

Public Works (1896) Department.

G.O., No. 2344 W

DATED 14 August 1896.

[Despatch Abstract.]

New Mantāpam and well.

The Supy Engr. & Civil directed to arrange for the construction of a — on the site handed over to the owners in exchange for lands required by Govt. in connection with the residences for public officers at Madura.

Survey no. 396.C. (21 cents) is included in the land the acquisition of which has been sanctioned in Government Order No. 2604 W dated 23rd October 1895 and a mantapam called the Komutti Chetty Mantapam and a well stand thereon. This mantapam seems to be used by the Komutti Chetty community to hold festivals at the time of Alagaraswamy's visit to Madurai. ~~Agutur Chetty~~ and another are the joint puttah-holders and they agree to give over the site with the buildings on grant of a fresh site with a new mantapam and well of the same size and pattern constructed thereon at the Government cost. The site on which the new mantapam and well are proposed to be constructed is 14 cents of village Site poramboke in Survey no. 5582. The cost of constructing a new

mantapam and well with the materials of the old building, according to the Estimate prepared by the Executive Engineer amounts to Rs 1830. I have therefore the honor to request that Government be moved to accord its formal sanction for the proposal to hand over a site with a new mantapam and well to the owners in exchange for the land required by Government.

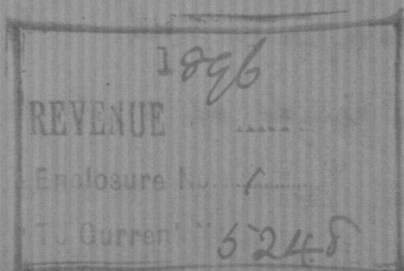

2. As the proposal has already been approved of demi-officially by Government, in its letter dated 18th February 1896, the Deputy Collector Madura Division has been requested to pass an award for the amount and to place it at the disposal of the Executive Engineer Madura Division for the construction of the proposed mantapam and well.

I have the honor to be,
Sir,
your most obedient servant,

W. W. W.
Collector
