PROCEEDINGS OF THE MADRAS GOVERNMENT.

5th August 1896

READ the following

Print with memo by 3786 C as an annexure

Letter from the Director of Government Cinchona Plantations, Nilgiris. } No. 68 dated 11th July 1896.

Endorsement thereon in the Revenue Dept. No. 1398R dated 15th July 1896.

A.S.H.
2.8.96

The suggestion made in para 10 of the inspection notes printed with G.O. 1527 W dated 14th May 1896, as regards certificates for municipal assessment, escaped notice when the inspection report was under consideration. The Deputy Examiner's proposal is not in accordance with para 14 Chapter X Volume I P.W. Code, and need not be acted upon. The Chief Engineer's Memo No. 3786 C dated 27th November 1894, which correctly expresses the views of Government on the subject, and which should continue to guide officers of the P.W.D., will be communicated to the Examiner and to the Departments of the Secretariat.

PUBLIC WORKS DEPARTMENT.

No. 3786 C., dated 27th November 1894.

MEMORANDUM.

READ—the following paper :—

From A. H. GARRETT, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Suradá, 5th November 1894, No. 1510 G.D.

Referring to Public Works Code, chapter XI, paragraph 14, I have the honour to enquire whether it is necessary for a certificate to be given every year by the Executive Engineer in the case of buildings which have undergone no alteration and the tax on which remains unchanged.

2. It would save a considerable amount of correspondence if, after the granting of the first certificate for a building, the Executive Engineer was not required to furnish further certificates for the same building so long as the tax was not raised.

The Chief Engineer considers that the certificate in question should be furnished annually notwithstanding that the tax may not have been raised by the Municipality. On the other hand it may be necessary to claim an abatement of assessment owing to depreciation in value of the buildings, and this can best be secured by an annual review of the municipal demand.

13 JUL 96

To The Secretary to Government
Revenue Department
Ootacamund

SIR,

Under G. O. 780 W. dated the 23 March 1886, P. W. Department, all charges paid in each first half year on account of assessment on Buildings, to Municipalities should be supported by a certificate from the Executive Engineer, P. W. Department, approving of the assessment.

The chairman of the Ootacamund Municipality has just sent me a copy of G. O. No. 1527 W. dated the 14 May 1896. P. W. D. under which the above certificate is necessary

necessary only when any change in the rate of assessment occurs.

As the latter order would seem to supersede the former order, under which the present procedure, in such cases, is now regulated, and as I have not received any orders from Government on the subject, I have the honor to submit the matter for the orders of Government.
