ORDER—No. 2527 W., dated 28th August 1896.

The return will be forwarded to the Government of India.

2. Under G.O., No. 2530 W., dated 14th October 1895, the return due from the Superintending Engineer, I Circle, should have reached the General Superintendent, Public Works Stores, by the 15th July 1896. The former officer will explain the delay in the submission of his return till 10th August 1896.

3. The attention of the Superintending Engineers concerned is drawn to paragraph 3 of the Examiner's office-note above recorded.

4. The information called for in paragraph 2 of G.O., No. 704 W., dated 13th March 1894, has not been appended to the statement, and the General Superintendent, Public Works Stores, will explain the omission without delay. If there were no transactions of the kind in question, the fact should have been reported.

[Here enter No. 2528 W., dated 28th August 1896.]

(True Extract.)

Under Secretary to Government.

H. E. No.

H.E.No. 2528 W., dated 28 August 1896

To

The Secretary to the
Government of India,
P.W. Dept.

Sir,

With reference to para 23, Appendix X, Volume II, P.W. Code, I am directed to forward the return of expenditure on stores in this Presidency for the year 1895-96. The reasons for sanctioning the local purchase of articles of European manufacture are, in each case, explained.

2. The information required by the note to para 23, Appendix X, Vol. II, P.W. Code, and referred to in your letter No. 380 M., dated 11th December 1893, has not been appended to the statement. This will now be called for and forwarded on receipt.

I have &c.

(4)	T iron	Rs. 1187	G.O.No.15 W.of 6th, January 1896

Reference to P. W. D. Code.

Chap. X, para. 82.

1. A return in this form should be prepared by each Province or State Railway so as to reach the Government of India in the Public Works Department not later than the 31st August of each year. It is intended merely to be a return of stores received or rehashed, as the case may be, and need not necessarily be filed with the books of the departmental account officers, but should be complete for the Province or Railway to which it

The statement is in three parts, viz.—

(a). European stores obtained through the Secretary of State.

(b). European stores specially purchased in India.

(c). Articles manufactured in India, or of Indian origin substituted for stores hitherto imported through the Secretary of State.

3. In the case of stores manufactured in Europe and obtained through the Secretary of State, no details are required; the articles should be grouped under a few main headings, in the manner indicated in the first column of the form, and the total value only should be given against each heading. In the case of articles of European manufacture purchased in India, as well as in the case of articles of Indian manufacture substituted for articles previously obtained from England, details must be given of the different kind of articles included under each main heading. The purchases of European articles in the local market being restricted to special cases, the items should not be numerous, and therefore no separate major headings have been laid down for them. They should be shown under appropriate headings in the prescribed column of the statement. As regards articles manufactured in India, purchased in lieu of stores hitherto imported, it is necessary that a uniform classification under major headings should be adopted, in view to the compilation ultimately of an abstract statement; for this purpose, in preparing this statement, the classification given in the two lists (1) articles in ordinary use in the Public Works Department that are made in India and (2) articles in ordinary use in the Public Works Department that are not manufactured in India, but which can be made in India on special orders at a higher price—vide appendix O, should be followed as closely as possible.

4. The statement should include articles of importance only, that is to say, articles of which the consumption is considerable; petty articles, as well as stores which have been invariably obtained in India, should be excluded. The major headings should invariably be arranged in the order given in the lists. Any articles not falling under one of the prescribed major headings, but which may have been received from England or purchased in the local market in considerable quantity, should be separately entered; but no articles of which the aggregate value purchased or received during the year does not exceed Rs. 1,000 should be so entered.

5. When the statement includes European stores which have been purchased in India under para. 3 of the rules for the supply of European stores, the reason as to the necessity for adopting this course, instead of obtaining the stores by indent from England, should be fully explained in those cases where each of the items exceeds Rs. 1,000 in value.

(1) The Executive Engineer Godavari Eastern by whom the oil was purchased states that it is of American manufacture and was purchased locally for use of locks and weirs in the Delta, that sanction of Government for the local purchase was obtained at the instance of the Engineer of P.W. Accounts. The oil required for 1896-97 has been included in the same indent for the year.

(243) The circumstances under which the iron was purchased now sanction of Government for the purchase communicated. The Executive Engineer Krishna Southern has been requested to communicate the sanction direct to the Engineer of P.W. Accounts.

(41) Sanctioned in L.O. No. 2936 of 16 November 1895.

(546) These were not procurable in the P.W. Stores and were required for immediate use in the P.W. Workshops for execution of orders. Local purchase was

This is not clear. The question is whether articles of iron & steel must be manufactured in India or purchased from India.

was sanctioned by Government.

N.B. The statements received from the different circles and Divisions show that no stores manufactured in India were purchased and substituted for those originally received through the India office.

The delay in preparation of this return is due to non-receipt of Return from the S.B. 1st Circle which was received on the 10th Instant.

17th August 1896.
