noted, and to say that it has been observed that the list of tombs and monuments in the Madras Presidency, possessing historical or archaeological interest, which was

received with your communication, dated 16th February 1895, does not contain any information regarding the monument in St. George's Cathedral, Madras, to the memory of Bishop Heber. The Governor-General in Council considers that this monument is deserving of notice, notwithstanding the fact that the list contains an entry relating to the tomb in St. John's Church at Trichinopoly in which the remains of the bishop were interred. I am therefore to request that, with the permission of the Governor in Council, the necessary particulars of the monument referred to may be furnished for inclusion in the list.

2. I am to take the opportunity of stating that the Government of India also propose to print and publish, in a separate volume, lists of the statues, monuments and busts which have been erected in public places in the three Presidency towns in honour of distinguished servants of the State, both Civil and Military. I am accordingly to ask that, with the permission of His Excellency in Council, a list of such monuments in the town of Madras may be prepared and forwarded.

ORDER—No. 37, Ecclesiastical, dated 30th June 1896.

The Collector of Madras will, in communication with the Public Works Department, the President, Municipal Commission, the Commissioner of Police and the various Ecclesiastical authorities concerned, arrange for the complete and careful re-examination and verification of the lists* of tombs and monuments in the Madras City already compiled, and for the early submission of revised copies to Government for transmission to the Government of India.

honour to enquire whether this is a
legitimate change.

2. Under the old rulings (Vide Madras

the Local Government to make

If there are any rules I have the
