No. 137 D 8-5-96

In continuation of my No. 360 dated 5th May 1896 on the Sanitation of Anantapur town, I have the honor to invite your attention to Paras 11, 14 and 15 of G. O. No. 1173 L. dated 25th June 1896, wherein it is stated that Anantapur possesses the lowest total death rate of any municipality in the Presidency, and also the lowest death rate in the special diseases of fevers and dysentery and diarrhoea. It is surely unnecessary to contemplate the expenditure of large sums of money

in

in improving the Sanitation of a town which can shew such statistics as these — or that the time of this Department should be occupied in investigating and reporting thereon.
