Of 4 Decr 1895.

From

Mr. R. R. P. J. Jagannathan Parathala

Deputy Collector of
Cuddapah.

To The Collector of Cuddapah.

Sir,

I have the honor to report that the Southern Veranda of my office between the Stationery and A. L. Room came down on 2-12-95 at 4 P. M. bringing with it the whole down. No clerks were working in the Veranda and therefore fortunately no accidents. My head clerk who reports on the Subject describes the effect of the fall as follows:—Current records lies buried under the debris. One of the office alungas in which printed forms are kept has one of its doors broken, the top Carcase work of another is gone. A big table which you were using before the one had come

broken to splinters and so is the case with
the desks of the Head Fund Clerk. Any further
damage has to be ascertained after the
removal of the debris. As it would retard
the despatch of business, I have taken
the liberty in anticipation of your orders,
of getting the debris removed and piled
up in proper places in the office compound
as otherwise we cannot get at the current
records."

2/ I will send a further report after my
inspection of the office building. The
whole building is an old one and except
the place where the Head Clerk sits, the
other portions which are supported with
props here and there are likely to meet
the same fate. The Verandah where I
hold my office is dangerously weak. Rs 90
has been sanctioned to repair the building
in some places for 1895-96.

3/ I request that steps may be taken
to have new building according to standard
plan built at an early date as the

present building is unfit for an office.
4. I respectfully suggest that the D. P. W.
officer may be requested to inspect the
building and examine its condition.

I have &c
