GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following telegram from the Secretary to the Government of India, Revenue and Agricultural Department, to the Secretary to the Government of Madras, Revenue Department, dated Calcutta, the 20th February 1896, No. 337:—

Subject to Secretary of State's confirmation, India agrees to appoint Standen, Cinchona, on terms proposed, provided he learns factory work which Hooper will be retained for one year to teach him and then dispensed with unless provided for. Meanwhile Government Botanist's appointment to be suspended for a year to avoid additional expenditure. Letter follows.

READ—the following letter from F. G. SLY, Esq., C.S., Under Secretary to the Government of India, Department of Revenue and Agriculture, to the Secretary to the Government of Madras, Revenue Department, dated Calcutta, the 25th February 1896, No. 432/32-2:—

In continuation of my telegram No. 337/32-1, dated 20th instant, I am directed to address you regarding the proposals made in your letter No. 3890, dated 25th September 1895, for the management of the Government Cinchona Plantations and Factory.

The proposals of the Madras Government are—

(I) To abolish—

- (1) the combined appointment of Government Botanist and Director of Cinchona Plantations, salary Rs. 700 rising to Rs. 800 a month, with free quarters; and
- (2) the appointment of Government Quinologist, pay Rs. 500 a month.

(II) To create—

- (1) A new appointment of Government Botanist on a monthly salary of Rs. 400 rising by annual increments of Rs. 50 to Rs. 600, with free quarters.
- (2) A new appointment of Director of Government Cinchona Plantations on a monthly salary of Rs. 450 rising by annual increments of Rs. 50 to Rs. 750, with free quarters.

The Government of Madras also ask the Government of India to sanction the appointment of Mr. W. M. Standen as Director and to provide for Mr. Hooper, the Government Quinologist, in some suitable post.

2. The Government of India concur in the proposed arrangements for placing the Cinchona Plantations and the Factory under the charge of one officer and agree that Mr. Standen on account of his practical experience as a Cinchona planter is the most suitable selection. They therefore sanction, subject to the approval and confirmation of the Secretary of State, the appointment of Mr. W. M. Standen to be Director of the

Government Cinchona Plantations on a monthly salary of Rs. 450 rising by annual increments of Rs. 50 to Rs. 750, with free quarters. Mr. Standen, however, is believed to have at present no knowledge of the processes involved in the manufacture of the Cinchona products; and his appointment is sanctioned on the understanding that he will qualify himself within one year to superintend the Quinine Factory.

3. The Government of India agree that the work which now devolves upon the Quinologist is not sufficient to justify the retention of a full-time chemist, but they consider it advisable to retain the services of Mr. Hooper for one year to instruct Mr. Standen in the factory work; and for this purpose Mr. Hooper should be resident at the Factory. Meanwhile, the question of Mr. Hooper's future employment or retirement can be further considered. The Government of India regret, however, that they are unable to approve of his employment as Chemical Examiner; and, unless the Madras Government find themselves able to provide Mr. Hooper with other suitable employment, it will be necessary to retire him a year hence.

4. The retention of Mr. Hooper's services for one year will involve considerable additional expenditure and the Government of India consider that until he is otherwise provided for or retires on pension, the appointment of a botanist on Rs. 400—50—600 recommended to the Secretary of State in Madras Government's despatch No. 4 (Revenue), dated 13th July 1895, should be kept in abeyance.

5. The proposals which the Government of India are therefore prepared to recommend to the Secretary of State are as follows:—

- (a) The appointment of Mr. Standen to the post of Director on Rs. 450—50—750, with free quarters, on condition that he learns the factory work in one year.
- (b) The retention of the services of Mr. Hooper to instruct Mr. Standen in the processes of manufacture for one year, after which period Mr. Hooper is to be pensioned off unless otherwise provided for by the Madras Government.
- (c) The appointment of Botanist to be suspended for one year.

On hearing that the above proposals are accepted by the Madras Government, the Secretary of State will be addressed; and it would be well if the acceptance were to be communicated by telegram. If His Excellency in Council approves them they may be brought into force immediately in anticipation of the Secretary of State's sanction.

READ—again the following telegram to the Government of India, Revenue and Agricultural Department, dated 6th March 1896.

Your letter 432/32-2, 25th February. Proposals accepted except Hooper's permanent residence factory which seems to this Government unnecessary and undesirable. He can visit Standen there as frequently as may be needed.

READ—also the following letter from F. G. SLY, Esq., C.S., Under Secretary to the Government of India, Department of Revenue and Agriculture, to the Secretary to the Government of Madras, Revenue Department, dated Simla, the 21st April 1896, No. 989/32-5:—

With reference to the telegram from the Government of Madras, dated the 6th ultimo, I am directed to state that the Government of India accept the assurance of the Madras Government that it is not necessary for Mr. Hooper to permanently reside at the Quinine Factory in order to instruct Mr. Standen in the factory work.

2. With this exception the proposals set forth in paragraph 5 of my letter No. 432/32-2 of the 25th February 1896 have been recommended to the Secretary of State for India, and the Madras Government are now authorised to give immediate effect to them in anticipation of his sanction.

ORDER—No. 188, Revenue, dated 9th May 1896.

Miscellaneous.

Communicated to the Financial Department, to the Officiating Government Botanist and Director of the Government

Cinchona Plantations, to the Accountant-General, and to Mr. W. M. Standen.

2. The scheme sanctioned by the Government of India will take effect from the date on which Mr. Standen takes charge of his appointment as Director of the Government Cinchona Plantations.

3. It will be observed that Mr. Standen's appointment is only provisional and has been sanctioned by the Supreme Government on the distinct understanding that he will qualify himself to superintend the operations of the Quinine factory, a branch of his work, in which he will receive instruction from Mr. Hooper.

4. His Excellency the Governor in Council regrets that there appears to be no likelihood of finding suitable employment in this Presidency for Mr. Hooper after the abolition of his present appointment, and he will accordingly be informed that, unless orders to the contrary are issued in the meantime, his services will be dispensed with 12 months after Mr. Standen takes charge of his new duties. Mr. Hooper will of course receive such pension as he may be qualified for under the Regulations.
