Ordered that the following Notification be published in the Fort St. George Gazette.

"Adverting to the notification published at page 1312 Part I of -- the Fort St. George Gazette of the 19th Novr. Note.

The Sanitary Engineer seems to think that it will not be practicable to put the Act into force for six months after the appointment of the Boiler Inspector, and as this -- appointment is still under the consideration of the Government of --

India

I don't see why it should take 6 months or anything like it

India, and the date of sanction un-
 certain, it would perhaps be best to
 notify that the introduction of
 the act shall be postponed sine die.
 When the Inspector is appointed it
 will be time enough to fix the --
 date for bringing the act into --
 force.

For order.

The notification
bringing the act into
force on 1st August 1896,
is embodied in G.O.
no 2832 W of 7.11.95.

The last letter
to L. J. D. relative
to the appr. of a Border
Inspector (no 1662 W)
was despatched on
18.6.96. I was con-
tact when a reply will
be received. To notify
now that the act
will come into force
six months after the
date of the appr. of
a Border Inspector
would be too vague,
I would recommend
a further notification

fixing the exact date.

The best plan here-
hope would be to issue
a notification, in sub-
mission of the one of Nov^r
1895, postponing, since
then, the bringing into
force of the act.

When the app^t.
of a Boileau is
sanctioned, it will be
easy to fix a date,
six months after that
time, on which the act
shall come into force.
