GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following papers:—

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government (through the Inspector-General of Police), dated Ootacamund, 18th July 1895, No. 449-T.

I have the honour to state that the Sub-Division officer, Public Works Department, Mangalore, who has been inspecting sites for quarters for the hospital assistant attached to the police hospital, Mangalore, reports that he finds none available owing to the locality near the police hospital being a crowded one with the civil dispensary on one side and private houses on the other. He therefore suggests the desirability of purchasing the building known as the municipal hospital assistants' quarters situated to the rear of the police hospital as the only means of acquiring a suitable site and building for accommodating the police hospital assistant. He estimates the valuation at Rs. 1,740 exclusive of the value of site (Rs. 300), which he suggests should be obtained gratis, one of the Government sites available for the erection of quarters being handed over in lieu to the municipality, which also finds it necessary to erect new quarters for its medical subordinates near the new municipal hospital.

2. The District Medical and Sanitary Officer, South Canara, acquiesces in this proposal and the municipality in its proceedings, dated the 16th May 1895, agrees to the sale to Government of the present hospital assistant's quarters for Rs. 1,800 and is willing to give the site gratis in exchange for a free site for the new quarters in the vicinity of the new municipal (Wenlock) hospital.

3. These proposals appear to me satisfactory and advantageous both to Government and to the municipality, and I therefore submit the same for the sanction of Government.

4. The correspondence bearing on the subject is enclosed.

ENCLOSURES.

From Surgeon-Major W. A. LEE, District Medical and Sanitary Officer, South Canara, to the Sub-Divisional Officer, South Canara, dated Mangalore, 11th March 1895, No. 384.

With reference to your letter, No. 102, dated 13th February 1895, and in continuation of this office letter, No. 273, dated 19th February 1895, I have the honour to recommend that the building known as the municipal hospital assistants' quarters to the rear of the police hospital be acquired by purchase for the police hospital assistant's quarters. There is no available site for a building for the latter within

the police hospital compound nor in its neighbourhood; while the plan I suggest would be very advantageous, the buildings it is proposed to purchase being just beyond the police hospital compound.

2. The plan of the police hospital is returned as requested.

From the Officer in charge of South Canara Sub-Division, to the Executive Engineer, West Coast Division (through the District Medical and Sanitary Officer), dated Mangalore, 19th April 1895, No. 119.

With reference to the marginally-noted correspondence from the District Medical and Sanitary Officer, I beg to report that opportunity was taken by me of inspecting sites for selecting a suitable one for the erection of quarters for the hospital assistant attached to the police hospital Mangalore, but having found none available, the locality near the police hospital being a very crowded one with the civil dispensary (lately converted into women's hospital) on one side and private houses on the other, I had to suggest to the District Surgeon the desirability of acquiring by purchase the building known as the municipal dressers' quarters situated to the rear of the police hospital, as the only way of securing a suitable site and building for accommodating the hospital assistant of the police hospital. The District Surgeon, having acquiesced in this proposal and also being in a position to advise the municipality to surrender it, has definitely recommended the purchase of the building, and I have therefore valued it as per annexed plans and papers at—

Letter, No. 238, of 12th Feb. 1895.

Total ..	1,835
Deduct wear and tear from date of construction, 1888, to 1894—seven years—at ¾ per cent.	95
Net ..	1,740

The above is undoubtedly a very fair valuation for the purchase of the building. It is not very old, being constructed in 1888. The accommodation is not unnecessarily large. The cost of site measuring 147′×147′ can be taken at Rs. 300 and the rental would be, at about 6 per cent., Rs. 10 per mensem. Under these circumstances, I would strongly recommend the purchase of the building.

The question whether the site should be paid for is one to be considered. It is only a couple of years back that the old military hospital had been given over gratis by the Government to the municipality, and it is now converted into a civil dispensary, which is about three furlongs away, being utilized for a women's hospital. One of the municipal hospital assistants is still occupying the dressers' quarters at rear of police hospital, but the municipality also finds it necessary to erect new quarters near the new dispensary for them.

There are Government sites available for the erection of these quarters, and it is likely that Government will be pleased to give such sites to the municipality also gratis. So I think that the municipality can very well afford to claim no value for the site of the quarters recommended to be purchased for police hospital. The sale of this building will be advantageous to the municipality as with the money earned it can erect quarters on suitable sites for its own hospital assistants. I therefore submit these papers for disposal.

No. 185-II.

Forwarded to the Chairman, Municipal Council, Mangalore, with a request that the views of the council may be ascertained at an early date and communicated to the undersigned.

The opportunity seems a favourable one both for acquiring a site for new quarters near the present municipal hospital and for obtaining the funds to build the same by the sale of the old quarters to Government.

6. Read reference, No. 185, 25th April 1895, from the District Medical and Sanitary Officer, forwarding the correspondence in connection with the proposal to acquire the municipal hospital assistants' quarters for the residence of the police hospital assistant, with a view to ascertain the views of the council, and opining that the opportunity seems a favourable one both for acquiring a site for new quarters near the present municipal (Wenlock) hospital and for obtaining the funds to build the same by the sale of the old quarters to Government.

Resolution.—The sale to Government of the present hospital assistants' quarters for Rs. 1,800 is sanctioned, subject to the approval of Government.

The site of the present building will be given up gratis in expectation that the Government will be pleased to grant a free site for the new quarters in the vicinity of Wenlock Hospital.

Dr. Lee, Messrs. Morgan, A. E. C. Vas and S. F. Brito will choose site for new quarters for the hospital assistants.

From M.R.Ry. T. M. RAMA RAO Avargal, Chairman, Municipal Council, Mangalore, to the Chief Secretary to Government, Local and Municipal Department, dated Mangalore, 12th October 1895, No. 806.

In reply to memorandum, dated the 9th instant, No. 1407, I have the honour to report that the building in the rear of the police hospital, known as the municipal hospital assistants' quarters, is a municipal one, having been built by the council in the years 1886–87 and 1887–88.

2. The late military hospital transferred to this municipality under G.O., No. 1679 W., dated 26th June 1893, communicated with G.O., Mis. No. 914 M., dated 15th July 1893, is now occupied by the municipal hospital, known as "the Wenlock Hospital, Mangalore."

From M.R.Ry. N. SHIVA RAO, Rao Bahadur, Chairman-delegate, Municipal Council, Mangalore, to the Chief Secretary to Government, Local and Municipal Department, dated Mangalore, 11th November 1895, No. 979.

With reference to memorandum, dated the 5th instant, No. 1594, I have the honour to report that the site of the municipal hospital assistants' quarters forms a part of the Government land which was transferred to the municipality under G.O., No. 6, Revenue, dated 4th January 1871.

The only condition under which the transfer was made is that the land should be used solely for the public purposes stated in the Municipal President's letter, dated 28th June 1870, No. 13, read in the Government order, viz., for a market place and for construction of lines for the town police.

Order—No. 1031, Public, dated 19th December 1895.

The proposed arrangements are approved. The municipal council when erecting the quarters for its hospital assistants apparently overlooked the conditions on which the site was originally made over to it, and which are recorded in G.O., No. 6, Revenue, dated 4th January 1871. The Government will not, however, exercise its right to resume the site without compensation.

2. Orders will issue in the Public Works Department as to the purchase of the hospital assistants' quarters, and in the Revenue Department in regard to the site to be granted to the municipal council in lieu of that which will now be retransferred to Government.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

READ—the following papers:—

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government (through the Inspector-General of Police), dated Ootacamund, 18th July 1895, No. 449-T.

I have the honour to state that the Sub-Division officer, Public Works Department, Mangalore, who has been inspecting sites for quarters for the hospital assistant attached to the police hospital, Mangalore, reports that he finds none available owing to the locality near the police hospital being a crowded one with the civil dispensary on one side and private houses on the other. He therefore suggests the desirability of purchasing the building known as the municipal hospital assistants' quarters situated to the rear of the police hospital as the only means of acquiring a suitable site and building for accommodating the police hospital assistant. He estimates the valuation at Rs. 1,740 exclusive of the value of site (Rs. 300), which he suggests should be obtained gratis, one of the Government sites available for the erection of quarters being handed over in lieu to the municipality, which also finds it necessary to erect new quarters for its medical subordinates near the new municipal hospital.

2. The District Medical and Sanitary Officer, South Canara, acquiesces in this proposal and the municipality in its proceedings, dated the 16th May 1895, agrees to the sale to Government of the present hospital assistant's quarters for Rs. 1,800 and is willing to give the site gratis in exchange for a free site for the new quarters in the vicinity of the new municipal (Wenlock) hospital.

3. These proposals appear to me satisfactory and advantageous both to Government and to the municipality, and I therefore submit the same for the sanction of Government.

4. The correspondence bearing on the subject is enclosed.

ENCLOSURES.

From Surgeon-Major W. A. LEE, District Medical and Sanitary Officer, South Canara, to the Sub-Divisional Officer, South Canara, dated Mangalore, 11th March 1895, No. 384.

With reference to your letter, No. 102, dated 13th February 1895, and in continuation of this office letter, No. 273, dated 19th February 1895, I have the honour to recommend that the building known as the municipal hospital assistants' quarters to the rear of the police hospital be acquired by purchase for the police hospital assistant's quarters. There is no available site for a building for the latter within

the police hospital compound nor in its neighbourhood; while the plan I suggest would be very advantageous, the buildings it is proposed to purchase being just beyond the police hospital compound.

2. The plan of the police hospital is returned as requested.

From the Officer in charge of South Canara Sub-Division, to the Executive Engineer, West Coast Division (through the District Medical and Sanitary Officer), dated Mangalore, 19th April 1895, No. 119.

With reference to the marginally-noted correspondence from the District Medical and Sanitary Officer, I beg to report that opportunity was taken by me of inspecting sites for selecting a suitable one for the erection of quarters for the hospital assistant attached to the police hospital Mangalore, but having found none available, the locality near the police hospital being a very crowded one with the civil dispensary (lately converted into women's hospital) on one side and private houses on the other, I had to suggest to the District Surgeon the desirability of acquiring by purchase the building known as the municipal dressers' quarters situated to the rear of the police hospital, as the only way of securing a suitable site and building for accommodating the hospital assistant of the police hospital. The District Surgeon, having acquiesced in this proposal and also being in a position to advise the municipality to surrender it, has definitely recommended the purchase of the building, and I have therefore valued it as per annexed plans and papers at—

Letter, No. 238, of 12th Feb. 1895.

Compound wall	50
Total ..	1,835
Deduct wear and tear from date of construction, 1888, to 1894—seven years—at ¾ per cent.	95
Net ..	1,740

The above is undoubtedly a very fair valuation for the purchase of the building. It is not very old, being constructed in 1888. The accommodation is not unnecessarily large. The cost of site measuring 147′×147′ can be taken at Rs. 300 and the rental would be, at about 6 per cent., Rs. 10 per mensem. Under these circumstances, I would strongly recommend the purchase of the building.

The question whether the site should be paid for is one to be considered. It is only a couple of years back that the old military hospital had been given over gratis by the Government to the municipality, and it is now converted into a civil dispensary, the old dispensary, which is about three furlongs away, being utilized for a women's hospital. One of the municipal hospital assistants is still occupying the dressers' quarters at rear of police hospital, but the municipality also finds it necessary to erect new quarters near the new dispensary for them.

There are Government sites available for the erection of these quarters, and it is likely that Government will be pleased to give such sites to the municipality also gratis. So I think that the municipality can very well afford to claim no value for the site of the quarters recommended to be purchased for police hospital. The sale of this building will be advantageous to the municipality as with the money earned it can erect quarters on suitable sites for its own hospital assistants. I therefore submit these papers for disposal.

Forwarded to the Chairman, Municipal Council, Mangalore, with a request that the views of the council may be ascertained at an early date and communicated to the undersigned.

The opportunity seems a favourable one both for acquiring a site for new quarters near the present municipal hospital and for obtaining the funds to build the same by the sale of the old quarters to Government.

With reference to memorandum, dated the 5th instant, No. 1594, I have the honour to report that the site of the municipal hospital assistants' quarters forms a part of the Government land which was transferred to the municipality under G.O., No. 6, Revenue, dated 4th January 1871.

The only condition under which the transfer was made is that the land should be used solely for the public purposes stated in the Municipal President's letter, dated 28th June 1870, No. 13, read in the Government order, viz., for a market place and for construction of lines for the town police.

GOVERNMENT OF MADRAS.

PUBLIC DEPARTMENT.

Read—the following papers:—

From Surgeon-Major-General C. SIBTHORPE, F.R.C.P.I., Surgeon-General with the Government of Madras, to the Chief Secretary to Government (through the Inspector-General of Police), dated Ootacamund, 18th July 1895, No. 449-T.

I have the honour to state that the Sub-Division officer, Public Works Department, Mangalore, who has been inspecting sites for quarters for the hospital assistant attached to the police hospital, Mangalore, reports that he finds none available owing to the locality near the police hospital being a crowded one with the civil dispensary on one side and private houses on the other. He therefore suggests the desirability of purchasing the building known as the municipal hospital assistants' quarters situated to the rear of the police hospital as the only means of acquiring a suitable site and building for accommodating the police hospital assistant. He estimates the valuation at Rs. 1,740 exclusive of the value of site (Rs. 300), which he suggests should be obtained gratis, one of the Government sites available for the erection of quarters being handed over in lieu to the municipality, which also finds it necessary to erect new quarters for its medical subordinates near the new municipal hospital.

2. The District Medical and Sanitary Officer, South Canara, acquiesces in this proposal and the municipality in its proceedings, dated the 16th May 1895, agrees to the sale to Government of the present hospital assistant's quarters for Rs. 1,800 and is willing to give the site gratis in exchange for a free site for the new quarters in the vicinity of the new municipal (Wenlock) hospital.

3. These proposals appear to me satisfactory and advantageous both to Government and to the municipality, and I therefore submit the same for the sanction of Government.

4. The correspondence bearing on the subject is enclosed.

Enclosures.

From Surgeon-Major W. A. LEE, District Medical and Sanitary Officer, South Canara, to the Sub-Divisional Officer, South Canara, dated Mangalore, 11th March 1895, No. 384.

With reference to your letter, No. 102, dated 13th February 1895, and in continuation of this office letter, No. 273, dated 19th February 1895, I have the honour to recommend that the building known as the municipal hospital assistants' quarters to the rear of the police hospital be acquired by purchase for the police hospital assistant's quarters. There is no available site for a building for the latter within

the police hospital compound nor in its neighbourhood; while the plan I suggest would be very advantageous, the buildings it is proposed to purchase being just beyond the police hospital compound.

2. The plan of the police hospital is returned as requested.

Order—No. 1030, Public, dated 18th December 1895.

The papers read above relate to the disposal of the site and buildings thereon previously occupied by the Women and Children's Hospital. In G.O., No. 678, Public, dated 9th August 1895, certain of the buildings were, as a purely *temporary* arrangement, placed at the disposal of the Surgeon-General for use in connection with the work of the Surgeon, Second District, and enquiries were instituted as to whether the Madras Volunteer Guards were prepared to purchase any part or the whole of the site, and, if so, what sum they were ready to offer.

2. In his letter, dated 8th October, the Lieutenant-General Commanding the Forces states that the purposes of the Volunteers would not be met by less than the whole of the site, and that the Commandant of the Regiment is not disposed to increase the conditional offer of Rs. 30,000 previously made for it. His Excellency Lieutenant-General Mansfield Clarke transmits an alternative proposal by the Commandant for the grant of a site within the grounds attached to Government House, Madras.

3. His Excellency the Governor has been pleased to agree to this, expressing at the same time the view that it is unobjectionable, and the Government will therefore feel obliged if the Lieutenant-General Commanding the Forces will direct the Commandant of the Madras Volunteer Guards to mark out exactly the portion of the Government House grounds which he would wish made over to his corps, and to place himself in communication with the Military Secretary to His Excellency the Governor with a view to His Excellency being requested to inspect the spot, and pass final orders in the matter. The plan received will accordingly be returned to the Lieutenant-General Commanding the Forces.

4. In his letter of the 1st October the Commissioner of Police requests that the mortuary in the compound of the late Women and Children's Hospital and one of the rooms in the main building may be transferred to the City Police in connection with the holding of inquests. It is observed that the mortuary has already been handed over to the Surgeon, Second District, as a temporary arrangement. The Government does

not approve of the buildings on the site in question being separately taken up by various departments, and as the whole of the buildings do not appear to be required for any purpose of the State, the Public Works Department will arrange to call for tenders from the public for the purchase of the site and the whole of the buildings, as they stand, with the exception of that portion of both referred to in the succeeding paragraph.

5. In April last the President of the Eurasian and Anglo-Indian Association submitted a petition praying that the piece of vacant land opposite to, and to the north of the General Hospital, or a portion of the site of the Women and Children's Hospital, might be granted to the Association for the purpose of building its head-quarters. The President was informed that the first site was not available. The Public Works Department will be requested to intimate to the President that that portion of the second site marked A on the accompanying plan—being the triangular piece of ground on which the Apothecary's quarters and cook-room stand, and bounded on the south by the large drain which intersects the compound—is available for the purposes of the Association, in the event of its being prepared to make a reasonable offer for it. The result should be communicated at an early date.
