office in November 1895 while all the articles objected to were supplied before that period. Moreover most of the articles were supplied at the verbal request of the officers and the Assistant Adjutant General, Bangalore District is unable to move in the matter without being furnished with the requisitions signed by the officers concerned as he states that the Officer Commanding 1st Dorset Shire Regiment disclaims responsibility in the matter. As it is impracticable at this distant date to specially name the officers at whose request the articles were supplied and as this is the first time that the Examiner has raised this objection, it is requested that the sanction of Government may be obtained to pass the items. A copy of appendix D of the office manual has been communicated to all the Sub Divisional officers who have been requested to pay special attention to its provisions before supplying any article of furniture to the military Department.

FINANCIAL DEPARTMENT.

READ—the following papers:—

From the Accountant-General, dated 18th May 1896, No. B.J.H-4, submitting the preliminary account of Provincial Services for March 1896, and memorandum showing the approximate Provincial balance on 31st March 1896, including further adjustments that will be made in the final accounts for March 1896.

From the Public Works Department, dated 19th May 1896, No. 204 D., forwarding statement of Public Works receipts and charges for March 1896.

ORDER—No. 426, Financial, dated 16th July 1896.

The statement submitted by the Accountant-General has been revised with reference to the actuals furnished by the Public Works Department and the further adjustments expected to be made in the final accounts. The result is shown in the appendix to these proceedings.

2. The approximate actuals for 1895–96 compare with the budget and revised estimates as follows:—

—	Budget estimate.	Revised estimate.	Approximate actuals.
	RS.	RS.	RS.
Opening balance	35·00	38·60	38·60
Receipts	322·08	330·89	331·70
	357·08	369·49	370·30
Charges	334·35	327·61	327·24
Closing balance	22·73	41·88	43·06

3. The principal variations in the receipts as compared with the budget are all in one direction:—

Land Revenue	+ 1·69
Stamps	+ 1·26
Excise	+ 1·64
Forest	+ 1·16
Law and Justice (Jails)	+ ·88
Marine	+ 1·11

4. The following statement compares the approximate actual expenditure with the budget grant, the revised estimate and the altered grant:—

Sir

In returning the correspondence forwarded with your letter No. 269 M dated 29th ultimo, I am desired by the G.O.C. Bangalore District to offer the following remarks:—

1. It would appear judging from the correspondence that these repairs have hitherto been done by the Public Works Department at Calicut and Malapuram without question.

2. They extend over two years having been done in August - October and November 1894 and July - August and November 1895 which in the letter to the Officer Commanding Calicut they are mixed together.

3

3. It is presumed that the 1894 Bills have (as would be the case in the M. W. D) been long passed and done with and the accounts closed.

4. The items - such as fringes and ropes for punkahs of Station Hospital - frills for Barracks Malapuram July 1895 - Tatties to Commissariat Buildings Malapuram November 1894 - Fringes and ropes to Station Hospital Calicut - August 1895 - appear to be legitimate charges and can no way be a charge against the troops. It is therefore suggested that the Examiner be asked to pass these charges.

Examiner declined to pass these, as they are not included amongst the articles to be by P.W.D. in G O 2768 W of 6/11/84
JER

5. It is not understood how it was that as it is not usual to supply punkahs and Tatties to officers Messes and quarters, the officer of the P. W. D at Malapuram did not send in charges at the time.

6. As the officer Commanding 1st Dorset Regiment disclaims responsibility in the matter and as it is presumed that these requirements were furnished on the requisition of the officer Commanding the Detachment at Calicut and Malapuram it is requested that copies of the requisitions signed by them may be furnished.

Sir,

With reference to your Endorsement No. $\frac{122}{C}$, dated 24th instant, on G.O. No. 766 W, dated 3rd instant, I have the honor to furnish the following explanation:—

* * * * *

Item 32 (a to c & E). A copy of letter No. $\frac{B}{1040}$, dated 18th instant from the Deputy Assistant Adjutant General, Bangalore District, who was requested to recover these amounts is herewith sent for information. The Sub Divis officer, Calicut, has been requested to submit the requisition on which these irregular debits were carried out. Every endeavour is being made to remove the objections at an early date but owing to the late change of of regiments in this District, there is likely to be some delay in recovering the amount from the Military Department. The objection of the Examiner to the supply and repair of mats, chicks and tatties is not very clear, as they do not seem to be articles of furniture at all and the fact of their being not included in the list of furniture printed with G.O. No 2768 W, dated 6th November 1884 seems no reason for their non-supply. The supply of mats and chicks to buildings occupied as residence is permissible under G.O. No 832 W, dated 27th March 1893 and the objection to Military Buildings similarly occupied, being provided with the requirements is not apparent. Moreover owing to the heavy six months monsoon peculiar to this Coast, the supply of tatties to buildings is as essential as any other item in an annual repair Estimate, s whitewashing, thatching &ca and are being rovided for in about all annual repair stimate for Provincial Buildings. It is also pointed out that these articles have been provided for Military Buildings in past years without any question. The Examiner may therefore be addressed on the subject with a view to removing these items from the the Provincial O.S. Statements.

PUBLIC WORKS DEPARTMENT.

ACCOUNT.
General.

Simla, the 27th July 1896.

Review of Budget Estimates of Expenditure from Incorporated Local Funds on Civil Works for 1896-97.

Read—

Finance Department Resolution No. 1142, dated 17th March 1892.

RESOLUTION.—This review refers to *Civil Works* under the control of Public Works officers, the outlay on which is met from *Incorporated Local* funds. The outlay on Public Works under district boards, which is not administered directly by the Public Works Department, is excluded, because it does not appear in the estimates of local Public Works Department officers, but in the local Civil estimates, and is accounted for to Civil Account officers; the total amount provided for expenditure on such works and services during the current year amounts to Rs. 1,16,08,000; the bulk of the outlay being in Bengal (Rs. 45,50,000), Madras (Rs. 40,79,000), and Bombay (Rs. 15,07,000).

2. The following statement shows the grants of the year, contrasted with the actual outlay during the five years ending 1894-95, and with the Revised Estimate for 1895-96.

PUBLIC WORKS DEPARTMENT.

ACCOUNT.
General.

Simla, the 27th July 1896.

Review of Budget Estimates of Expenditure from Incorporated Local Funds on Civil Works for 1896-97.

Read—

Finance Department Resolution No. 1142, dated 17th March 1892.

RESOLUTION.—This review refers to *Civil Works* under the control of Public Works officers, the outlay on which is met from *Incorporated Local* funds. The outlay on Public Works under district boards, which is not administered directly by the Public Works Department, is excluded, because it does not appear in the estimates of local Public Works Department officers, but in the local Civil estimates, and is accounted for to Civil Account officers; the total amount provided for expenditure on such works and services during the current year amounts to Rs. 1,16,08,000; the bulk of the outlay being in Bengal (Rs. 45,50,000), Madras (Rs. 40,79,000), and Bombay (Rs. 15,07,000).

2. The following statement shows the grants of the year, contrasted with the actual outlay during the five years ending 1894-95, and with the Revised Estimate for 1895-96.

It is satisfactory to observe that of the total assignment of Rs. 59,01,000 in 1896-97, Rs. 40,55,000 have been devoted to works of communication, which represents 68·72 per cent. of the total grant.

The following original works costing Rs. 50,000 and over are to be begun during the current official year :—

P. W. A.

Para 134, Chapter I, Vol: II of the P.W. Code leaves it optional to adjust expenditure incurred in P.W. Shops in one of the two ways.

(a) Monthly

(b) On completion of the job.

2. The latter method has hitherto been adopted in the Bezwada shops.

3. The system in vogue has rendered it necessary for the indenting Officer to make references regarding expenditure, more especially at the close of the official year. The information being needed to ascertain progress or regulate expenditure against grants.

4. The disadvantages of the present system are

(a) The stock balance is often unnecessarily high owing to unadjusted expenditure on incomplete jobs

(b) Consequent to this numerous explanations, when the ~~ad~~ unadjusted balance

nce is so large as to raise the stock balance in excess of the reserve limit.

(c) Indenting Officers are ignorant of the progress of expenditure until the job is completed or the official year closed.

(d) Explanations of short outlay have to be made in the monthly progress reports the short outlay being unadjusted expenditure on incomplete ~~works~~ jobs.

5. It has therefore been considered advisable to adopt the monthly mode of adjustment.

6. With monthly adjustments a slight alteration in Form No. W7 is necessary in order to properly exhibit the expenditure. A copy of the form as it now stands and another of the proposed form are herewith submitted with the request that the latter may be approved.

The alteration involves the addition of one Column to separate the expenditure on complete and incomplete jobs and to bring forward the expenditure on the latter until completed. This will give a/c of the cost of each job to date. Indirect charges will only be calculated on completion of a job otherwise clerical labour will be considerably increased.

Copy of letter from the Examiner, P.W.Accounts, Madras to the Executive Engineer Kistna Northern Division No.1731 D/A dated 17th June 1896.

With reference to your letter No.86 S.E.dated 12th May 1896 to the Superintending Engineer 2nd Circle proposing certain alterations in P.W.D.Form No.W 7 which you consider necessary, consequent on the adoption of the monthly adjustment of the expenditure incurred on Jobs in the Bezwada Workshops, I have the honour to enquire why the India Form No,W 7 without any modification should not be brought into use, as the further information contained in the Form as proposed by you viz Columns 3.8.9.12.13.and 14 will hardly be required if the expenditure be adjusted monthly, and no balances left outstanding at end of the month, The Government of India form will save your Office a good deal of clerical labor.

2. A record of expenditure on each Job costing over Rs.200 will be maintained in the Register of Works Code II.I.172 and this will give you all the information you may require;-for works costing under - Rs.200. Columns" Remarks" of the India Form can be utilized for showing the total expenditure to end of the month or a simple record may be maintained of those also in the register of works.

3. With reference to your proposal to defer the adjustment of the Indirect Charges till completion of the Job, to save clerical labor, there is no need to do this as the per centages are 20 and 25 per-cent which can easily be calculated on the monthly outlay and charged off at once.

Copy of letter from the Executive Engineer Kistna Northern Division to the Examiner P.W.Accounts Madras No.604 M dated 16th July 1896.

Reference No.1731 dated 17.6.96.

In reply to the above I have the honour to make the fellowing remarks.

2. Your proposals are based on the supposition that a register of works is to be maintained, the schedules showing only the items on which expenditure has been incurred. No works register has been maintained or is proposed to be maintained in the shops, the proposed schedule form giving all the necessary information. The argument that clerical labor will be saved therefore falls to the ground.

3. Were the method proposed by you adopted the shops alone would have complete information as regards total expenditure on each Job and thereby one of the objects of the proposed alteration (viz that indenting officers should have ready information of the expenditure to date on any Job) would disappear.

4. With regard to deferring the adjustment of inderect charges until completion of a Job, Deferring adjustment will save clerical labor, because on most Jobs the expenditure is incurred in a number of months (say for instance three) it obviously saves clerical labor to do one calculation (however simple) instead of three.

5. For the foregoing reasons and those given in my original letter No.86 S.E. dated 12th May 1896 to the Superintending Engineer 2nd Circle I prefer the form as proposed by me to the arrangements suggested by you.

OFFICE NOTE No. 2303 D/A

To

W.

Your office note No.2403 C.dated 2nd.June 1896.

As the Executive Engineer wished to adjust the expenditure incurred on jobs in the Bezwada Workshops every month, the additions to Govt. of India Form No.W 7 sanctioned in G.O No.94 W.dated 15th.January 1895 and the modifications again proposed by him were not required, I therefore placed myself in correspondence with the Executive Engineer, and forward herewith copies of my letter No.1731 D/A dated 17th.June 1896 and his No.604 M.dated 16th.July 1896 with the following remarks:-

(1) The Executive Engineer's proposal to adjust the expenditure on jobs monthly may be approved of.

(2) The Register of Works for all jobs costing over Rs.200 should be opened out at once as required by Code II, I, 172 - For jobs costing under Rs.200 each, either of

the suggestions made in para 2 of my letter No.1731 D/A dated 17th. June 1896 may be adopted.

(3) As the Register of Works will afford all the information regarding expenditure on jobs, and as there should be no balances outstanding at the end of each month, the information given in columns 3, 8, 9, 12, 13 and 14 of Form No. W. 7 submitted by the Executive Engineer for approval will not be required, and if these columns are omitted, the form will be the same as Govt. of India Form No. W 7 which should be brought into use.

(4) With reference to para 3 of Executive Engineer's No. 604 M. dated 16th. July 1896 - Indenting Officers would be debited each month with the expenditure incurred and be in a position to tell the amount expended on a job to end of the previous month.

(5) With reference to para 4 of Executive Engineer's No. 604 M. dated 16th. July 1896. The indirect charges are easily calculated viz at $\frac{1}{4}$ or $\frac{1}{5}$ of the monthly direct charges, there will therefore not be much clerical labour on this account if it is done monthly and debited to the Indenting Officer with the other charges instead of on the completion of the job.

G.O., No. 715, Public, dated 26th August 1889.

Abstract.—Communicating to all heads of departments G.O., No. 715, Pension, dated 23rd September 1872, stating that the mere existence of such a disease as leprosy is a disqualification for the public service and that the medical certificate in the form submitted was a substantial compliance with the requirements of the Pension Code.

2307 W
12-9-94

G.O., No. 609, Public, dated 18th August 1894.

Abstract.—Circulating rules relating to medical and vaccination certificates:—

Rule 6.—Commissioned Medical officers holding Presidency appointments or in charge of districts or civil stations and Uncovenanted officers holding appointments as District Medical and Sanitary Officers are, with the exceptions noted below, alone authorised to grant certificates of unfitness for further service. Such certificates should not be granted by Assistant Surgeons except when in independent medical charge of districts, nor by warrant medical officers, civil apothecaries or hospital assistants except to public servants whose pay is below Rs. 50 and who cannot conveniently appear before a Commissioned Medical Officer or a District Medical and Sanitary Officer.

Read—also the following paper:—

From F. C. HARRISON, Esq., Officiating Accountant-General to the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 14th April 1896, No. 7-I.A.E.

With reference to G.O., No. 715, dated the 26th of August 1889, communicating to all heads of departments G.O., No. 715, Pension, dated 23rd September 1872, in which it is ruled that an officer of Government suffering from leprosy need not be called upon to produce medical certificate in the form prescribed in the Civil Service Regulations in support of his retirement from the public service, I have the honour respectfully to observe that the ruling is opposed to Article 491 (*a*) of the Civil Service Regulations which lays down that the medical certificate should be in the form prescribed therein. The ruling therefore requires confirmation of the Government of India. When a medical officer, after examining an applicant for pension or gratuity, has formed an opinion that the applicant is suffering from leprosy and that he is therefore unfit for further service, I think the certificate might be drawn up in the usual form.

2. I further beg to point out that, in the concluding part of Rule 6 printed at page 6 of G.O., No. 609, Public, dated 18th August 1894, it is ruled that, in the case of public servants whose pay is below Rs. 50 a month and who cannot conveniently appear before a Commissioned Medical Officer or a District Medical and Sanitary Officer, a certificate of incapacity for further service, signed by a warrant medical officer, civil apothecary or by a hospital assistant, may be accepted. This ruling also is opposed to Article 486 (*d*) of the Regulations, under which only a commissioned officer or a medical officer in charge of a civil station can grant such a certificate. I therefore respectfully request that Government will be pleased in this respect to reconsider the Government orders quoted above or submit them to the Government of India for confirmation.

Order—No. 767, Public, dated 24th July 1896.

G.O., No. 715, Pension, dated 23rd September 1872, merely authorised the acceptance of the medical certificate granted on that particular occasion and laid down the general principle that, in cases of leprosy, medical officers need not hesitate to grant invaliding certificates in the form prescribed by the regulations in force for the time being.

2. No. 6 of the rules appended to G.O., No. 609, Public, dated 18th August 1894, will be cancelled and reconstructed as follows :—
