With reference to orders of Government against item 40(b) of Provincial Objectionable Item Statement for February 1896, Communicated with your Endorsement No 231 dated 25th inst, I have the honor to report as follows:-

The old Commisariat Office at Calicut is vacant since June 1893. at the request of the Commandant, Malabar Volunteer Rifles permission was given, in this Office No 135 dated 7th February 1894 (copy of which was sent with Provincial Objectionable Item Statement for February 1896) for the band of the Corps to practice in the verandah of the building, on condition that it be given up, if required for any other purpose. The building is not occupied by the Corps, but as it is conveniently situated in the town for the bandmen they are allowed to practice there for two hours in the mornings instead of having to walk to the armoury and drill place of the Corps, which is some distance away. Under these circumstances, I do not think it necessary to obtain the sanction of the Government of

of India to this arrangement. If however, the local
Government still consider it objectionable, the
Commandant Malabar Volunteer Rifles will be
asked to make his own arrangements for a place
for band practice.

I have the honor to be
Sir,
Your most obt. Servant

G. P. Carlos

Executive Engineer.
