Superintending Engineer's Office,

No. 965 NE

II CIRCLE,

Dated 14 July 1896.

From,

Majr W. L. C. Baddeley Esquire, R.E.
Superintending Engineer,
II Circle.

To,

The Chief Engineer
P. W. Department,
Mauritius.

Sir,

In reference to G. O. No. 946 W
of 16th March 96 I have the honour to report
that the Lieut. Engineer, His Majesty's Eastern Dist., was unable
to obtain the services of a Surveyor in time
to have the existing drains levelled before
the rains.

2. In these circumstances I am unable at
present to add anything to the remarks in my
No. 2594 R.S. as it will be impossible to attempt
any field work until the drains are dry,
which will not be before January ^{or} February.
I beg that the sanction for the Surveyor and
Cascars may be allowed to remain in force
to avoid the necessity of making a fresh
application later on.

I am the honourable,

Yours most faithfully
W. L. C. Baddeley
Majr
Superintending Engineer
