SEPTEMBER.

Provincial Accounts.

Passing orders on the — for 1894–95.

W Ogilvie
13/10/95

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—again the following papers :—

G.O., dated 31st October 1894, No. 919, Financial.

ABSTRACT.—Passing orders on correspondence relating to certain alterations made by the Accountant-General in the column "*Budget Grant*" of the monthly Provincial accounts submitted to Government.

G.O., dated 9th January 1895, No. 13, Financial.

ABSTRACT.—Recording letter from the Government of India on the same subject and stating that the new form of statements of monthly accounts may be brought into force from the 1st January 1895.

G.O., dated 19th March 1895, No. 256, Financial.

ABSTRACT.—Passing orders on the final accounts of Provincial revenue and expenditure for 1893–94.

READ—also the following papers :—

From the Accountant-General, dated 20th May 1895, No. B.J.H.-5, submitting the Preliminary Account of Provincial Services for March 1895, and Memorandum, No. B.J.H.-6, showing the approximate Provincial balance on 31st March 1895, including further adjustments that will be made in the Final Accounts for March 1895.

From the Accountant-General, dated 25th July 1895, No. 1951, forwarding a revised statement of actuals for 1894–95, as furnished to the Government of India.

From the Public Works Department, dated 26th July 1895, No. 625 D., forwarding revised statement of Public Works receipts and charges for March 1895.

ORDER—dated 6th September 1895, No. 667, Financial.

The statements forwarded by the Accountant-General have been recast in Appendix B to these Proceedings so as to exhibit the financial position in one view, the actuals furnished by the Public Works Department having been substituted for the figures entered by the Accountant-General. A column has been added for the revised estimates. The more important re-appropriations sanctioned during the course of the year have been included in the column of "*Alterations.*" A table at foot of the statement explains the nature of the transfers, specifying the authority in each case, and shows the lapses and savings reported to the Financial Department which have also been deducted from the column "Budget grant." This procedure should be adopted in future statements of the kind.

The Public Work Depar

2. The accounts (approximate) for 1894–95 compare with the budget and revised estimates as follows :—

Provincial.	Budget estimate.	Revised estimate.	Approximate actuals.
	LAKHS.	LAKHS.	LAKHS.
Opening balance	26·45	29·36	29·36
Revenue and Receipts—			
Principal heads of Revenue	244·96	252·32	255·74
Land Revenue adjustments	28·68	29·70	29·68
Other Civil heads	31·52	31·40	32·10
Public Works Department heads	4·89	5·16	5·03
Total	310·05	318·58	322·55
Expenditure—			
Principal heads	77·52	75·99	76·14
Other Civil heads	183·87	182·58	184·28
Public Works Department heads	55·11	54·37	52·19
Total	316·50	312·94	312·61
Surplus (+) Deficit (—)	— 6·45	+ 5·64	+ 9·94
Closing balance	20·00	35·00	39·30

3. It is unnecessary to enter into any detailed examination of the figures under each minor head in the review of these accounts. Explanations as regards the variations between the estimates and the actuals will in due course be given by the Accountant-General in his appropriation report, a copy of which will, under the instructions conveyed in Finance and Commerce Department Resolution, dated 31st January 1895, No. 553-A, * accompany the annual consolidated statement showing excess expenditure over budget grants. The revised estimate has already been compared with the budget estimate in the Financial statement (pages 43 and 44 of the Supplement to the *Fort St. George Gazette*, dated 11th June 1895) and it will be sufficient if the differences in the actuals, so far as they have now been ascertained, are briefly adverted to.

* G.O., dated 15th February 1895, No. 154.

4. OPENING BALANCE.—The increase of 3 lakhs in the opening balance was mainly due to the unforeseen rise under Land Revenue collections (paragraph 9 of G.O., dated 19th March 1895, No. 256, Financial).

5. REVENUE AND RECEIPTS.—As compared with the sanctioned budget, the actuals showed an improvement of 12½ lakhs, nearly the whole of which occurred under the principal heads of revenue, and about one-half under Land Revenue collections.† As compared with the revised estimates, there was an increase of nearly 4 lakhs‡ which was again chiefly due to larger collections under Land Revenue. As already desired in G.O., dated 19th March 1895, No. 256, Financial, the Board of Revenue should investigate the causes of the steady and continuous increase of actuals over estimates in the receipts from this source and arrange for obtaining more detailed and accurate information in future.

† Land revenue collections	5·16
„ „ adjustments	1·00
Stamps	2·80
Excise	1·92
Assessed taxes	·90
‡ Land Revenue	2·42
Stamps	·55
Excise	·42

6. The Finance Committee of 1886–87 fixed § the normal Land Revenue of the Presidency at 454·55 lakhs and, when settling the present Provincial contract, the Government of India was requested ‖ to take the average at 480 lakhs. The Government desires to learn from the Board of Revenue what proportion of the increase in the present standard (536 lakhs) ¶ is due to—

§ Paragraph 19 of Note on the Madras Provincial contract.

‖ Letter, dated 1st December 1891, No. 1262, paragraph 2.

¶ Actuals, 1894–95 .. 535·24
Budget, 1895–96 .. 536·17

(i) more favourable seasons;
(ii) enhanced taxation imposed—

(*a*) by the revision of settlements,
(*b*) by the introduction of new settlements, water-rates, &c.;

(iii) improved efficiency of the subordinate district administrative agency;
(iv) prompter collections and a better system of accounts; and
(v) other causes, if any.

7. Under other heads of receipts, the principal variations as compared with the estimates are noted below, with a rough indication of the causes, so far as they can now be ascertained :—

IX. Forest—showed an excess of ·45 lakh over the budget estimate, which was due to unexpectedly large collections under *Grazing and fodder grass* and *Miscellaneous receipts*. The actuals were, however, ·05 below the revised estimate.

X. Registration.—The receipts were ·52 below the budget estimate, owing apparently to the more favourable season. The revised estimate was exceeded by ·08.

XII. Interest.—In consequence of larger re-payments of land improvement loans, the actuals were ·38 and ·11 short of the budget and revised figures respectively.

XVI-A. Law and Justice—Courts.—The estimates were exceeded by ·17 and ·21, respectively, on account of enhanced receipts under *Fees, High Court* and *Magisterial fines*.

XVI-B. Jails.—Jail manufactures and *Miscellaneous receipts* contributed to an increase of ·67 over the sanctioned budget and ·04 over the revised estimate.

XXIII. Stationery and Printing.—An increase of ·16 as compared with the budget was due to larger *sales of Acts, books, printed judgments, &c.*

Adjusting Heads.—The recovery from the Tanjore District Board on account of the Máyavaram-Muttupet Railway was one lakh below the budget figure owing to the outlay incurred from Provincial funds in the previous year having been less than was originally expected.

8. EXPENDITURE.—The total disbursements of the year were 3·89 lakhs less than the sanctioned grant. Savings to the extent of nearly 3 lakhs were formally reported by heads of departments as shown in the foot-notes to the Appendix to these Proceedings. The actuals fell short of the revised estimate by only ·33 lakh. The most important variations were as follows :—

1, *Refunds and Drawbacks.*—The budget and revised estimates were exceeded by ·47 and ·32, respectively, owing chiefly to inadequate provision under *Forest refunds*, where the actuals amounted to ·31 against a grant of ·02. The special attention of the Board of Revenue will be drawn to the point in the Revenue Department.

3, *Land Revenue.*—A lapse of ·22 lakh was anticipated under "*Purchase of survey instruments*" (G.O., dated 25th September 1894, No. 783, Financial), and re-appropriations to the extent of ·13 lakh were sanctioned from savings expected under *Salaries*; but these savings were, in the actuals, more than absorbed by the debit to this head of one-fifth of the cost of Revenue Inspectors (·54 lakh), which, in the sanctioned estimates was included under 19, *A. Law and Justice*.

5, *Salt*; 7, *Excise*; *and* 11, *Forest.*—As compared with the estimates, lapses of ·08 and ·20 occurred under the first two heads and of ·84 and ·12 under the last head.

9, *Customs.*—An increase of ·23 was caused by the charges imposed by the new Tariff Act, but the Board of Revenue should have obtained an additional allotment to cover the expenditure (G.O., dated 2nd May 1895, No. 353, Financial).

12, *Registration.*—A decrease of ·19 as compared with the budget grant was due mainly to the postponement of the scheme for re-grading registrars and sub-registrars.

18, *General Administration.*—The grant was exceeded by ·29 owing to the employment of officers on special duty in the Secretariat, to heavier payments on account of exchange compensation allowance and record charges, and to the absence on privilege leave of members of the Board of Revenue.

19-A, *Law and Justice—Courts.*—In consequence of unusually large disbursements under *Law charges* and *Refunds*, the actuals were ·30 in excess of the grant, notwithstanding the transfer of one-fifth of the cost of Revenue Inspectors to 3, *Land Revenue*.

20, *Police.*—The expenditure was ·58 below the grant, mainly owing to short expenditure under *Clothing*, *Arms and accoutrements*, *Reorganisation of the District force*, and *Construction and repair of pounds*.

21, *Marine.*—The grant was exceeded by ·15, as a contribution of ·31 for the dredger *Wenlock* was adjusted to the credit of the Pámban pilotage fund. This will have to be reversed.

22, *Education.*—A saving of ·25 was due chiefly to short outlay under stipends in *training schools* and *Grants-in-aid*.

29, *Superannuation.*—The expenditure was ·56 higher than the grant, which was inadequate. The Accountant-General should in future apply for additional allotments as soon as it is apparent that the allotment is likely to prove insufficient.

30, *Stationery and Printing.*—A sum of ·13 was surrendered on account of *Printing of Settlement Registers* but the original estimate was finally exceeded by 1·11 and the revised by ·99 owing to large increases in the demands for stationery articles especially from the Revenue Survey Department, Collectorates, the Registration Department, and the Board of Revenue (Land Revenue). These have been explained by the Superintendent of Stationery in his annual report which is now before Government.

45, *Civil Works—Agency Charges.*—An excess of ·32 was covered by supplemental grants, which do not appear to have been taken into account in the revised estimate.

45, *Civil Works—Municipal.*—The original grant for drainage and water-supply projects and miscellaneous public improvements was 3·40, but before 8 months of the year had elapsed a sum of 2·57 was surrendered. Assignments for other works were however made to the extent of 1·46, so that the savings amounted to 1·11. Of this ·45 was re-appropriated for other purposes, and ·66 lapsed entirely. As in the case of *loans*, so under *grants*, these constant lapses in the provision for municipal works are to be regretted. The actuals include ·44 on account of the Marlimund water-supply, which was first surrendered and excluded from the revised estimate, but ultimately drawn before the close of the year. The grant of ·19 for the drainage of Cuddapah was not utilised.

45, *Civil Works—Public Works.*—The outlay reported up to date by the Public Works Department is 2·78 lakhs less than the sanctioned grant and 1·95 lower than the revised estimate. It is probable that the supplemental accounts will show a larger expenditure.

9. CLOSING BALANCE.—Adopting the figures of the Public Works Department the balance comes to 39·30 lakhs, or 19·30 lakhs better than was expected in the budget and 4·30 lakhs higher than in the revised estimate. Allowance should, however, be made for the following adjustments which the Accountant-General has not included in the present statement, but which will be booked before the accounts are finally closed:—

(i) A write-back of 1·13 lakhs to be adjusted to the credit of Provincial revenues under 21, *Marine*, on account of the dredger *Wenlock* (G.O., dated 13th August 1895, No. 586, Financial).

(ii) Probable further adjustments in the Civil and Public Works books up to about one lakh.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—again the following papers :—

G.O., dated 31st October 1894, No. 919, Financial.

ABSTRACT.—Passing orders on correspondence relating to certain alterations made by the Accountant-General in the column "*Budget Grant*" of the monthly Provincial accounts submitted to Government.

G.O., dated 9th January 1895, No. 13, Financial.

ABSTRACT.—Recording letter from the Government of India on the same subject and stating that the new form of statements of monthly accounts may be brought into force from the 1st January 1895.

G.O., dated 19th March 1895, No. 256, Financial.

ABSTRACT.—Passing orders on the final accounts of Provincial revenue and expenditure for 1893-94.

READ—also the following papers :—

From the Accountant-General, dated 20th May 1895, No. B.J.H.-5, submitting the Preliminary Account of Provincial Services for March 1895, and Memorandum, No. B.J.H.-6, showing the approximate Provincial balance on 31st March 1895, including further adjustments that will be made in the Final Accounts for March 1895.

From the Accountant-General, dated 25th July 1895, No. 1951, forwarding a revised statement of actuals for 1894-95, as furnished to the Government of India.

From the Public Works Department, dated 26th July 1895, No. 625 D., forwarding revised statement of Public Works receipts and charges for March 1895.

ORDER—dated 6th September 1895, No. 667, Financial.

The statements forwarded by the Accountant-General have been recast in Appendix B to these Proceedings so as to exhibit the financial position in one view, the actuals furnished by the Public Works Department having been substituted for the figures entered by the Accountant-General. A column has been added for the revised estimates. The more important re-appropriations sanctioned during the course of the year have been included in the column of "*Alterations.*" A table at foot of the statement explains the nature of the transfers, specifying the authority in each case, and shows the lapses and savings reported to the Financial Department which have also been deducted from the column "Budget grant." This procedure should be adopted in future statements of the kind.

2. The accounts (approximate) for 1894–95 compare with the budget and revised estimates as follows :—

Provincial.	Budget estimate.	Revised estimate.	Approximate actuals.
	LAKHS.	LAKHS.	LAKHS.
Opening balance	26·45	29·36	29·36
Revenue and Receipts—			
Principal heads of Revenue	244·96	252·32	255·74
Land Revenue adjustments	28·68	29·70	29·68
Other Civil heads	31·52	31·40	32·10
Public Works Department heads	4·89	5·16	5·03
Total	310·05	318·58	322·55
Expenditure—			
Principal heads	77·52	75·99	76·14
Other Civil heads	183·87	182·58	184·28
Public Works Department heads	55·11	54·37	52·19
Total	316·50	312·94	312·61
Surplus (+) Deficit (—)	— 6·45	+ 5·64	+ 9·94
Closing balance	20·00	35·00	39·30

3. It is unnecessary to enter into any detailed examination of the figures under each minor head in the review of these accounts. Explanations as regards the variations between the estimates and the actuals will in due course be given by the Accountant-General in his appropriation report, a copy of which will, under the instructions conveyed in Finance and Commerce Department Resolution, dated 31st January 1895, No. 553-A, * accompany the annual consolidated statement showing excess expenditure over budget grants. The revised estimate has already been compared with the budget estimate in the Financial statement (pages 43 and 44 of the Supplement to the *Fort St. George Gazette*, dated 11th June 1895) and it will be sufficient if the differences in the actuals, so far as they have now been ascertained, are briefly adverted to.

* G.O., dated 15th February 1895, No. 154.

4. OPENING BALANCE.—The increase of 3 lakhs in the opening balance was mainly due to the unforeseen rise under Land Revenue collections (paragraph 9 of G.O., dated 19th March 1895, No. 256, Financial).

5. REVENUE AND RECEIPTS.—As compared with the sanctioned budget, the actuals showed an improvement of 12½ lakhs, nearly the whole of which occurred under the principal heads of revenue, and about one-half under Land Revenue collections.† As compared with the revised estimates, there was an increase of nearly 4 lakhs ‡ which was again chiefly due to larger collections under Land Revenue. As already desired in G.O., dated 19th March 1895, No. 256, Financial, the Board of Revenue should investigate the causes of the steady and continuous increase of actuals over estimates in the receipts from this source and arrange for obtaining more detailed and accurate information in future.

† Land revenue collections	5·16
„ „ adjustments	1·00
Stamps	2·80
Excise	1·92
Assessed taxes	·90
‡ Land Revenue	2·42
Stamps	·55
Excise	·42

6. The Finance Committee of 1886–87 fixed § the normal Land Revenue of the Presidency at 454·55 lakhs and, when settling the present Provincial contract, the Government of India was requested ‖ to take the average at 480 lakhs. The Government desires to learn from the Board of Revenue what proportion of the increase in the present standard (536 lakhs) ¶ is due to—

§ Paragraph 19 of Note on the Madras Provincial contract.

‖ Letter, dated 1st December 1891, No. 1262, paragraph 2.

¶ Actuals, 1894–95	535·24
Budget, 1895–96	536·17

(i) more favourable seasons;
(ii) enhanced taxation imposed—

(*a*) by the revision of settlements,
(*b*) by the introduction of new settlements, water-rates, &c.;

(iii) improved efficiency of the subordinate district administrative agency;
(iv) prompter collections and a better system of accounts; and
(v) other causes, if any.

7. Under other heads of receipts, the principal variations as compared with the estimates are noted below, with a rough indication of the causes, so far as they can now be ascertained :—

IX. Forest—showed an excess of ·45 lakh over the budget estimate, which was due to unexpectedly large collections under *Grazing and fodder grass* and *Miscellaneous receipts*. The actuals were, however, ·05 below the revised estimate.

X. Registration.—The receipts were ·52 below the budget estimate, owing apparently to the more favourable season. The revised estimate was exceeded by ·08.

XII. Interest.—In consequence of larger re-payments of land improvement loans, the actuals were ·38 and ·11 short of the budget and revised figures respectively.

XVI-A. Law and Justice—Courts.—The estimates were exceeded by ·17 and ·21, respectively, on account of enhanced receipts under *Fees, High Court* and *Magisterial fines*.

XVI-B. Jails.—Jail manufactures and *Miscellaneous receipts* contributed to an increase of ·67 over the sanctioned budget and ·04 over the revised estimate.

XXIII. Stationery and Printing.—An increase of ·16 as compared with the budget was due to larger *sales of Acts, books, printed judgments, &c.*

Adjusting Heads.—The recovery from the Tanjore District Board on account of the Máyavaram-Muttupet Railway was one lakh below the budget figure owing to the outlay incurred from Provincial funds in the previous year having been less than was originally expected.

8. EXPENDITURE.—The total disbursements of the year were 3·89 lakhs less than the sanctioned grant. Savings to the extent of nearly 3 lakhs were formally reported by heads of departments as shown in the foot-notes to the Appendix to these Proceedings. The actuals fell short of the revised estimate by only ·33 lakh. The most important variations were as follows :—

1, *Refunds and Drawbacks.*—The budget and revised estimates were exceeded by ·47 and ·32, respectively, owing chiefly to inadequate provision under *Forest refunds*, where the actuals amounted to ·31 against a grant of ·02. The special attention of the Board of Revenue will be drawn to the point in the Revenue Department.

3, *Land Revenue.*—A lapse of ·22 lakh was anticipated under "*Purchase of survey instruments*" (G.O., dated 25th September 1894, No. 783, Financial), and re-appropriations to the extent of ·13 lakh were sanctioned from savings expected under *Salaries*; but these savings were, in the actuals, more than absorbed by the debit to this head of one-fifth of the cost of Revenue Inspectors (·54 lakh), which, in the sanctioned estimates was included under 19, *A. Law and Justice.*

5, *Salt*; 7, *Excise*; *and* 11, *Forest.*—As compared with the estimates, lapses of ·98 and ·20 occurred under the first two heads and of ·84 and ·12 under the last head.

9, *Customs.*—An increase of ·23 was caused by the charges imposed by the new Tariff Act, but the Board of Revenue should have obtained an additional allotment to cover the expenditure (G.O., dated 2nd May 1895, No. 353, Financial).

12, *Registration.*—A decrease of ·19 as compared with the budget grant was due mainly to the postponement of the scheme for re-grading registrars and sub-registrars.

18, *General Administration.*—The grant was exceeded by ·29 owing to the employment of officers on special duty in the Secretariat, to heavier payments on account of exchange compensation allowance and record charges, and to the absence on privilege leave of members of the Board of Revenue.

19-A, *Law and Justice—Courts.*—In consequence of unusually large disbursements under *Law charges* and *Refunds*, the actuals were ·30 in excess of the grant, notwithstanding the transfer of one-fifth of the cost of Revenue Inspectors to 3, *Land Revenue.*

20, *Police.*—The expenditure was ·58 below the grant, mainly owing to short expenditure under *Clothing, Arms and accoutrements, Reorganisation of the District force,* and *Construction and repair of pounds.*

21, *Marine.*—The grant was exceeded by ·15, as a contribution of ·31 for the dredger *Wenlock* was adjusted to the credit of the Pámban pilotage fund. This will have to be reversed.

22, *Education.*—A saving of ·25 was due chiefly to short outlay under stipends in *training schools* and *Grants-in-aid.*

29, *Superannuation.*—The expenditure was ·56 higher than the grant, which was inadequate. The Accountant-General should in future apply for additional allotments as soon as it is apparent that the allotment is likely to prove insufficient.

30, *Stationery and Printing.*—A sum of ·13 was surrendered on account of *Printing of Settlement Registers* but the original estimate was finally exceeded by 1·11 and the revised by ·99 owing to large increases in the demands for stationery articles especially from the Revenue Survey Department, Collectorates, the Registration Department, and the Board of Revenue (Land Revenue). These have been explained by the Superintendent of Stationery in his annual report which is now before Government.

45, *Civil Works—Agency Charges.*—An excess of ·32 was covered by supplemental grants, which do not appear to have been taken into account in the revised estimate.

45, *Civil Works—Municipal.*—The original grant for drainage and water-supply projects and miscellaneous public improvements was 3·40, but before 8 months of the year had elapsed a sum of 2·57 was surrendered. Assignments for other works were however made to the extent of 1·46, so that the savings amounted to 1·11. Of this ·45 was re-appropriated for other purposes, and ·66 lapsed entirely. As in the case of *loans*, so under *grants*, these constant lapses in the provision for municipal works are to be regretted. The actuals include ·44 on account of the Marlimund water-supply, which was first surrendered and excluded from the revised estimate, but ultimately drawn before the close of the year. The grant of ·19 for the drainage of Cuddapah was not utilised.

45, *Civil Works—Public Works.*—The outlay reported up to date by the Public Works Department is 2·78 lakhs less than the sanctioned grant and 1·95 lower than the revised estimate. It is probable that the supplemental accounts will show a larger expenditure.

9. CLOSING BALANCE.—Adopting the figures of the Public Works Department the balance comes to 39·30 lakhs, or 19·30 lakhs better than was expected in the budget and 4·30 lakhs higher than in the revised estimate. Allowance should, however, be made for the following adjustments which the Accountant-General has not included in the present statement, but which will be booked before the accounts are finally closed :—

(i) A write-back of 1·13 lakhs to be adjusted to the credit of Provincial revenues under 21, *Marine,* on account of the dredger *Wenlock* (G.O., dated 13th August 1895, No. 586, Financial).

(ii) Probable further adjustments in the Civil and Public Works books up to about one lakh.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—again the following papers :—

G.O., dated 31st October 1894, No. 919, Financial.

ABSTRACT.—Passing orders on correspondence relating to certain alterations made by the Accountant-General in the column "*Budget Grant*" of the monthly Provincial accounts submitted to Government.

G.O., dated 9th January 1895, No. 13, Financial.

ABSTRACT.—Recording letter from the Government of India on the same subject and stating that the new form of statements of monthly accounts may be brought into force from the 1st January 1895.

G.O., dated 19th March 1895, No. 256, Financial.

ABSTRACT.—Passing orders on the final accounts of Provincial revenue and expenditure for 1893–94.

READ—also the following papers :—

From the Accountant-General, dated 20th May 1895, No. B.J.H.-5, submitting the Preliminary Account of Provincial Services for March 1895, and Memorandum, No. B.J.H.-6, showing the approximate Provincial balance on 31st March 1895, including further adjustments that will be made in the Final Accounts for March 1895.

From the Accountant-General, dated 25th July 1895, No. 1951, forwarding a revised statement of actuals for 1894–95, as furnished to the Government of India.

From the Public Works Department, dated 26th July 1895, No. 625 D., forwarding revised statement of Public Works receipts and charges for March 1895.

ORDER—dated 6th September 1895, No. 667, Financial.

The statements forwarded by the Accountant-General have been recast in Appendix B to these Proceedings so as to exhibit the financial position in one view, the actuals furnished by the Public Works Department having been substituted for the figures entered by the Accountant-General. A column has been added for the revised estimates. The more important re-appropriations sanctioned during the course of the year have been included in the column of "*Alterations.*" A table at foot of the statement explains the nature of the transfers, specifying the authority in each case, and shows the lapses and savings reported to the Financial Department which have also been deducted from the column "Budget grant." This procedure should be adopted in future statements of the kind.

2. The accounts (approximate) for 1894–95 compare with the budget and revised estimates as follows :—

Provincial.	Budget estimate.	Revised estimate.	Approximate actuals.
	LAKHS.	LAKHS.	LAKHS.
Opening balance	26·45	29·36	29·36
Revenue and Receipts—			
Principal heads of Revenue	244·96	252·32	255·74
Land Revenue adjustments	28·68	29·70	29·68
Other Civil heads	31·52	31·40	32·10
Public Works Department heads	4·89	5·16	5·03
Total	310·05	318·58	322·55
Expenditure—			
Principal heads	77·52	75·99	76·14
Other Civil heads	183·87	182·58	184·28
Public Works Department heads	55·11	54·37	52·19
Total	316·50	312·94	312·61
Surplus (+) Deficit (—)	— 6·45	+ 5·64	+ 9·94
Closing balance	20·00	35·00	39·30

3. It is unnecessary to enter into any detailed examination of the figures under each minor head in the review of these accounts. Explanations as regards the variations between the estimates and the actuals will in due course be given by the Accountant-General in his appropriation report, a copy of which will, under the instructions conveyed in Finance and Commerce Department Resolution, dated 31st January 1895, No. 553-A, * accompany the annual consolidated statement showing excess expenditure over budget grants. The revised estimate has already been compared with the budget estimate in the Financial statement (pages 43 and 44 of the Supplement to the *Fort St. George Gazette*, dated 11th June 1895) and it will be sufficient if the differences in the actuals, so far as they have now been ascertained, are briefly adverted to.

* G.O., dated 15th February 1895, No. 154.

4. OPENING BALANCE.—The increase of 3 lakhs in the opening balance was mainly due to the unforeseen rise under Land Revenue collections (paragraph 9 of G.O., dated 19th March 1895, No. 256, Financial).

5. REVENUE AND RECEIPTS.—As compared with the sanctioned budget, the actuals showed an improvement of 12½ lakhs, nearly the whole of which occurred under the principal heads of revenue, and about one-half under Land Revenue collections.† As compared with the revised estimates, there was an increase of nearly 4 lakhs ‡ which was again chiefly due to larger collections under Land Revenue. As already desired in G.O., dated 19th March 1895, No. 256, Financial, the Board of Revenue should investigate the causes of the steady and continuous increase of actuals over estimates in the receipts from this source and arrange for obtaining more detailed and accurate information in future.

† Land revenue collections	5·16
„ „ adjustments	1·00
Stamps	2·80
Excise	1·92
Assessed taxes	·90
‡ Land Revenue	2·42
Stamps	·55
Excise	·42

6. The Finance Committee of 1886–87 fixed § the normal Land Revenue of the Presidency at 454·55 lakhs and, when settling the present Provincial contract, the Government of India was requested ‖ to take the average at 480 lakhs. The Government desires to learn from the Board of Revenue what proportion of the increase in the present standard (536 lakhs) ¶ is due to—

§ Paragraph 19 of Note on the Madras Provincial contract.

‖ Letter, dated 1st December 1891, No. 1262, paragraph 2.

¶ Actuals, 1894–95	535·24
Budget, 1895–96	536·17

(i) more favourable seasons;
(ii) enhanced taxation imposed—

(*a*) by the revision of settlements,
(*b*) by the introduction of new settlements, water-rates, &c.;

(iii) improved efficiency of the subordinate district administrative agency;
(iv) prompter collections and a better system of accounts; and
(v) other causes, if any.

7. Under other heads of receipts, the principal variations as compared with the estimates are noted below, with a rough indication of the causes, so far as they can now be ascertained :—

IX. Forest—showed an excess of ·45 lakh over the budget estimate, which was due to unexpectedly large collections under *Grazing and fodder grass* and *Miscellaneous receipts*. The actuals were, however, ·05 below the revised estimate.

X. Registration.—The receipts were ·52 below the budget estimate, owing apparently to the more favourable season. The revised estimate was exceeded by ·08.

XII. Interest.—In consequence of larger re-payments of land improvement loans, the actuals were ·38 and ·11 short of the budget and revised figures respectively.

XVI-A. Law and Justice—Courts.—The estimates were exceeded by ·17 and ·21, respectively, on account of enhanced receipts under *Fees, High Court* and *Magisterial fines*.

XVI-B. Jails.—Jail manufactures and *Miscellaneous receipts* contributed to an increase of ·67 over the sanctioned budget and ·04 over the revised estimate.

XXIII. Stationery and Printing.—An increase of ·16 as compared with the budget was due to larger *sales of Acts, books, printed judgments, &c.*

Adjusting Heads.—The recovery from the Tanjore District Board on account of the Máyavaram-Muttupet Railway was one lakh below the budget figure owing to the outlay incurred from Provincial funds in the previous year having been less than was originally expected.

8. EXPENDITURE.—The total disbursements of the year were 3·89 lakhs less than the sanctioned grant. Savings to the extent of nearly 3 lakhs were formally reported by heads of departments as shown in the foot-notes to the Appendix to these Proceedings. The actuals fell short of the revised estimate by only ·33 lakh. The most important variations were as follows :—

1, *Refunds and Drawbacks.*—The budget and revised estimates were exceeded by ·47 and ·32, respectively, owing chiefly to inadequate provision under *Forest refunds*, where the actuals amounted to ·31 against a grant of ·02. The special attention of the Board of Revenue will be drawn to the point in the Revenue Department.

3, *Land Revenue.*—A lapse of ·22 lakh was anticipated under "*Purchase of survey instruments*" (G.O., dated 25th September 1894, No. 783, Financial), and re-appropriations to the extent of ·13 lakh were sanctioned from savings expected under *Salaries*; but these savings were, in the actuals, more than absorbed by the debit to this head of one-fifth of the cost of Revenue Inspectors (·54 lakh), which, in the sanctioned estimates was included under 19, *A. Law and Justice*.

5, *Salt*; 7, *Excise*; *and* 11, *Forest.*—As compared with the estimates, lapses of ·98 and ·20 occurred under the first two heads and of ·84 and ·12 under the last head.

9, *Customs.*—An increase of ·23 was caused by the charges imposed by the new Tariff Act, but the Board of Revenue should have obtained an additional allotment to cover the expenditure (G.O., dated 2nd May 1895, No. 353, Financial).

12, *Registration.*—A decrease of ·19 as compared with the budget grant was due mainly to the postponement of the scheme for re-grading registrars and sub-registrars.

18, *General Administration.*—The grant was exceeded by ·29 owing to the employment of officers on special duty in the Secretariat, to heavier payments on account of exchange compensation allowance and record charges, and to the absence on privilege leave of members of the Board of Revenue.

19-A, *Law and Justice—Courts.*—In consequence of unusually large disbursements under *Law charges* and *Refunds*, the actuals were ·30 in excess of the grant, notwithstanding the transfer of one-fifth of the cost of Revenue Inspectors to 3, *Land Revenue*.

2. The accounts (approximate) for 1894–95 compare with the budget and revised estimates as follows :—

Provincial.	Budget estimate.	Revised estimate.	Approximate actuals.
	LAKHS.	LAKHS.	LAKHS.
Opening balance	26·45	29·36	29·36
Revenue and Receipts—			
Principal heads of Revenue	244·96	252·32	255·74

Expenditure—			
Principal heads	77·52	75·99	76·14
Other Civil heads	183·87	182·58	184·28
Public Works Department heads ..	55·11	54·37	52·19
Total ..	316·50	312·94	312·61
Surplus (+) Deficit (—) ..	— 6·45	+ 5·64	+ 9·94
Closing balance	20·00	35·00	39·30

3. It is unnecessary to enter into any detailed examination of the figures under each minor head in the review of these accounts. Explanations as regards the variations between the estimates and the actuals will in due course be given by the Accountant-General in his appropriation report, a copy of which will, under the instructions conveyed in Finance and Commerce Department Resolution, dated 31st January 1895, No. 553-A, * accompany the annual consolidated statement showing excess expenditure over budget grants. The revised estimate has already been compared with the budget estimate in the Financial statement (pages 43 and 44 of the Supplement to the *Fort St. George Gazette*, dated 11th June 1895) and it will be sufficient if the differences in the actuals, so far as they have now been ascertained, are briefly adverted to.

* G.O., dated 15th February 1895, No. 154.

4. OPENING BALANCE.—The increase of 3 lakhs in the opening balance was mainly due to the unforeseen rise under Land Revenue collections (paragraph 9 of G.O., dated 19th March 1895, No. 256, Financial).

5. REVENUE AND RECEIPTS.—As compared with the sanctioned budget, the actuals showed an improvement of 12½ lakhs, nearly the whole of which occurred under the principal heads of revenue, and about one-half under Land Revenue collections.† As compared with the revised estimates, there was an increase of nearly 4 lakhs ‡ which was again chiefly due to larger collections under Land Revenue. As already desired in G.O., dated 19th March 1895, No. 256, Financial, the Board of Revenue should investigate the causes of the steady and continuous increase of actuals over estimates in the receipts from this source and arrange for obtaining more detailed and accurate information in future.

† Land revenue collections	5·16
„ „ adjustments	1·00
Stamps	2·80
Excise	1·92
Assessed taxes	·90
‡ Land Revenue	2·42
Stamps	·55
Excise	·42

6. The Finance Committee of 1886–87 fixed § the normal Land Revenue of the Presidency at 454·55 lakhs and, when settling the present Provincial contract, the Government of India was requested ‖ to take the average at 480 lakhs. The Government desires to learn from the Board of Revenue what proportion of the increase in the present standard (536 lakhs) ¶ is due to—

§ Paragraph 19 of Note on the Madras Provincial contract.

‖ Letter, dated 1st December 1891, No. 1262, paragraph 2.

¶ Actuals, 1894–95	535·24
Budget, 1895–96	536·17

(i) more favourable seasons;
(ii) enhanced taxation imposed—

(*a*) by the revision of settlements,
(*b*) by the introduction of new settlements, water-rates, &c.;

(iii) improved efficiency of the subordinate district administrative agency;
(iv) prompter collections and a better system of accounts; and
(v) other causes, if any.

7. Under other heads of receipts, the principal variations as compared with the estimates are noted below, with a rough indication of the causes, so far as they can now be ascertained :—

IX. Forest—showed an excess of ·45 lakh over the budget estimate, which was due to unexpectedly large collections under *Grazing and fodder grass* and *Miscellaneous receipts*. The actuals were, however, ·05 below the revised estimate.

X. Registration.—The receipts were ·52 below the budget estimate, owing apparently to the more favourable season. The revised estimate was exceeded by ·08.

XII. Interest.—In consequence of larger re-payments of land improvement loans, the actuals were ·38 and ·11 short of the budget and revised figures respectively.

XVI-J. Law and Justice—Courts.—The estimates were exceeded by ·17 and ·21, respectively, on account of enhanced receipts under *Fees, High Court* and *Magisterial fines*.

XVI-B. Jails.—Jail manufactures and *Miscellaneous receipts* contributed to an increase of ·67 over the sanctioned budget and ·04 over the revised estimate.

XXIII. Stationery and Printing.—An increase of ·16 as compared with the budget was due to larger *sales of Acts, books, printed judgments, &c.*

Adjusting Heads.—The recovery from the Tanjore District Board on account of the Máyavaram-Muttupet Railway was one lakh below the budget figure owing to the outlay incurred from Provincial funds in the previous year having been less than was originally expected.

8. EXPENDITURE.—The total disbursements of the year were 3·89 lakhs less than the sanctioned grant. Savings to the extent of nearly 3 lakhs were formally reported by heads of departments as shown in the foot-notes to the Appendix to these Proceedings. The actuals fell short of the revised estimate by only ·33 lakh. The most important variations were as follows :—

1, *Refunds and Drawbacks.*—The budget and revised estimates were exceeded by ·47 and ·32, respectively, owing chiefly to inadequate provision under *Forest refunds*, where the actuals amounted to ·31 against a grant of ·02. The special attention of the Board of Revenue will be drawn to the point in the Revenue Department.

3, *Land Revenue.*—A lapse of ·22 lakh was anticipated under "*Purchase of survey instruments*" (G.O., dated 25th September 1894, No. 783, Financial), and re-appropriations to the extent of ·13 lakh were sanctioned from savings expected under *Salaries*; but these savings were, in the actuals, more than absorbed by the debit to this head of one-fifth of the cost of Revenue Inspectors (·54 lakh), which, in the sanctioned estimates was included under 19, *A. Law and Justice*.

5, *Salt*; 7, *Excise*; *and* 11, *Forest.*—As compared with the estimates, lapses of ·98 and ·20 occurred under the first two heads and of ·84 and ·12 under the last head.

9, *Customs.*—An increase of ·23 was caused by the charges imposed by the new Tariff Act, but the Board of Revenue should have obtained an additional allotment to cover the expenditure (G.O., dated 2nd May 1895, No. 353, Financial).

12, *Registration.*—A decrease of ·19 as compared with the budget grant was due mainly to the postponement of the scheme for re-grading registrars and sub-registrars.

18, *General Administration.*—The grant was exceeded by ·29 owing to the employment of officers on special duty in the Secretariat, to heavier payments on account of exchange compensation allowance and record charges, and to the absence on privilege leave of members of the Board of Revenue.

19-A, *Law and Justice—Courts.*—In consequence of unusually large disbursements under *Law charges* and *Refunds*, the actuals were ·30 in excess of the grant, notwithstanding the transfer of one-fifth of the cost of Revenue Inspectors to 3, *Land Revenue*.

20, *Police.*—The expenditure was ·58 below the grant, mainly owing to short expenditure under *Clothing*, *Arms and accoutrements*, *Reorganisation of the District force*, and *Construction and repair of pounds*.

21, *Marine.*—The grant was exceeded by ·15, as a contribution of ·31 for the dredger *Wenlock* was adjusted to the credit of the Pámban pilotage fund. This will have to be reversed.

22, *Education.*—A saving of ·25 was due chiefly to short outlay under stipends in *training schools* and *Grants-in-aid*.

29, *Superannuation.*—The expenditure was ·56 higher than the grant, which was inadequate. The Accountant-General should in future apply for additional allotments as soon as it is apparent that the allotment is likely to prove insufficient.

30, *Stationery and Printing.*—A sum of ·13 was surrendered on account of *Printing of Settlement Registers* but the original estimate was finally exceeded by 1·11 and the revised by ·99 owing to large increases in the demands for stationery articles especially from the Revenue Survey Department, Collectorates, the Registration Department, and the Board of Revenue (Land Revenue). These have been explained by the Superintendent of Stationery in his annual report which is now before Government.

45, *Civil Works—Agency Charges.*—An excess of ·32 was covered by supplemental grants, which do not appear to have been taken into account in the revised estimate.

45, *Civil Works—Municipal.*—The original grant for drainage and water-supply projects and miscellaneous public improvements was 3·40, but before 8 months of the year had elapsed a sum of 2·57 was surrendered. Assignments for other works were however made to the extent of 1·46, so that the savings amounted to 1·11. Of this ·45 was re-appropriated for other purposes, and ·66 lapsed entirely. As in the case of *loans*, so under *grants*, these constant lapses in the provision for municipal works are to be regretted. The actuals include ·44 on account of the Marlimund water-supply, which was first surrendered and excluded from the revised estimate, but ultimately drawn before the close of the year. The grant of ·19 for the drainage of Cuddapah was not utilised.

45, *Civil Works—Public Works.*—The outlay reported up to date by the Public Works Department is 2·78 lakhs less than the sanctioned grant and 1·95 lower than the revised estimate. It is probable that the supplemental accounts will show a larger expenditure.

9. CLOSING BALANCE.—Adopting the figures of the Public Works Department the balance comes to 39·30 lakhs, or 19·30 lakhs better than was expected in the budget and 4·30 lakhs higher than in the revised estimate. Allowance should, however, be made for the following adjustments which the Accountant-General has not included in the present statement, but which will be booked before the accounts are finally closed :—

(i) A write-back of 1·13 lakhs to be adjusted to the credit of Provincial revenues under 21, *Marine*, on account of the dredger *Wenlock* (G.O., dated 13th August 1895, No. 586, Financial).

(ii) Probable further adjustments in the Civil and Public Works books up to about one lakh.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—again the following papers:—

G.O., dated 31st October 1894, No. 919, Financial.

ABSTRACT.—Passing orders on correspondence relating to certain alterations made by the Accountant-General in the column "*Budget Grant*" of the monthly Provincial accounts submitted to Government.

Govt 2970 12-11-94

G.O., dated 9th January 1895, No. 13, Financial.

ABSTRACT.—Recording letter from the Government of India on the same subject and stating that the new form of statements of monthly accounts may be brought into force from the 1st January 1895.

Govt 193 2-1-95

G.O., dated 19th March 1895, No. 256, Financial.

ABSTRACT.—Passing orders on the final accounts of Provincial revenue and expenditure for 1893–94.

Govt 989 19-3-95

READ—also the following papers:—

From the Accountant-General, dated 20th May 1895, No. B.J.H.-5, submitting the Preliminary Account of Provincial Services for March 1895, and Memorandum, No. B.J.H.-6, showing the approximate Provincial balance on 31st March 1895, including further adjustments that will be made in the Final Accounts for March 1895.

From the Accountant-General, dated 25th July 1895, No. 1951, forwarding a revised statement of actuals for 1894–95, as furnished to the Government of India.

From the Public Works Department, dated 26th July 1895, No. 625 D., forwarding revised statement of Public Works receipts and charges for March 1895.

ORDER—dated 6th September 1895, No. 667, Financial.

The statements forwarded by the Accountant-General have been recast in Appendix B to these Proceedings so as to exhibit the financial position in one view, the actuals furnished by the Public Works Department having been substituted for the figures entered by the Accountant-General. A column has been added for the revised estimates. The more important re-appropriations sanctioned during the course of the year have been included in the column of "*Alterations.*" A table at foot of the statement explains the nature of the transfers, specifying the authority in each case, and shows the lapses and savings reported to the Financial Department which have also been deducted from the column "Budget grant." This procedure should be adopted in future statements of the kind.

2. The accounts (approximate) for 1894–95 compare with the budget and revised estimates as follows :—

Provincial.	Budget estimate.	Revised estimate.	Approximate actuals.
	LAKHS.	LAKHS.	LAKHS.
Opening balance	26·45	29·36	29·36
Revenue and Receipts—			
Principal heads of Revenue	244·96	252·32	255·74
Land Revenue adjustments	28·68	29·70	29·68
Other Civil heads	31·52	31·40	32·10
Public Works Department heads ..	4·89	5·16	5·03
Total ..	310·05	318·58	322·55
Expenditure—			
Principal heads	77·52	75·99	76·14
Other Civil heads	183·87	182·58	184·28
Public Works Department heads ..	55·11	54·37	52·19
Total ..	316·50	312·94	312·61
Surplus (+) Deficit (—) ..	— 6·45	+ 5·64	+ 9·94
Closing balance	20·00	35·00	39·30

3. It is unnecessary to enter into any detailed examination of the figures under each minor head in the review of these accounts. Explanations as regards the variations between the estimates and the actuals will in due course be given by the Accountant-General in his appropriation report, a copy of which will, under the instructions conveyed in Finance and Commerce Department Resolution, dated 31st January 1895, No. 553-A, * accompany the annual consolidated statement showing excess expenditure over budget grants. The revised estimate has already been compared with the budget estimate in the Financial statement (pages 43 and 44 of the Supplement to the *Fort St. George Gazette*, dated 11th June 1895) and it will be sufficient if the differences in the actuals, so far as they have now been ascertained, are briefly adverted to.

* G.O., dated 15th February 1895, No. 154.

4. OPENING BALANCE.—The increase of 3 lakhs in the opening balance was mainly due to the unforeseen rise under Land Revenue collections (paragraph 9 of G.O., dated 19th March 1895, No. 256, Financial).

5. REVENUE AND RECEIPTS.—As compared with the sanctioned budget, the actuals showed an improvement of 12½ lakhs, nearly the whole of which occurred under the principal heads of revenue, and about one-half under Land Revenue collections.† As compared with the revised estimates, there was an increase of nearly 4 lakhs ‡ which was again chiefly due to larger collections under Land Revenue. As already desired in G.O., dated 19th March 1895, No. 256, Financial, the Board of Revenue should investigate the causes of the steady and continuous increase of actuals over estimates in the receipts from this source and arrange for obtaining more detailed and accurate information in future.

† Land revenue collections	5·16
„ „ adjustments	1·00
Stamps	2·80
Excise	1·92
Assessed taxes	·90
‡ Land Revenue	2·42
Stamps	·55
Excise	·42

6. The Finance Committee of 1886–87 fixed § the normal Land Revenue of the Presidency at 454·55 lakhs and, when settling the present Provincial contract, the Government of India was requested ‖ to take the average at 480 lakhs. The Government desires to learn from the Board of Revenue what proportion of the increase in the present standard (536 lakhs) ¶ is due to—

§ Paragraph 19 of Note on the Madras Provincial contract.

‖ Letter, dated 1st December 1891, No. 1262, paragraph 2.

¶ Actuals, 1894–95	535·24
Budget, 1895–96	536·17

(i) more favourable seasons;
(ii) enhanced taxation imposed—
  (*a*) by the revision of settlements,
  (*b*) by the introduction of new settlements, water-rates, &c.;
(iii) improved efficiency of the subordinate district administrative agency;
(iv) prompter collections and a better system of accounts; and
(v) other causes, if any.

7. Under other heads of receipts, the principal variations as compared with the estimates are noted below, with a rough indication of the causes, so far as they can now be ascertained :—

IX. Forest—showed an excess of ·45 lakh over the budget estimate, which was due to unexpectedly large collections under *Grazing and fodder grass* and *Miscellaneous receipts*. The actuals were, however, ·05 below the revised estimate.

X. Registration.—The receipts were ·52 below the budget estimate, owing apparently to the more favourable season. The revised estimate was exceeded by ·08.

XII. Interest.—In consequence of larger re-payments of land improvement loans, the actuals were ·38 and ·11 short of the budget and revised figures respectively.

XVI-A. Law and Justice—Courts.—The estimates were exceeded by ·17 and ·21, respectively, on account of enhanced receipts under *Fees, High Court* and *Magisterial fines*.

XVI-B. Jails.—Jail manufactures and *Miscellaneous receipts* contributed to an increase of ·67 over the sanctioned budget and ·04 over the revised estimate.

XXIII. Stationery and Printing.—An increase of ·16 as compared with the budget was due to larger *sales of Acts, books, printed judgments, &c.*

Adjusting Heads.—The recovery from the Tanjore District Board on account of the Máyavaram-Muttupet Railway was one lakh below the budget figure owing to the outlay incurred from Provincial funds in the previous year having been less than was originally expected.

8. EXPENDITURE.—The total disbursements of the year were 3·89 lakhs less than the sanctioned grant. Savings to the extent of nearly 3 lakhs were formally reported by heads of departments as shown in the foot-notes to the Appendix to these Proceedings. The actuals fell short of the revised estimate by only ·33 lakh. The most important variations were as follows :—

1, *Refunds and Drawbacks.*—The budget and revised estimates were exceeded by ·47 and ·32, respectively, owing chiefly to inadequate provision under *Forest refunds*, where the actuals amounted to ·31 against a grant of ·02. The special attention of the Board of Revenue will be drawn to the point in the Revenue Department.

3, *Land Revenue.*—A lapse of ·22 lakh was anticipated under "*Purchase of survey instruments*" (G.O., dated 25th September 1894, No. 783, Financial), and re-appropriations to the extent of ·13 lakh were sanctioned from savings expected under *Salaries*; but these savings were, in the actuals, more than absorbed by the debit to this head of one-fifth of the cost of Revenue Inspectors (·54 lakh), which, in the sanctioned estimates was included under 19, *A. Law and Justice*.

5, *Salt*; 7, *Excise*; *and* 11, *Forest.*—As compared with the estimates, lapses of ·98 and ·20 occurred under the first two heads and of ·84 and ·12 under the last head.

9, *Customs.*—An increase of ·23 was caused by the charges imposed by the new Tariff Act, but the Board of Revenue should have obtained an additional allotment to cover the expenditure (G.O., dated 2nd May 1895, No. 353, Financial).

12, *Registration.*—A decrease of ·19 as compared with the budget grant was due mainly to the postponement of the scheme for re-grading registrars and sub-registrars.

18, *General Administration.*—The grant was exceeded by ·29 owing to the employment of officers on special duty in the Secretariat, to heavier payments on account of exchange compensation allowance and record charges, and to the absence on privilege leave of members of the Board of Revenue.

19-A, *Law and Justice—Courts.*—In consequence of unusually large disbursements under *Law charges* and *Refunds*, the actuals were ·30 in excess of the grant, notwithstanding the transfer of one-fifth of the cost of Revenue Inspectors to 3, *Land Revenue*.

20, *Police.*—The expenditure was ·58 below the grant, mainly owing to short expenditure under *Clothing, Arms and accoutrements, Reorganisation of the District force,* and *Construction and repair of pounds.*

21, *Marine.*—The grant was exceeded by ·15, as a contribution of ·31 for the dredger *Wenlock* was adjusted to the credit of the Pámban pilotage fund. This will have to be reversed.

22, *Education.*—A saving of ·25 was due chiefly to short outlay, under stipends in *training schools* and *Grants-in-aid.*

29, *Superannuation.*—The expenditure was ·56 higher than the grant, which was inadequate. The Accountant-General should in future apply for additional allotments as soon as it is apparent that the allotment is likely to prove insufficient.

30, *Stationery and Printing.*—A sum of ·13 was surrendered on account of *Printing of Settlement Registers* but the original estimate was finally exceeded by 1·11 and the revised by ·99 owing to large increases in the demands for stationery articles especially from the Revenue Survey Department, Collectorates, the Registration Department, and the Board of Revenue (Land Revenue). These have been explained by the Superintendent of Stationery in his annual report which is now before Government.

45, *Civil Works—Agency Charges.*—An excess of ·32 was covered by supplemental grants, which do not appear to have been taken into account in the revised estimate.

45, *Civil Works—Municipal.*—The original grant for drainage and water-supply projects and miscellaneous public improvements was 3·40, but before 8 months of the year had elapsed a sum of 2·57 was surrendered. Assignments for other works were however made to the extent of 1·46, so that the savings amounted to 1·11. Of this ·45 was re-appropriated for other purposes, and ·66 lapsed entirely. As in the case of *loans,* so under *grants,* these constant lapses in the provision for municipal works are to be regretted. The actuals include ·44 on account of the Marlimund water-supply, which was first surrendered and excluded from the revised estimate, but ultimately drawn before the close of the year. The grant of ·19 for the drainage of Cuddapah was not utilised.

45, *Civil Works—Public Works.*—The outlay reported up to date by the Public Works Department is 2·78 lakhs less than the sanctioned grant and 1·95 lower than the revised estimate. It is probable that the supplemental accounts will show a larger expenditure.

9. CLOSING BALANCE.—Adopting the figures of the Public Works Department the balance comes to 39·30 lakhs, or 19·30 lakhs better than was expected in the budget and 4·30 lakhs higher than in the revised estimate. Allowance should, however, be made for the following adjustments which the Accountant-General has not included in the present statement, but which will be booked before the accounts are finally closed :—

(i) A write-back of 1·13 lakhs to be adjusted to the credit of Provincial revenues under 21, *Marine,* on account of the dredger *Wenlock* (G.O., dated 13th August 1895, No. 586, Financial).

(ii) Probable further adjustments in the Civil and Public Works books up to about one lakh.

Note

Vice Principals Quarters, Teachers College at Saidapett.

Amount of Estimate Rs 406.

The Consulting architect to Govt. submits a second sup:plemental estimate amount:ing to Rs 406, in continuation of his letter No. 1056 dated 7th Feby 1896.

This supplemental estimate provides for fixing glazed shutters to the exposed doors & windows of the building in addition to the venetian shutters sanctioned, in order to admit light during rains and high winds.

The rate allowed is fair.

Sanction of the Govt. of India will be necessary in this case also.

[illegible]

The C.A. might

d/ 12th March 1896

Memo.

With reference to letter from the Consulting Architect to Govt No. 4821 dated 6th March 1896, the undersigned has the honor to inquire whether it is likely that any further supplemental estimates for work in connection with the quarters of the Vice Principal Teachers' College Saidapet will be submitted.

2. The amount of the original estimate was beyond the sanctioning powers of Government, and the sanction of the Govt of India had to be obtained thereto. Only recently (G.O. No. 877 W dated 10 March 1896) a supplemental estimate of Rs 603 was

forwarded to the Government of India for sanction, and the present one must be sent on in continuation. Before doing this, it is desirable to ascertain whether the second supplemental estimate of Rs. 406 meets all probable requirements

SIR,

In returning endorsement No 1248 Edl. dated 20th June 1896 I have the honour to state that the third supplemental estimate for improvements to the quarters of the Vice-Principal Teachers' College, Saidapet, was returned to the Public Works Department, through the Principal, as I considered it unnecessary just then to submit it to Government. The fittings &c which will be necessary only after the building is completed and handed over to the Department, may be carried out departmentally from the allotments in the Educational Budget.

I have the honour to be,
Sir,
Your most obedient servant,

(H.V. No: 2415 W. d/ 20 Augt: 1896)

To The Secy: to the Govt: of India
P.W. Deptt:

Sir, With reference to your letter No: 106 B. dated 24 March 1896

P.W. 40.
2,000—6-6-96

1896, I am directed to request the sanction of the Govt: of India to a further expenditure of Rs: 406 on the Government building now under con= =struction at Saidapet as a residence for the Vice Principal of the Teachers' College.

2. The sanctioned estimate provides only venetian shutters for the exposed doors & windows, and if these are closed during the prevalence of rain or heavy wind, all light is excluded from the rooms. It is found necessary therefore to add glass shutters to these doors and windows at a cost of Rs: 406. The total estimate for the work will now amount to Rs: 9,971, and it has been ascertained that no further expenditure by the P.W. Dept: is likely to be required in the completion of the building.

I have &c

28-4-20

2 Supplemental estimates for Vice Principal's quarters Saidapet—

Nos 2414-15 W. dy 20-8-96

* or Rs: 10968 including percentages but excluding the value of site which is Government land.
