention of the Inspector-General of Police will be invited to paragraph 3 of the Lieutenant-General's letter and that of the Inspector-General of Prisons to paragraph 4.

JULY.

Native Military Pensioners

Proceedings, Public Department, communicating, with remark, letter from the Lieutenant-General Commanding the Forces forwarding report of the Superintendent of Pensions on the employment in civil capacities of — for the half-year ending 30th September 1895, communicated to officers of the Public Works Department.

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Read—the following paper :—

G.O., No. 593, Public, dated 8th June 1896.

Read—the following paper :—

From His Excellency Lieutenant-General C. M. CLARKE, Commanding the Forces, Madras, to the Chief Secretary to Government, dated Ootacamund, 28th April 1896, No. A.—N.T.-1267.

I have the honour to forward herewith a report by the Superintendent of Pensions on the employment in civil capacities of pensioners of the Madras Army for the half-year ending 30th September 1895, which, though not in all respects so satisfactory as might be, shows one or two signs of improvement.

2. With reference to paragraph 4 of the report, I have the honour to request that you will kindly obtain the authority of the Government of Madras to direct heads of departments to apply to the Superintendent of Pensions in the first instance in *all* cases in which appointments such as peons, gate-keepers, &c., become vacant. A formal notice on the subject such as has been so often issued in the past is of little use, and a positive order seems to be required if any good is to be effected in this direction.

3. The Commissioner of Police, Madras, might also be addressed with a view to more largely employing military pensioners in the Reserve Police.

4. I am given to understand that the proportion of military pensioners employed as warders in the jails of the Presidency is limited to one-third of the establishment. I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

Enclosures.

Report by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.	289
Thrown out on reduction	265
Dismissed for misbehaviour, &c.	40
Died	29
Total ...	623

JULY.

Native Military Pensioners

Proceedings, Public Department, communicating, with remark, letter from the Lieutenant-General Commanding the Forces forwarding report of the Superintendent of Pensions on the employment in civil capacities of — for the half-year ending 30th September 1895, communicated to officers of the Public Works Department.

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

READ—the following paper :—

G.O., No. 593, Public, dated 8th June 1896.

Read—the following paper :—

From His Excellency Lieutenant-General C. M. CLARKE, Commanding the Forces, Madras, to the Chief Secretary to Government, dated Ootacamund, 28th April 1896, No. A.—N.T.-1267.

I have the honour to forward herewith a report by the Superintendent of Pensions on the employment in civil capacities of pensioners of the Madras Army for the half-year ending 30th September 1895, which, though not in all respects so satisfactory as might be, shows one or two signs of improvement.

2. With reference to paragraph 4 of the report, I have the honour to request that you will kindly obtain the authority of the Government of Madras to direct heads of departments to apply to the Superintendent of Pensions in the first instance in *all* cases in which appointments such as peons, gate-keepers, &c., become vacant. A formal notice on the subject such as has been so often issued in the past is of little use, and a positive order seems to be required if any good is to be effected in this direction.

3. The Commissioner of Police, Madras, might also be addressed with a view to more largely employing military pensioners in the Reserve Police.

4. I am given to understand that the proportion of military pensioners employed as warders in the jails of the Presidency is limited to one-third of the establishment. I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

ENCLOSURES.

REPORT by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.	289
Thrown out on reduction	265
Dismissed for misbehaviour, &c.	40
Died	29
Total ...	623

Native Military Pensioners

Proceedings, Public Department, communicating, with remark, letter from the Lieutenant-General Commanding the Forces forwarding report of the Superintendent of Pensions on the employment in civil capacities of — for the half-year ending 30th September 1895, communicated to officers of the Public Works Department.

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

READ—the following paper :—

G.O., No. 593, Public, dated 8th June 1896.

Read—the following paper :—

From His Excellency Lieutenant-General C. M. CLARKE, Commanding the Forces, Madras, to the Chief Secretary to Government, dated Ootacamund, 28th April 1896, No. A.—N.T.-1267.

I have the honour to forward herewith a report by the Superintendent of Pensions on the employment in civil capacities of pensioners of the Madras Army for the half-year ending 30th September 1895, which, though not in all respects so satisfactory as might be, shows one or two signs of improvement.

2. With reference to paragraph 4 of the report, I have the honour to request that you will kindly obtain the authority of the Government of Madras to direct heads of departments to apply to the Superintendent of Pensions in the first instance in *all* cases in which appointments such as peons, gate-keepers, &c., become vacant. A formal notice on the subject such as has been so often issued in the past is of little use, and a positive order seems to be required if any good is to be effected in this direction.

3. The Commissioner of Police, Madras, might also be addressed with a view to more largely employing military pensioners in the Reserve Police.

4. I am given to understand that the proportion of military pensioners employed as warders in the jails of the Presidency is limited to one-third of the establishment. I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

ENCLOSURES.

REPORT by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.	289

JULY.

Native Military Pensioners

Proceedings, Public Department, communicating, with remark, letter from the Lieutenant-General Commanding the Forces forwarding report of the Superintendent of Pensions on the employment in civil capacities of — for the half-year ending 30th September 1895, communicated to officers of the Public Works Department.

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

FORT ST. GEORGE,
7th February 1896.

(Signed) R. F. R. FORMBY, Captain,
Superintendent of Pensions.

No. 2087 W., 17TH JULY 1896.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

READ—the following paper:—

G.O., No. 593, Public, dated 8th June 1896.

Read—the following paper:—

From His Excellency Lieutenant-General C. M. CLARKE, Commanding the Forces, Madras, to the Chief Secretary to Government, dated Ootacamund, 28th April 1896, No. A.—N.T.-1267.

I have the honour to forward herewith a report by the Superintendent of Pensions on the employment in civil capacities of pensioners of the Madras Army for the half-year ending 30th September 1895, which, though not in all respects so satisfactory as might be, shows one or two signs of improvement.

2. With reference to paragraph 4 of the report, I have the honour to request that you will kindly obtain the authority of the Government of Madras to direct heads of departments to apply to the Superintendent of Pensions in the first instance in *all* cases in which appointments such as peons, gate-keepers, &c., become vacant. A formal notice on the subject such as has been so often issued in the past is of little use, and a positive order seems to be required if any good is to be effected in this direction.

3. The Commissioner of Police, Madras, might also be addressed with a view to more largely employing military pensioners in the Reserve Police.

4. I am given to understand that the proportion of military pensioners employed as warders in the jails of the Presidency is limited to one-third of the establishment. I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

ENCLOSURES.

REPORT by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.	... ...	289
Thrown out on reduction	... ...	265
Dismissed for misbehaviour, &c.	... ...	40
Died	... ...	29
	Total ...	623

JULY.

Native Military Pensioners

Proceedings, Public Department, communicating, with remark, letter from the Lieutenant-General Commanding the Forces forwarding report of the Superintendent of Pensions on the employment in civil capacities of — for the half-year ending 30th September 1895, communicated to officers of the Public Works Department.

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

FORT ST. GEORGE,
7th February 1896.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Read—the following paper:—

G.O., No. 593, Public, dated 8th June 1896.

Read—the following paper:—

From His Excellency Lieutenant-General C. M. CLARKE, Commanding the Forces, Madras, to the Chief Secretary to Government, dated Ootacamund, 28th April 1896, No. A.—N.T.-1267.

I have the honour to forward herewith a report by the Superintendent of Pensions on the employment in civil capacities of pensioners of the Madras Army for the half-year ending 30th September 1895, which, though not in all respects so satisfactory as might be, shows one or two signs of improvement.

2. With reference to paragraph 4 of the report, I have the honour to request that you will kindly obtain the authority of the Government of Madras to direct heads of departments to apply to the Superintendent of Pensions in the first instance in *all* cases in which appointments such as peons, gate-keepers, &c., become vacant. A formal notice on the subject such as has been so often issued in the past is of little use, and a positive order seems to be required if any good is to be effected in this direction.

3. The Commissioner of Police, Madras, might also be addressed with a view to more largely employing military pensioners in the Reserve Police.

4. I am given to understand that the proportion of military pensioners employed as warders in the jails of the Presidency is limited to one-third of the establishment. I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

Enclosures.

Report by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

FORT ST. GEORGE,
7th February 1896.

(Signed) R. F. R. FORMBY, Captain,
Superintendent of Pensions.

Order—No. 593, Public, dated 8th June 1896.

The report of the Superintendent of Pensions and the letter from the Lieutenant-General Commanding the Forces will be communicated to all heads of departments, with the remark that it is the desire of Government that whenever a vacancy occurs in menial establishments, the question as to whether a military pensioner should be appointed should invariably be considered before the post is otherwise filled up.

2. The attention of the Inspector-General of Police will be invited to paragraph 3 of the Lieutenant-General's letter and that of the Inspector-General of Prisons to paragraph 4.

JULY.

Native Military Pensioners

Proceedings, Public Department, communicating, with remark, letter from the Lieutenant-General Commanding the Forces forwarding report of the Superintendent of Pensions on the employment in civil capacities of — for the half-year ending 30th September 1895, communicated to officers of the Public Works Department.

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

READ—the following paper:—

G.O., No. 593, Public, dated 8th June 1896.

Read—the following paper:—

From His Excellency Lieutenant-General C. M. CLARKE, Commanding the Forces, Madras, to the Chief Secretary to Government, dated Ootacamund, 28th April 1896, No. A.—N.T.-1267.

I have the honour to forward herewith a report by the Superintendent of Pensions on the employment in civil capacities of pensioners of the Madras Army for the half-year ending 30th September 1895, which, though not in all respects so satisfactory as might be, shows one or two signs of improvement.

2. With reference to paragraph 4 of the report, I have the honour to request that you will kindly obtain the authority of the Government of Madras to direct heads of departments to apply to the Superintendent of Pensions in the first instance in *all* cases in which appointments such as peons, gate-keepers, &c., become vacant. A formal notice on the subject such as has been so often issued in the past is of little use, and a positive order seems to be required if any good is to be effected in this direction.

3. The Commissioner of Police, Madras, might also be addressed with a view to more largely employing military pensioners in the Reserve Police.

4. I am given to understand that the proportion of military pensioners employed as warders in the jails of the Presidency is limited to one-third of the establishment. I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

ENCLOSURES.

REPORT by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.	289
Thrown out on reduction	265
Dismissed for misbehaviour, &c.	40
Died	29
Total ...	623

4. I am given to understand that the proportion of military pensioners employed as warders in the jails of the Presidency is limited to one-third of the establishment. I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

Enclosures.

Report by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.		289
Thrown out on reduction		265
Dismissed for misbehaviour, &c.		40
Died		29
	Total ...	623

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

(Signed) R. F. R. FORMBY, Captain,
Superintendent of Pensions.

Order—No. 593, Public, dated 8th June 1896.

The report of the Superintendent of Pensions and the letter from the Lieutenant-General Commanding the Forces will be communicated to all heads of departments, with the remark that it is the desire of Government that whenever a vacancy occurs in menial establishments, the question as to whether a military pensioner should be appointed should invariably be considered before the post is otherwise filled up.

2. The attention of the Inspector-General of Police will be invited to paragraph 3 of the Lieutenant-General's letter and that of the Inspector-General of Prisons to paragraph 4.

G.O., No. 2087 W., 17th July 1896.

JULY.

Native Military Pensioners

Proceedings, Public Department, communicating, with remark, letter from the Lieutenant-General Commanding the Forces forwarding report of the Superintendent of Pensions on the employment in civil capacities of — for the half-year ending 30th September 1895, communicated to officers of the Public Works Department.

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

FORT ST. GEORGE,
7th February 1896.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Read—the following paper :—

G.O., No. 593, Public, dated 8th June 1896.

Read—the following paper :—

From His Excellency Lieutenant-General C. M. CLARKE, Commanding the Forces, Madras, to the Chief Secretary to Government, dated Ootacamund, 28th April 1896, No. A.—N.T.-1267.

I have the honour to forward herewith a report by the Superintendent of Pensions on the employment in civil capacities of pensioners of the Madras Army for the half-year ending 30th September 1895, which, though not in all respects so satisfactory as might be, shows one or two signs of improvement.

2. With reference to paragraph 4 of the report, I have the honour to request that you will kindly obtain the authority of the Government of Madras to direct heads of departments to apply to the Superintendent of Pensions in the first instance in *all* cases in which appointments such as peons, gate-keepers, &c., become vacant. A formal notice on the subject such as has been so often issued in the past is of little use, and a positive order seems to be required if any good is to be effected in this direction.

3. The Commissioner of Police, Madras, might also be addressed with a view to more largely employing military pensioners in the Reserve Police.

4. I am given to understand that the proportion of military pensioners employed as warders in the jails of the Presidency is limited to one-third of the establishment. I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

Enclosures.

Report by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.	289
Thrown out on reduction	265
Dismissed for misbehaviour, &c.	40
Died	29
Total ...	623

Order—No. 593, Public, dated 8th June 1896.

The report of the Superintendent of Pensions and the letter from the Lieutenant-General Commanding the Forces will be communicated to all heads of departments, with the remark that it is the desire of Government that whenever a vacancy occurs in menial establishments, the question as to whether a military pensioner should be appointed should invariably be considered before the post is otherwise filled up.

2. The attention of the Inspector-General of Police will be invited to paragraph 3 of the Lieutenant-General's letter and that of the Inspector-General of Prisons to paragraph 4.

JULY.

Native Military Pensioners

Proceedings, Public Department, communicating, with remark, letter from the Lieutenant-General Commanding the Forces forwarding report of the Superintendent of Pensions on the employment in civil capacities of — for the half-year ending 30th September 1895, communicated to officers of the Public Works Department.

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201-0-8 as against Rs. 27,306-1-5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105-0-9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

READ—the following paper :—

G.O., No. 593, Public, dated 8th June 1896.

Read—the following paper :—

From His Excellency Lieutenant-General C. M. CLARKE, Commanding the Forces, Madras, to the Chief Secretary to Government, dated Ootacamund, 28th April 1896, No. A.—N.T.-1267.

I have the honour to forward herewith a report by the Superintendent of Pensions on the employment in civil capacities of pensioners of the Madras Army for the half-year ending 30th September 1895, which, though not in all respects so satisfactory as might be, shows one or two signs of improvement.

2. With reference to paragraph 4 of the report, I have the honour to request that you will kindly obtain the authority of the Government of Madras to direct heads of departments to apply to the Superintendent of Pensions in the first instance in *all* cases in which appointments such as peons, gate-keepers, &c., become vacant. A formal notice on the subject such as has been so often issued in the past is of little use, and a positive order seems to be required if any good is to be effected in this direction.

3. The Commissioner of Police, Madras, might also be addressed with a view to more largely employing military pensioners in the Reserve Police.

4. I am given to understand that the proportion of military pensioners employed as warders in the jails of the Presidency is limited to one-third of the establishment. I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

ENCLOSURES.

REPORT by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.	289
Thrown out on reduction	265
Dismissed for misbehaviour, &c.	40
Died	29
Total ...	623

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

FORT ST. GEORGE,
7th February 1896.

(Signed) R. F. R. FORMBY, Captain,
Superintendent of Pensions.

Order—No. 593, Public, dated 8th June 1896.

The report of the Superintendent of Pensions and the letter from the Lieutenant-General Commanding the Forces will be communicated to all heads of departments, with the remark that it is the desire of Government that whenever a vacancy occurs in menial establishments, the question as to whether a military pensioner should be appointed should invariably be considered before the post is otherwise filled up.

2. The attention of the Inspector-General of Police will be invited to paragraph 3 of the Lieutenant-General's letter and that of the Inspector-General of Prisons to paragraph 4.

(True Extract.)

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

READ—the following paper :—

G.O., No. 593, Public, dated 8th June 1896.

Read—the following paper :—

From His Excellency Lieutenant-General C. M. CLARKE, Commanding the Forces, Madras, to the Chief Secretary to Government, dated Ootacamund, 28th April 1896, No. A.—N.T.-1267.

I have the honour to forward herewith a report by the Superintendent of Pensions on the employment in civil capacities of pensioners of the Madras Army for the half-year ending 30th September 1895, which, though not in all respects so satisfactory as might be, shows one or two signs of improvement.

2. With reference to paragraph 4 of the report, I have the honour to request that you will kindly obtain the authority of the Government of Madras to direct heads of departments to apply to the Superintendent of Pensions in the first instance in *all* cases in which appointments such as peons, gate-keepers, &c., become vacant. A formal notice on the subject such as has been so often issued in the past is of little use, and a positive order seems to be required if any good is to be effected in this direction.

3. The Commissioner of Police, Madras, might also be addressed with a view to more largely employing military pensioners in the Reserve Police.

4. I am given to understand that the proportion of military pensioners employed as warders in the jails of the Presidency is limited to one-third of the establishment. I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

ENCLOSURES.

REPORT by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.	289
Thrown out on reduction	265
Dismissed for misbehaviour, &c.	40
Died	29
Total ...	623

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

FORT ST. GEORGE,
7th February 1896.

(Signed) R. F. R. FORMBY, Captain,
Superintendent of Pensions.

(Signed) R. F. R. FORMBY, Captain,
Superintendent of Pensions.

Order—No. 593, Public, dated 8th June 1896.

The report of the Superintendent of Pensions and the letter from the Lieutenant-General Commanding the Forces will be communicated to all heads of departments, with the remark that it is the desire of Government that whenever a vacancy occurs in menial establishments, the question as to whether a military pensioner should be appointed should invariably be considered before the post is otherwise filled up.

2. The attention of the Inspector-General of Police will be invited to paragraph 3 of the Lieutenant-General's letter and that of the Inspector-General of Prisons to paragraph 4.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Read—the following paper :—

G.O., No. 593, Public, dated 8th June 1896.

Read—the following paper :—

From His E[illegible] Lieutenant-General C. M. CLARKE, Commanding the Forces, Madras, to the Chief Secretary to Government, dated Ootacamund, 28th April 1896, No. A.—N.T.-1267.

I have the honour to forward herewith a report by the Superintendent of Pensions on the employment in civil capacities of pensioners of the Madras Army for the half-year ending 30th September 1895, which, though not in all respects so satisfactory as might be, shows one or two signs of improvement.

2. With reference to paragraph 4 of the report, I have the honour to request that you will kindly obtain the authority of the Government of Madras to direct heads of departments to apply to the Superintendent of Pensions in the first instance in *all* cases in which appointments such as peons, gate-keepers, &c., become vacant. A formal notice on the subject such as has been so often issued in the past is of little use, and a positive order seems to be required if any good is to be effected in this direction.

3. The Commissioner of Police, Madras, might also be addressed with a view to more largely employing military pensioners in the Reserve Police.

4. I am given to understand that the proportion of military pensioners employed as warders in the jails of the Presidency is limited to one-third of the establishment. I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

Enclosures.

Report by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.	289
Thrown out on reduction	265
Dismissed for misbehaviour, &c.	40
Died	29
Total ...	623

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

FORT ST. GEORGE,
7th February 1896.

Superintendent of Pensions.

Order—No. 593, Public, dated 8th June 1896.

The report of the Superintendent of Pensions and the letter from the Lieutenant-General Commanding the Forces will be communicated to all heads of departments, with the remark that it is the desire of Government that whenever a vacancy occurs in menial establishments, the question as to whether a military pensioner should be appointed should invariably be considered before the post is otherwise filled up.

2. The attention of the Inspector-General of Police will be invited to paragraph 3 of the Lieutenant-General's letter and that of the Inspector-General of Prisons to paragraph 4.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

READ—the following paper :—

G.O., No. 593, Public, dated 8th June 1896.

Read—the following paper :—

From His Excellency Lieutenant-General C. M. CLARKE, Commanding the Forces, Madras, to the Chief Secretary to Government, dated Ootacamund, 28th April 1896, No. A.—N.T.-1267.

I have the honour to forward herewith a report by the Superintendent of Pensions on the employment in civil capacities of pensioners of the Madras Army for the half-year ending 30th September 1895, which, though not in all respects so satisfactory as might be, shows one or two signs of improvement.

2. With reference to paragraph 4 of the report, I have the honour to request that you will kindly obtain the authority of the Government of Madras to direct heads of departments to apply to the Superintendent of Pensions in the first instance in *all* cases in which appointments such as peons, gate-keepers, &c., become vacant. A formal notice on the subject such as has been so often issued in the past is of little use, and a positive order seems to be required if any good is to be effected in this direction.

3. The Commissioner of Police, Madras, might also be addressed with a view to more largely employing military pensioners in the Reserve Police.

4. I am given to understand that the proportion of military pensioners employed as warders in the jails of the Presidency is limited to one-third of the establishment. I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

ENCLOSURES.

REPORT by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.	289
Thrown out on reduction	265
Dismissed for misbehaviour, &c.	40
Died	29
Total ...	623

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

FORT ST. GEORGE,
7th February 1896.

(Signed) R. F. R. FORMBY, Captain,
Superintendent of Pensions.

Superintendent of Pensions.

Order—No. 593, Public, dated 8th June 1896.

The report of the Superintendent of Pensions and the letter from the Lieutenant-General Commanding the Forces will be communicated to all heads of departments, with the remark that it is the desire of Government that whenever a vacancy occurs in menial establishments, the question as to whether a military pensioner should be appointed should invariably be considered before the post is otherwise filled up.

2. The attention of the Inspector-General of Police will be invited to paragraph 3 of the Lieutenant-General's letter and that of the Inspector-General of Prisons to paragraph 4.

JULY.

Native Military Pensioners

Proceedings, Public Department, communicating, with remark, letter from the Lieutenant-General Commanding the Forces forwarding report of the Superintendent of Pensions on the employment in civil capacities of — for the half-year ending 30th September 1895, communicated to officers of the Public Works Department.

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201-0-8 as against Rs. 27,306-1-5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105-0-9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

READ—the following paper :—

G.O., No. 593, Public, dated 8th June 1896.

Read—the following paper :—

From His Excellency Lieutenant-General C. M. CLARKE, Commanding the Forces, Madras, to the Chief Secretary to Government, dated Ootacamund, 28th April 1896, No. A.—N.T.-1267.

I have the honour to forward herewith a report by the Superintendent of Pensions on the employment in civil capacities of pensioners of the Madras Army for the half-year ending 30th September 1895, which, though not in all respects so satisfactory as might be, shows one or two signs of improvement.

2. With reference to paragraph 4 of the report, I have the honour to request that you will kindly obtain the authority of the Government of Madras to direct heads of departments to apply to the Superintendent of Pensions in the first instance in *all* cases in which appointments such as peons, gate-keepers, &c., become vacant. A formal notice on the subject such as has been so often issued in the past is of little use, and a positive order seems to be required if any good is to be effected in this direction.

3. The Commissioner of Police, Madras, might also be addressed with a view to more largely employing military pensioners in the Reserve Police.

4. I am given to understand that the proportion of military pensioners employed as warders in the jails of the Presidency is limited to one-third of the establishment. I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

ENCLOSURES.

REPORT by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.	289
Thrown out on reduction	265
Dismissed for misbehaviour, &c.	40
Died	29
Total ...	623

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201-0-8 as against Rs. 27,306-1-5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105-0-9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

READ—the following paper :—

G.O., No. 593, Public, dated 8th June 1896.

Read—the following paper :—

From His Excellency Lieutenant-General C. M. CLARKE, Commanding the Forces, Madras, to the Chief Secretary to Government, dated Ootacamund, 28th April 1896, No. A.—N.T.-1267.

I have the honour to forward herewith a report by the Superintendent of Pensions on the employment in civil capacities of pensioners of the Madras Army for the half-year ending 30th September 1895, which, though not in all respects so satisfactory as might be, shows one or two signs of improvement.

2. With reference to paragraph 4 of the report, I have the honour to request that you will kindly obtain the authority of the Government of Madras to direct heads of departments to apply to the Superintendent of Pensions in the first instance in *all* cases in which appointments such as peons, gate-keepers, &c., become vacant. A formal notice on the subject such as has been so often issued in the past is of little use, and a positive order seems to be required if any good is to be effected in this direction.

3. The Commissioner of Police, Madras, might also be addressed with a view to more largely employing military pensioners in the Reserve Police.

4. I am given to understand that the proportion of military pensioners employed as warders in the jails of the Presidency is limited to one-third of the establishment. I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

ENCLOSURES.

REPORT by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.	289
Thrown out on reduction	265
Dismissed for misbehaviour, &c.	40
Died	29

I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

ENCLOSURES.

REPORT by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.	289
Thrown out on reduction	265
Dismissed for misbehaviour, &c.	40
Died	29
Total ...	623

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201-0-8 as against Rs. 27,306-1-5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105-0-9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

JULY.

Native Military Pensioners

Proceedings, Public Department, communicating, with remark, letter from the Lieutenant-General Commanding the Forces forwarding report of the Superintendent of Pensions on the employment in civil capacities of — for the half-year ending 30th September 1895, communicated to officers of the Public Works Department.

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Read—the following paper :—

G.O., No. 593, Public, dated 8th June 1896.

Read—the following paper :—

From His Excellency Lieutenant-General C. M. CLARKE, Commanding the Forces, Madras, to the Chief Secretary to Government, dated Ootacamund, 28th April 1896, No. A.—N.T.-1267.

I have the honour to forward herewith a report by the Superintendent of Pensions on the employment in civil capacities of pensioners of the Madras Army for the half-year ending 30th September 1895, which, though not in all respects so satisfactory as might be, shows one or two signs of improvement.

2. With reference to paragraph 4 of the report, I have the honour to request that you will kindly obtain the authority of the Government of Madras to direct heads of departments to apply to the Superintendent of Pensions in the first instance in *all* cases in which appointments such as peons, gate-keepers, &c., become vacant. A formal notice on the subject such as has been so often issued in the past is of little use, and a positive order seems to be required if any good is to be effected in this direction.

3. The Commissioner of Police, Madras, might also be addressed with a view to more largely employing military pensioners in the Reserve Police.

4. I am given to understand that the proportion of military pensioners employed as warders in the jails of the Presidency is limited to one-third of the establishment. I am unaware of the reasons for fixing this proportion, but as military pensioners appear to be well suited for this employment, I would recommend for consideration whether this proportion might not be increased.

Enclosures.

Report by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.	289
Thrown out on reduction	265
Dismissed for misbehaviour, &c.	40
Died	29
Total ...	623

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

Report by Captain R. F. R. FORMBY, Superintendent of Pensions, on the employment in civil capacities of the pensioners of the Madras Army for the half-year ending 30th September 1895.

The report, dated 17th July 1895, showed 4,026 pensioners as remaining in employment on the 31st March 1895, and during the six months from 1st April 1895 to 30th September 1895 employment has been found for 675 pensioners; during the same period 623 pensioners have ceased to be employed for reasons given below, thus giving a net increase of 52 during the half-year, leaving a total number of 4,078 pensioners remaining in employment on the 30th September 1895.

Voluntarily resigned on account of old age, infirmity, &c.	289
Thrown out on reduction	265
Dismissed for misbehaviour, &c.	40
Died	29
Total ...	623

2. The saving effected to Government on account of rice-money withheld from these pensioners during the half-year is Rs. 25,201–0–8 as against Rs. 27,306–1–5 during the preceding half-year ending 31st March 1895, and although there is an increase in the number of pensioners employed by fifty-two, yet there is a decrease in the saving, as compared with the last half-year, by Rs. 2,105–0–9, which may be attributed to the more favourable rates at which rice was sold in the Presidency during that time and the consequent lower rates of rice compensation, and also that a certain number of the new pensioners employed were not entitled to rice-money.

3. The number of pensioners registered as wanting employment is reported on the 30th September 1895 to be 1,707 as against 916 on the 31st March 1895. This increase is due chiefly to the action of this office in calling upon the Officers in charge of Pensioners to carry out existing orders more carefully.

A distribution statement of the total establishment of pensioners is attached, which has been compiled with much care from a special return called for from all Paying Officers. The net result shows that 70·49 per cent. of those willing to be employed are employed, and the reason many others remain unemployed is their own unwillingness to leave their own villages.

4. I also attach a brief statement showing the increase and decrease by departments. There is a fair increase in the Military Department which includes peons in Military offices; the Police have decreased, although many appointments have been offered and every effort has been made to persuade men to take this service. The Civil Service Department remains the same, increases in the Salt and Abkári compensating the loss in Postal, Forest and other departments. The reason these latter departments do not increase is, that pensioners as a rule are deficient in the standard of education required. The employment of military pensioners as peons in the district offices of Collectors, Deputy Collectors and other Civil officers is still very meagre, and now that the Civil Government is separated from the Military Department, it is to be feared that the local subordinate officers with whom these appointments rest will be still less careful as to the interests of military pensioners. Perhaps if His Excellency the Lieutenant-General Commanding the Forces, Madras, would bring this point to the notice of His Excellency the Governor, something might be done to get this very suitable employment reserved for military pensioners residing in the several districts.

N.B.—Percentage of employed pensioners is 70·49 and of unemployed is 29·51.

Fort St. George,
7th February 1896.

(Signed) R. F. R. FORMBY, Captain,
Superintendent of Pensions.

Order—No. 593, Public, dated 8th June 1896.

The report of the Superintendent of Pensions and the letter from the Lieutenant-General Commanding the Forces will be communicated to all heads of departments, with the remark that it is the desire of Government that whenever a vacancy occurs in menial establishments, the question as to whether a military pensioner should be appointed should invariably be considered before the post is otherwise filled up.

2. The attention of the Inspector-General of Police will be invited to paragraph 3 of the Lieutenant-General's letter and that of the Inspector-General of Prisons to paragraph 4.

(True Extract.)

(Signed) J. F. PRICE,
Chief Secretary.
