OFFICE OF THE CONSULTING ARCHITECT
TO THE GOVERNMENT OF MADRAS,
Chepak, 189

Copy of a communication from the Surgeon 1st District
Madras to the Consulting Architect
to Government, No. 228 dated 3 July 1896.

With reference to your letter No. 1651 dated 1st Instant, I have the honour to inform you that Surgeon Lt. Col. Walker the Surgeon of the 1st District has been granted three months privilege leave & will resume duty on the 1st October 1896. I would suggest that the subject matter of your letter should remain open until the return of Surgeon Lt. Col. Walker who will be much more able than I to give the particulars you ask for.

to the Government of Madras.

To

The Chief Engineer

Public Works Department

Sir,

Enclosures.

With reference to G.O. No. 1806 W
dated 18 June 1896 in which I am directed
to prepare plans & estimates for a new Hospital
for 200 beds, I have the honour to request
that orders may be issued for the Sanitary
Board to settle in communication with the
Surgeon, the following points:

- Out of the 200 beds, how many are for
male & how many for female patients?
- How many beds are to be provided
for European & Eurasians Males &
females?
- What subsidiary buildings are to be
provided and how many beds are
Special wards?
- How many beds are to be provided

0158.73
6754/56
6743

for Consti patients

e. If the buildings are double storied & have a ward on the upper floor is there any objection to quarters for Nurses being placed in a third storey.

f. What rooms are to be provided in the Administration block, & is this block to be placed in the centre with wards for males & females placed on either side of it & connected with it by covered passages.

g. Are quarters to be provided for any Resident Medical Officers or subordinates or for Nurses or ward coolies or general Establishment

h. There are many other points that can only be settled by Medical Officers that will suggest themselves when the question is gone into.

I believe that it will be very easy for the Sanitary Board to settle these details as they are similar only on a larger scale to the details for a typical Municipal Hospital recently settled by them.

I wrote to the Surgeon of the 1st District Mardas regarding the proposed new Hospital & enclosed a copy of his reply. It will cause no great delay

if the question has to lie over till the 1st October and I request therefore that you will arrange to have the details settled as soon as possible.

I have the honour to be

Sir

Your most Obedient Servant

C. S. Lawton

Dated 8th July 1896
Despatched
Received

No. of ENCLOSURES. 1

Subject.

Requesting that order may be issued for the Sanitary Board to settle in communication with the Surgeon 1st of certain points as to enable the Consulting Architect to prepare plans & estimates for a new Hospital &c at the Monegar Choultry.

Recd. 9.7.96
No. 2843 of 16th July 1896.

Forwarded with
L.O. No. 1806 W dated 18th June 1896 to the Joint Secretary, Engineering Branch, Sanitary Board, for favour of information whether the details required by the Consulting Architect can be settled by the Sanitary Board.

J.R. Pundarik Col. Rb
Jt. Secretary to Govt
P.W.D.

Proceedings of the Sanitary Board, No. 2244 dated 21st July 1896.

Present

Surgn. Lieut. Col. W. G. King, M.B., C.M., D.P.H.,
Sanitary Commissioner for Madras.
J. A. Jones Esqr., Mem. Inst. C.E., F.R.S.E.,
Sanitary Engineer to Government.

Read the following:—

Note No. 28430 dated 16th. July 1896 by Joint Secretary to Government requesting to be informed if Sanitary Board can settle the details required by the Consulting Architect in connection with the preparation of plans and estimates for a New Hospital &c at the Monegar Choultry.
Resolution.

The Board cannot understand the urgency forward by the Consulting Architect seeing that type dra for hospitals required by the Sanitary Board have not been finished and unlikely to be so before Surgn. Lieut Walker returns; but in any case the Board considers the matter should be referred to the Surgeon-General who is proper person to fix details as to accommodation required for the various class of patients. The Sanitary Board can only approve or disapprove of plan forwarded for their tiny.
