Chapter I, Para. 30.

1. All proposals for changes in the scales of permanent establishments must be accompanied by a statement in Part I of this form when the changes relate to the engineer or upper subordinate establishments and in other cases by a statement in Part II of this form.

2. The column headed "present scale" should invariably show the existing sanctioned scale (not the strength of the establishment as it actually stands at the time), and should be verified by the Examiner before the statements are forwarded to the sanctioning authority.

Executive Engineer, Tanjore Division

To the Supg. Engineer, V Circle.

Sir, With reference to your No 2117.f. d/5th instant, I have the honour to inform you that the 2 draftsmen in this office have their hands full with their ordinary duties in getting plans and estimates ready for the works for which allotments are available.

2. The preparation of the list of Component masonry work has been in the list of unanswered references ever since 1888 and the ordinary establishment have had no time to attend to it.

3. Unless a temporary draftsman is sanctioned as applied for, there is no prospect of the list of Component masonry being got ready and, therefore request that you will kindly try and get the necessary sanction.

I have &c

Necessity for the continuance of the establishment is due to the T.R.S. works being in progress in the division.
Usual charge, chargeable to "Tools and plant, Repairs." There are lots of estimates and plans to be checked and prepared, besides the annual repair estimates, which the two draftsmen attached to the division are not able to get through. To avoid delay this temporary draftsman is applied for.
