OFFICE OF THE CONSULTING ARCHITECT

TO THE GOVERNMENT OF MADRAS,

No.

Chennai, _____ 189 .

COPY of a communication from the Military Secretary to the
Excellency the Governor. to the Consulting Architect
 to Government, No. 234, dated 14th July 189 6.

With reference to your letter No. 1830 dated
 of Instant submitting an Estimate amounting
 to Rs 3893/ for special repairs to the near
Eastern Bungalow at Guindy. I am desired
 to observe that it is doubtful whether it is
 worth while restoring the building in ques-
 tion in the manner proposed. At present,
 it is believed that the bungalow is so hot
 as it renders it almost uninhabitable.

Moreover for the reasons stated in
 my letter No. 203 of this date, the work must
 stand over for the present.

Chepak, _____ 189 .

Copy of a communication from the Military Secretary to
His Excellency the Governor to the Consulting Architect
to Government, No. 253, dated 14th July 1896.

With reference to your letter No 1831 dated
7th Instant, submitting an Estimate amounting
to Rs 896/1 for special repairs to the farm
yard at Quindy, I am directed in reply to
say that so much money having already
been allotted for repairs to at Quindy this
year, His Excellency the Governor does not see
his way to sanctioning any further expend-
-ture unless he is assured of its absolute
necessity.

It is impossible to judge of the necessity
for these proposals, until after residence
for sometime at Quindy itself, and con-
sequently the work must stand over for
the present.

Put up with O.R.
No. 6226 sent to W 13/7

With reference to your official memo-
randa quoted in the margin I have the
honour to refer you to this office No 1882 dated
9th July 1896, in ^{sent} obedience to para 2 of G.O. No 132.
dated 19th June 1896 in which the necessity
for the works being to be carried out, at
Government Houses Madras and Quindry
has been explained in detail. A perusal of
the remarks against each item will show
that the works call for early execution.
2 The term "Special repairs" has no
where been specifically defined in the Govt.
of India P.W. Code. Under a rule in the
old Madras P.W. Code Special repairs
were defined to be such as do not neces-
sarily recur annually, triennially, or even
quinquennially.

quinquennially being due to exceptional
circumstances, sometimes of an emergent
character of which the Superintending Engineer
must be the judge. They are apparently
of a nature which do not fall within the
definition of "Repairs" as given in P.W. Code
Vol. I Chapter III para 60. In this sense
therefore, the classification adopted would
appear justified.

I have the honour to be

Sir

Your most Obedt Servant,
