Enclosure.

Report to accompany estimate amounting to Rs. 4,580 for a rest-house with out-buildings at Chettipett.

The old rest-house being unsafe was demolished—*vide* G.O. No. 536 I., dated 23rd July 1894.

2. The proposal to construct a new one on a different site was sanctioned, and an estimate called for in G.O. No. 444 I., dated 11th June 1894.

3. The new building will be of the same plan (except foundations) as the old one. It will be situated close to the division office, as shown in the accompanying site plan.

5. The wood-work of the old rest-house will be utilized in the construction of the new one.

6. Data for the various descriptions of work accompany the estimate.

7. The building is urgently required, as at present there is no place whatever in the neighbourhood of the division head-quarters where a European or Eurasian can obtain accommodation of any kind, even for a few days.

With reference to his letter No. 2244-G.D. dated 20 Dec. 1895, the Superg. Engineer, First Circle, is requested to report whether, in the event of his making Waltair the headquarters of the First Circle, the Godavari Western division Officer could not occupy his house at Dowlaishwaram and thus, the necessity of building a new Rest House at Chettipett avoided. The existing Office building could then take the place of a Rest House.
