READ—the following papers:—

Endorsement in the Public Department on letter from the Surgeon-General with the Government of Madras, dated 8th February 1896, No. 204.

From Surgeon-Colonel D. F. BATEMAN, Acting Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated 3rd August 1896, No. 346.

I have the honour, with reference to paragraph 2 of G.O., No. 204, Public, dated the 8th February 1896, to forward, for the early sanction of Government, the accompanying plan and estimate, amounting to Rs. 6,300, for altering the linen room in the General Hospital into quarters for Native paying patients.

2. In my letter No. 555, dated the 2nd December 1895, the cost of the work, as roughly estimated by the Consulting Architect to Government, was given as Rs. 5,335, but the detailed estimates now framed by him amount to Rs. 6,300. Probably, provision for petty supervision, contingencies, &c., was not made in the rough estimate.

No. 1616, Public.

Approved and transferred to the Public Works Department.

NOTE BY TECHNICAL SECTION.
on order for work submitted by 17/8/96

Name of work. Altering the linen room in the
General Hospital into quarters for Native
paying patients.
Amount of estimate Rs 6,300.

With reference to this office memo
No. 1633C dated 23rd March 1896, the
Consulting Architect submitted
through the Public Dept. an estimate
with plan, amounting to Rs
6,300, for altering the linen room
in the General Hospital into quarters
for Native paying patients.
An estimate amounting to Rs
5,335, for the same work was submitted
in this office vide T's
memo dated 20th March 1896 on
Current No. 1373, item (a). This
estimate was returned to C.A. for
scrutiny & counter-signature of
appeared in the memo, under
reference to the C.A. has slightly
revised it with reference to
the following points:-
(a) The width of the right-hand
verandah which was originally
proposed as 6 feet is now increased
to 10 feet.

(b) A narrow wooden staircase with radiating steps, as might be seen in pencil, near the rear wall was originally proposed, but the estimate under review provides for a staircase $4\frac{1}{2}$ feet wide with a landing midway at rear wall, so as to allow of patients laid on stretchers being easily carried to the first floor.

(c) The original or first estimate provided for only 2 bath rooms each $9'6" \times 6'$ common to 3 patients but the present estimate provides for 3 bath rooms each $9' \times 6'$ one for each patient.

(d) The present estimate provides for a masonry drain around the building at a cost of Rs. 113. This was omitted in the first estimate.

The above deviations & alterations have necessitated an increase of Rs. 965 hence the difference in figures quoted in the Surgeon-General's letter to which he refers is due to the provision of contingencies & petty supervision.

The materials of construction are the same as those detailed in the first estimate.

The scantlings for roof timbers are correct to the rates as far as can be examined are fair.

The estimate is in order.
