I do not understand of the rent to be paid ~~for~~ by the Coimbatore Div for the light railway is fixed at Rs 80.

20/7/96

W

The light railway was obtained by the Consg. Architect from No: I Periyar Division at a cost of Rs 10697. It was proposed to use this railway at the Govt. Brickfields and to debit ~~Rs 89~~ Rs 89 monthly to the manufacturing operations, in order to wipe off the whole expenditure in 10 years. Kindly see C. A's letter No: 4392 d/13th February 1896 and G. O. No: 1066 W d/25th March 1896. As the railway has been transferred to the Coimbatore Division, the manufacturing operations at the Govt. Brickfields, Madras, could not, ~~be debited~~ with propriety, be charged on account of the Railway. The Consg. Architect proposes to reduce the charge to the Coimbatore Dn. from Rs 89 to Rs 80 as a small portion of the plant has been left at Madras.

With reference to your No 2540 C dated 15th June 1896, I have the honour to return the Estimates connected with manufacturing operations in this Division during 1896-97 duly revised in accordance with the remarks of the Examiner, P. W. Accounts

2. As the greater portion of the Light Railway plant received from Periyar has been lent to the Coimbatore Division, I would request that sanction may be given to Rs 80 per month being paid to this Division by Coimbatore Division for hire of the Railway. I forward for your information Extract (para 2) of Sub Divisional Officers No 371 dated 26th June

2. In conclusion I beg to state that the charges of Rs 89 per mensem for the Light Railway from Perunjar should be charged to the Coimbatore Dn. for I have sent up the greater portion of the line to Ooty. The charge of Rs 89 per mensem for articles not in use at the Brickfields will I fear bear very heavy on next years working & request that Rs 89 per mensem or the major portion of it be charged to the Coimbatore Dn.; in that case the estimate as originally submitted will meet all the requirements for land & Kilns.

To W.

The provision for land & kilns made in these estimates amounts to Rs.8880 instead of Rs.9540. The difference Rs.660 is less provided for in the estimate for manufacture of bricks at patent kiln; the amount provided for being only Rs.7560 instead of Rs. 8220 which is arrived at as follows:-

	monthly
As per G.O.No.2842 W.dated 8th.November 1894(Rs. 651 - 55)................	Rs. 596
As per G.O.No.1066 W. of 25th.March 1896..........	Rs. 89
Total monthly charge	685
or (685 × 12) per annum	Rs.8220

The Estimate therefore requires revision.

2. In G.O.No.2266 W.dated 14th. September 1895 a monthly credit of Rs.55 was sanctioned as a temporary measure on account of manufacture in the Punjab kilns, but as this manufacture operation will apparently continue for another season the increased monthly credit to land and kilns due to the above manufacture will continue for another year and may be sanctioned accordingly.
